Edgar Cayce's ESP Are Membership Series:

Edgar Cayce's ESP Kevin J. Todeschi, 2008-08-14 One of the most remarkable stories of the twentieth century about one of the most incredible men who ever lived Edgar Cayce a Kentucky farm boy whose psychic powers healed thousands touched countless lives and inspired the dawn of the New Age For more than forty years Edgar Cayce 1877 1945 the sleeping prophet regularly exhibited an astonishing psychic ability From an altered state he was able to read minds and souls diagnose thousands of illnesses successfully prescribe remedies see into the past and the future and tap into a source of universal knowledge where such information resides a source Cayce said is available to us all For anyone who has heard of Edgar Cayce and his name is familiar to millions here is a concise reliable immensely readable introduction to his life work and message In *Edgar Cayce's ESP* his story is told by writer Kevin Todeschi an authority on Cayce's work and the director of the popular educational organization Cayce founded the Association for Research and Enlightenment Drawing upon more than 14 000 case histories and readings Todeschi presents a wealth of proof of Cayce's psychic abilities and the effects they had on the lives of his contemporaries Todeschi focuses especially on the character of the modest generous Cayce himself a man who started out in life as a sensitive Bible reading Kentucky farm boy and who grew up to become an unlikely prophet of the New Age and the most famous psychic in American history *Edgar Cayce on Soul Mates* Kevin J. Todeschi, 1999 Is there really such a thing as soul mates According to Edgar Cayce yes But his definition of soul mates twin souls and perfect partners may differ from what you're expecting For decades Cayce provided thousands of individuals with insights into the nature of their personal relationships the dynamics of soul attraction and the universal laws at work that draw individuals together What is unique about Todeschi's book is that it explores the development of relationships over time played out within the framework of reincarnation In addition to discussing soul mate relationships their connection to the cyclic pattern of reincarnation and the nature of loneliness this book looks at the fundamentals of soul attraction and provides contemporary examples of the same principles discussed by Cayce ***Edgar Cayce in Context* K. Paul Johnson, 2016-03-22** Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings Cayce's medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce's ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs This is the

first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective *Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment* John Weldon, 2013-02-09 Edgar Cayce 1877 1945 was one of the most famous trance mediums in the world and the best known psychic in America's history. Not commonly placed under those occult classifications, he is commonly referred to in a more soothing category as the sleeping prophet. Through entering a self-induced hypnotic trance, he produced over 14,300 health and spiritual readings, one of the largest psychic libraries in history, allegedly from his unconscious mind and/or the supposed akashic records. Uniquely, he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine. His influence has extended to millions of people. This book takes a critical look at the life, readings, and health/spiritual impact of Edgar Cayce. It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground. Ironically, this is the very thing Cayce himself had worried about in reference to the readings.

The Essential Edgar Cayce Mark Thurston, 2004-07-08 A complete guide to the work of the remarkable twentieth-century seer Edgar Cayce, featuring Cayce's most intriguing and influential readings and a biographical introduction to his life. Edgar Cayce is one of the most mysterious men of the twentieth century. Sometimes called The Sleeping Prophet, he was prone to pick up taglines that reflected the sensationalistic side of his work rather than its real depth and meaning. The core of his life's work was actually being an intuitive healer and Christian mystic. More than one hundred books have been written about his teachings and his life story. Yet no book has combined insightful commentary with lengthy verbatim selections of the full range of his contribution to holistic healing, practical spirituality, and the psychology of the soul. *The Essential Edgar Cayce* gives the reader an understanding of each major area in which Cayce helped pioneer the modern holistic living movement as well as the contemporary popular approach to spirituality that weaves together the best of Eastern and Western religious traditions. The book's substantial introduction frames Cayce and his life's work and is followed by eight topical sections in which commentaries by Mark Thurston guide the reader through some of the seer's most significant readings. Here is a truly integral portrait of the life and work of one of the twentieth century's most fascinating spiritual figures.

Life and Death Harvey A. Green, 1998 **Edgar Cayce Guide to Gemstones, Minerals, Metals, and More** Shelley Kaehr, 2005-10 The psychic readings of Edgar Cayce contained insightful information about the properties and value of a variety of gems, stones, minerals, and other elements. Author Shelley Kaehr, Ph.D., whose own background included the study of gemstones, examines this material by delving into the history and makeup of these magical substances so often mentioned by Cayce. In her book, Kaehr shares with us the wonders of the mineral kingdom and how and why each stone or mineral is different and reacts differently to various people. Includes an intuitive self-discovery process to finding out which of these powerful minerals works best for you.
