Church-going, Going, Gone! Michael Horan, 2015-05-11 In Church going Going Gone Michael Horan argues that although the Christian church in Britain may be in terminal decline that is not to be equated with a national decline in spiritual values Most if not all people have some level of awareness of what he calls the Other than oneself even though they have rejected or

never accepted the church's now outdated teaching Church going Going Gone is concerned less with teaching than with learning The book provides atheists agnostics and believers in exile as well as those who have given little thought to belief with a framework for collaborating as learners working toward equality peace and reconciliation and dedicated to unselfish and imaginative social action A new movement of the human spirit is beginning Horn Book Index, 1924-1989 Serenna F.
