Eschatology And The Hermeneutics Thereof:

Eschatology and the Hermeneutics Thereof Gerald W. Elliott, 2002-03 I have written this book to help the average Christian understand Eschatology The future will be revealed according to the Bible and prophecies authored thousands of years will be understood in this book A brief education given in this book will help Christians understand end time theology and how hermeneutics should be interpreted

The Restoration of the Jews: Early Modern Hermeneutics, Eschatology, and National Identity in the Works of Thomas Brightman Andrew Crome, 2014-05-07 This book offers the first detailed examination of the life and works of biblical commentator Thomas Brightman 1562-1607 analysing his influential eschatological commentaries and their impact on both conservative and radical writers in early modern England It examines in detail the hermeneutic strategies used by Brightman and argues that his method centred on the dual axes of a Jewish restoration to Palestine and the construction of a strong English national identity This book suggests that Brightman's use of conservative modes of literal exegesis led him to new interpretations which had a major impact on early modern English eschatology A radically historicised mode of exegesis sought to provide interpretations of the Old Testament that would have made sense to their original readers leading Brightman and those who followed him to argue for the physical restoration of the Jews to the Holy Land In doing so the standard Reformed identification of Old Testament Israel with elect Christians was denied This book traces the evolution of the controversial idea that Israel and the church both had separate unfulfilled scriptural promises in early modern England and shows how early modern exegetes sought to re-construct a distinctly English Christian identity through reading their nation into prophecy In examining Brightman's hermeneutic strategies and their influence this book argues for important links between a literal hermeneutic ideas of Jewish restoration and national identity construction in early modern England Its central arguments will be of interest to all those researching the history of biblical interpretation the role of religion in constructing national identity and the background to the later development of Christian Zionism This important study provides a new examination of Thomas Brightman's hermeneutical method particularly his ideas on the restoration of the Jews The author's thorough analysis of Brightman's approach also has more general and wider implications for understanding the development of English apocalyptic interpretation into the later seventeenth century Dr Warren Johnston Associate Professor of History Algoma University Andrew Crome's ground breaking study of Thomas Brightman offers a new and sometimes surprising account of the development of millennial thinking in and beyond early modern England This masterly account demonstrates the extent to which an emerging Zionism supported an emerging English nationalism while outlining the historical roots of some of the most important of contemporary geopolitical themes Professor Crawford Gribben Professor of Early Modern British History Queen's University Belfast This important study provides a new examination of Thomas Brightman's hermeneutical method particularly his ideas on the restoration of the Jews The author's thorough analysis of Brightman's approach also has more general and wider implications for

understanding the development of English apocalyptic interpretation into the later seventeenth century Dr Warren Johnston Associate Professor of History Algoma University *Unto the Mountain Pass* Chris S. Sherrerd, 2003 Eschatological Hermeneutics Daniel Minch, 2018-09-20 Eschatology is the foundation for exploring Edward Schillebeeckx's work Daniel Minch provides an in depth analysis of his hermeneutical theology informed by access to original texts previously unavailable in English He examines the historical and doctrinal origins of his methodology hermeneutics as human experience and the continuing relevance of the approach for today's socio economic context Today economics drives our predictions for the future But Minch shows that Schillebeeckx's work reminds us of a new image of humanity as well as a new image of God part of the Catholic shift to a future oriented theology of hope that took place after the Second Vatican Council These resist both economic logic and fundamentalist views of God and history that have become pervasive in popular notions of Christianity

The Oxford Handbook of Eschatology Jerry L. Walls Professor of Philosophy of Religion Asbury Theological Seminary, 2007-10-31 Eschatology is the study of the last things death judgment the afterlife and the end of the world Through centuries of Christian thought from the early Church fathers through the Middle Ages and the Reformation these issues were of the utmost importance In other religions too eschatological concerns were central After the Enlightenment though many religious thinkers began to downplay the importance of eschatology which in light of rationalism came to be seen as something of an embarrassment The twentieth century however saw the rise of phenomena that placed eschatology back at the forefront of religious thought From the rapid expansion of fundamentalist forms of Christianity with their focus on the end times to the proliferation of apocalyptic new religious movements to the recent and very public debates about suicide martyrdom and paradise in Islam interest in eschatology is once again on the rise In addition to its popular resurgence in recent years some of the world's most important theologians have returned eschatology to its former position of prominence The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives biblical historical theological philosophical and cultural This volume will be the primary resource for students scholars and others interested in questions of our ultimate existence Hope in Barth's Eschatology John C. McDowell, 2017-11-22 This title was first published in 2000 Hope in Barth's Eschatology presents a critical investigation and survey of Karl Barth's writings particularly his Church Dogmatics IV 3 in order to locate the character and nature of hope within Barth's eschatology Arguing that Barth with his form of hope that refuses to shy away from the dark themes of the tragic vision could be seen to undermine certain tragic sensibilities necessary for a healthy account of hope John McDowell locates Barth within the context of larger traditions of theological thinking and influential accounts of Christian hope examining the work of Steiner MacKinnon Pannenberg Rahner Moltmann and others Addressing the relative neglect that Barth commentators have paid to eschatological themes McDowell maintains that to miss what Barth is doing in his eschatology is to seriously misunderstand Barth's broader theological sense This book offers a significant

