Jones, 2017-02-16 In the morning while it was still very dark he got up and went out to a deserted place and there he prayed Mark 1 35 Jesus taught by his words and actions He went by himself to pray when he was tired when faced with upcoming trying events or when he just wanted to be alone in the presence of his Lord He gave us guidance about what to pray how to pray and why to pray and was very familiar with the Hebrew Scriptures Thus if we want to become Jesus disciple

we should follow his model and invest time and emotional energy into prayer Bible study and reflection Nourishment For The Spiritual Pilgrimage provides an aid for those who want to participate in the spiritual pilgrimage of becoming a lifelong disciple of Jesus Christ It offers insight and support for those who daily want to turn their hearts souls and minds to God s will in their lives as they strive to help in bringing about God s kingdom in this present time There are countless other devotionals but hopefully this can offer something that many of the others may not a specific focus on the concept of discipleship

Hellfire and Destruction Paul Marston,2023-12-13 To those of us who believe in the inspiration and authority of the Bible it must surely be a concern to know what it says will happen to the millions around us some of whom we love dearly who die without repentance or faith Does Scripture teach that at the last judgment those who remain unrepentant will be consigned to an unending existence of torment without hope Is that truly what Jesus and his apostles believed and taught This book presents basic evidence that what they really taught was that the final judgmental end for such people will be destruction taking its obvious meaning that they will cease to exist as conscious individuals The arguments are not complex because most of the New Testament writers make plain statements to this effect The book also looks at those parables and Revelation passages sometimes taken to indicate unending torment It links with academic works that in increasing numbers are making the same points but the book is not a contribution to academic scholarship Rather it is a careful readable and accessible account to challenge pastors church leaders and Christians generally to consider what the Bible actually says rather than rely on tradition
