Espacio Económico Europeo El:

Los cimientos de los Estados Unidos de Europa José Pascual Ruiz Maciá, 2007 Después de dos grandes guerras y múltiples desencuentros que arruinaron y asolaron la práctica totalidad del territorio europeo la idea de la cooperación y puesta en común de los intereses económicos sirvió para alejar definitivamente las galopadas apocalípticas. Con la creación el 23 de julio de 1952 de la Comunidad Económica del Carbón y el Acero CECA hoy desaparecida se daba inicio a una nueva Torre de Babel económica que lejos de sufrir como la Babel bíblica el castigo de la confusión de lenguas y la posterior dispersión de sus moradores estos persiguen un proceso hacia unión política una vez alcanzada la integración económica y monetaria. El objetivo de la Babel económica europea ha sido el de contribuir a construir y garantizar la paz la democracia y las libertades. Mercurio dios del comercio sustituye a Marte dios de la guerra. A los países fundadores tras los éxitos iniciales y siguientes del proyecto europeo se les han ido incorporando tras sucesivas ampliaciones Reino Unido Dinamarca e Irlanda en 1973 Grecia en 1981 España y Portugal en 1986 Austria Suecia y Finlandia en 1995. Tras la desaparición de la URSS 1989 y desde 1998 la Unión Europea abrió la posibilidad a nuevas adhesiones de los países de la Europa central y oriental dependiendo de su evolución política y económica. Para tratar de facilitar la ampliación de la UE a estos nuevos países el Tratado de Niza 2001 llevó a cabo la reforma de las instituciones comunitarias Consejo Europeo Comisión Europea y Parlamento Europeo para dar cabida hasta un total de 12 nuevos países.

El espacio económico europeo Gerold Ambrosius, 2001 Gerold Ambrosius describe en detalle el largo proceso de la integración política y económica de Europa. No se ocupa tan sólo de resoluciones y convenios sino también de los conflictos de intereses que se dirimen entre bastidores. El autor presenta la laboriosa transformación de la idea de Europa en el terreno político económico entre la visión política y el regateo mezquino entre la teoría económica y la lucha por el poder económico. La nueva colección Historia de Europa preparada y editada inicialmente por S. Fischer Verlag Alemania invita al descubrimiento de Europa y ofrece desde muy diferentes perspectivas un nuevo panorama histórico europeo desde la Antigüedad hasta el presente. Los distintos volúmenes sucintos y de fácil lectura se dirigen a un público amplio que valore tanto una información objetiva como una clara exposición.

Acuerdo sobre elEEE (Espacio Económico Europeo), 1992 **Nueva Sociedad Y Derecho Del Trabajo** Raquel Aguilera Izquierdo, 2004 Desde la prevención de riesgos que ha de situarse en el centro del derecho de trabajo las responsabilidades de la empresa en materia de inmigración pasando por la siempre costosa también en términos sociales alternativa de la prejubilación la conciliación de la vida familiar y laboral de las personas trabajadoras asignatura pendiente para alcanzar la igualdad real entre hombres y mujeres todo ello sin olvidar a la familia que ocupa una posición singular en el derecho de la seguridad social son tratados en esta obra.

Manual de organismos internacionales Uldaricio Figueroa Pla, 1989 **Derecho administrativo europeo** Mario P. Chiti, 2023-11-29 Los temas examinados en este libro son muy recientes y todavía discutidos. No faltan de hecho voces críticas de la posibilidad de configurar un Derecho administrativo europeo. De un lado se considera que el Derecho administrativo es ineluctablemente

conectado a la dimensión jurídico institucional del Estado y por tanto no tenga razón de ser fuera del mismo de otro se sostiene que los caracteres peculiares de la Comunidad Europea excluyen que exista una administración comunitaria y una normativa propia asimilable al Derecho administrativo En realidad hace ya tiempo que el Estado no es ya una comunidad perfecta y se ha convertido en parte de un complejo mundo de relaciones multipolares Este fenómeno no es propiamente de algunos Estados sino que acompaña a todos ellos como una característica general de la segunda mitad del siglo XX si bien aparece particularmente acentuado en el contexto comunitario y de la Unión Europea La Comunidad a su vez ha tenido un desarrollo original cuyo rasgo más significativo a nuestros fines es el dato de la individualización de los particulares como sujetos del ordenamiento jurídico comunitario La acción de la Comunidad y de la Unión no está centrada en regular las relaciones de los Estados miembros sino que asegura a todos los sujetos incluidos personas físicas y jurídicas las condiciones para un pleno desarrollo de sus propias oportunidades La Administración y su Derecho son un instrumento esencial para perseguir las responsabilidades asumidas tal como nos hemos dado cuenta apenas no superada la fase estrechamente constitucional de la elaboración de los principios que traen al nuevo sistema y de la posición que ocupaban en el mismo los sujetos públicos y privados Las etapas citadas se han producido gradualmente y de forma poco evidente Inicialmente dominaban los principios de la ejecución indirecta de las políticas comunitarias a través de las administraciones nacionales de la limitación de los poderes comunitarios según el criterio de las competencias de atribución y de la conmixción de las funciones públicas comunitarias La sucesiva extensión de las políticas comunitarias ha superado de hecho el criterio de la ejecución indirecta ya sea porque con tal fin las administraciones nacionales actúan según el derecho comunitario y en la realización de los intereses decididos por la Comunidad ya sea por la progresiva creación de una administración directa e indirecta de la Comunidad que si bien no es extensa en su estructura y en su personal está dotada de poderes relevantes También las funciones públicas comunitarias se han ido progresivamente precisando aun manteniendo una feliz unidad de conjunto los mismos jueces comunitarios hablan ya de funciones y de actos normativos y administrativos con distintos caracteres Mario P