contribution to the ongoing task of understanding Barth's theology whilst developing a way of reading hope and eschatology that ultimately places some critical questions at Barth's door Biblical Eschatology Jeong Koo Jeon, 2021-10-01 Jeon's Biblical Eschatology explores the pattern of covenant eschatology demonstrated and revealed in the Bible throughout redemptive history. In a sense it is a revolutionary method to freshly examine and look at the entire redemptive history from the perspective of covenant eschatology because the Bible itself is the covenantal canon. Readers will marvel at how the author unpacks the pictorial pattern of covenant eschatology progressively revealed in the Bible. As we live in the Global Mission Age under the grace of God it is vitally important and necessary to have a proper view of eschatology. Jeon's book will guide believers to a biblically balanced understanding of eschatology and properly equip them with a biblical covenantal and eschatological worldview to live their lives for the glory of God actively participating in the Global Mission under the guidance of the Holy Spirit as we eagerly wait for the second coming of Jesus Christ **Covenant and Eschatology**

Michael Scott Horton, 2002-01-01 In this innovative work in theological method and hermeneutics Michael S Horton uses the motif of the covenant as a way of binding together God's word and God's act. Seeking an integration of theological method with the content of Christian theology Horton emphasizes God's covenant as God's way of working for redemption in the world. Horton maintains a substantial dialogue with important philosophical figures and Christian theologians ultimately providing scholars and serious students a significant model for approaching and understanding Christian theology Hope and Community Veli-Matti Karkkainen, 2017-10-23 The culmination of Karkkainen's multivolume magnum opus. This fifth and final volume of Veli-Matti Karkkainen's ambitious five volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths: Judaism, Islam, Buddhism and Hinduism. In Part One of the book Karkkainen discusses eschatology in the contexts of world faiths and natural sciences including physical, cosmological and neuroscientific theories. In Part Two on ecclesiology he adopts a deeply ecumenical approach. His proposal for greater Christian unity includes the various dimensions of the church's missional existence and a robust dialogical witness to other faith communities **Eternity in Time** Peter C. Phan, 1988 *The Eschatology of the Gospels* Ernst von Dobschütz, 1910

Anthony C Thiselton and the Grammar of Hermeneutics Robert Knowles, 2014-07-08 A provisional and preliminary attempt to show how the formative hermeneutical thinking of Anthony C Thiselton once systematized and critiqued can begin to resolve the major problems found in the discipline of hermeneutics today, most notably its varying disunities: theoretical, practical and inter-disciplinary. This book aims to show that the formative thinking of Anthony C Thiselton provides valuable insights for a programmatic construction towards a unified hermeneutical theory. This construction provides powerful keys for unlocking six contemporary problems in hermeneutics: disorganization, complexity, abstraction, theoretical disunity, on several levels, inter-disciplinary polarization and irresponsible interpretation. Robert Knowles' exhaustive analysis engages

