Beyond the Epic Gene D. Phillips, 2006-11-24 Two time Academy Award winner Sir David Lean 1908 1991 was one of the most prominent directors of the twentieth century responsible for the classics *The Bridge on the River Kwai* 1957 *Lawrence of Arabia* 1962 and *Doctor Zhivago* 1965 British born Lean asserted himself in Hollywood as a major filmmaker with his epic storytelling and panoramic visions of history but he started out as a talented film editor and director in Great Britain As a result he brought an art house mentality to blockbuster films Combining elements of biography and film criticism *Beyond the Epic The Life and Films of David Lean* uses screenplays and production histories to assess Lean s body of work Author Gene D Phillips interviews actors who worked with Lean and directors who knew him and their comments reveal new details about the director s life and career Phillips also explores Lean s lesser studied films such as *The Passionate Friends* 1949 *Hobson s Choice* 1954 and *Summertime* 1955 The result is an in depth examination of the director in cultural historical and cinematic contexts Lean s approach to filmmaking was far different than that of many of his contemporaries He chose his films carefully and as a result directed only sixteen films in a period of more than forty years Those films however have become

some of the landmarks of motion picture history Lean is best known for his epics but Phillips also focuses on Lean's successful adaptations of famous works of literature including retellings of plays such as *Brief Encounter* 1945 and novels such as *Great Expectations* 1946 *Oliver Twist* 1948 and *A Passage to India* 1984 From expansive studies of war and strife to some of literature's greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision Few directors can match Lean's ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean's epics to reveal this unifying characteristic in the director's body of work *Beyond the Epic* is a vital assessment of a great director's artistic process and his place in the film industry *A History of the Screenplay* S. Price, 2013-11-26 The screenplay is currently the focus of extensive critical re-evaluation however as yet there has been no comprehensive study of its historical development International in scope and placing emphasis on the development and variety of screenplay texts themselves this book will be an important and innovative addition to the current literature **Acting for Film** Cathy Haase, 2012-01-30 Aspiring film and television actors will discover exercises for relaxing the face to achieve maximum expressiveness maintaining proper eye focus in front of the camera and conveying the beats of a scene even in the shortest takes They'll also learn tested techniques for adapting to the styles of different directors modulating voice and breath for maximum effect preparing for the first day on the set enduring multiple takes and on the set waiting and much much more For any performer who intends to make a living in front of the camera *Acting for Film* is the most authoritative resource