critically and creatively **Journal of Latin American Theology, Volume 15, Number 2** Lindy Scott, 2020-12-08 This issue of the Journal of Latin American Theology addresses several themes we continue our up to date analysis of Christianity in each country in Latin America we examine how a Christian community in Central America is responding to the COVID 19 pandemic and we celebrate the life and ministry of Juan Stam a giant of a man and an essential member of the FTL who passed into the presence of the Lord on October 16 2020 Leopoldo Cervantes Ortiz reviews Juan Stam's more than seven decades of teaching writing and mentorship while Stam's daughter and editor Rebeca Stam offers a more intimate look at his later life Luis Carlos Marrero Chasbar helps us understand the complex interplay of the varieties of Christianity in Cuba then David Lopez discusses how religious persecution has shaped Protestant involvement in the current political arena in Colombia Tomas Gutierrez describes the evangelical church in Peru with an eye toward the impact of the coronavirus in the country and Heidi Michelson and the sisters and brothers of Casa Adobe in Costa Rica share how they walk with God and serve their neighbors in the midst of the pandemic This volume closes with two samples of theopoetry that reflect on different aspects of the Christian faith in quarantine and a book review of David Kirkpatrick's *A Gospel for the Poor* *Hebrews and Hermeneutics* Graham Hughes, 2004-12-23 This book offers a thesis about the interests underlying the Epistle Dr Hughes argues that the major concern of the author has been to achieve a theological understanding of the relationship between the now outmoded forms and institutions of Old Testament worship and those of the distinctively new yet not unrelated Christian faith in which he now finds himself *The Cambridge Companion to Karl Rahner* Declan Marmion, Mary E. Hines, 2005-06-16 Karl Rahner 1904-84 was one of the most significant theological voices of the twentieth century For many his theology has come to symbolise the Catholic Church's entry into modernity Part of his enduring appeal lies in his ability to reflect on a whole variety of issues in theology and spirituality and concentrate this plurality into a few basic convictions This Cambridge Companion provides an accessible introduction to the main themes of Rahner's work Written by an international array of experts it will be of interest to both students and scholars alike Each chapter serves as a guide to its topic and recommends further reading for additional study The contributors also assess Rahner's significance for contemporary theology by bringing his thought into dialogue with many current concerns including religious pluralism spirituality postmodernism ecumenism ethics and developments in political and feminist theologies **The Spirit of Atonement** Steven M. Studebaker, 2021-01-14 Steven M Studebaker proposes a Pentecostal approach to a major Christian doctrine the atonement The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism evangelical atonement theology to articulate its experience of the Holy Spirit as well as the Pneumatological nature of Pentecostal praxis He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to re

imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology creation and Christology in the biblical narrative of redemption It gives theological expression to not only the pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories Hymns, Homilies and Hermeneutics in Byzantium ,2020-11-09 The essays in Hymns Homilies and Hermeneutics explore the literature of Byzantine liturgical communities and provide a window into lived Christianity in this period The liturgical performance of Christian hymns and sermons creatively engaged the faithful in biblical exegesis invited them to experience theology in song and shaped their identity These sacred stories affective scripts and salvific songs were the literature of a liturgical community hymns and sermons were heard and in some cases sung by lay and monastic Christians throughout the life of Byzantium In the field of Byzantine studies there is a growing appreciation of the importance of liturgical texts for understanding the many facets of Byzantine Christianity we are in the midst of a liturgical turn This book is a timely contribution to the emerging scholarship illuminating the intersection between liturgical hymns homiletics and hermeneutics Looking Into the Future David Weston Baker,2001 Stay current on eschatological issues in theology biblical studies and ethics with these essays from leading evangelical scholars **And I Turned to See the Voice ()** Edith M. Humphrey,2007-11-01 Vision reports in the New Testament Stephen s vision at his stoning Paul s experience in the third heaven John s apocalyptic visions on the isle of Patmos pull readers and listeners into a dramatic and dynamic thought world Author Edith M Humphrey takes a literary rhetorical approach to examine how word and image work together in understanding vision reports demonstrating how biblical visions convey and reinforce messages that deeply affect readers Visions Humphrey believes have not only been seen and heard but also can be transmitted as more than teaching And I Turned to See the Voice uncovers a fascinating combination of beauty potency and mystery behind New Testament vision accounts **THE ECUMENICAL IMPERATIVE AND FORMATION OF ECUMENICAL CONSCIOUSNESS AMONG PASTORAL WORKERS** SEBASTIAN CHUKWUMA ANOKWULU,2013-09 The idea of the Church as the instrument of unity had existed before Second Vatican Council but the Council made the search for unity explicitly an imperative From the Second Vatican Council emerged a more emphatic vision of the mission of the Church to the world in which ecumenism is no longer an option but an imperative From the time of the Council onward every Christian should positively respond to God s question to Cain Where is your brother Gen 4 9 The ecumenical imperative is primarily the responsibility of pastoral workers The book surveys in epochs the historical changes that has occurred in the Church up to Vatican II reviews reception along the ages of the Church pointing to the uniqueness of Vatican II and gives through biblical exegesis of conversion a fresh understanding that will help pastoral workers to be ever

conscious and ready to serve as Church's instrument of unity wherever they are This book re awakens the spirit of the Decree on Ecumenism Unitatis Redintegratio offering it to be properly received by all who pray with Christ for unity Jn 17 21 It proposes pastoral suggestions on the practice of Ecumenism
