La historiografía francesa del siglo XX y su acogida en España Benoît Pellistrandi,2002 Hasta hace poco determinante

para la afirmación de una ciencia histórica española autónoma la influencia de la historiografía francesa ha retrocedido de manera progresiva hasta parecer a veces secundaria La presente obra recoge las contribuciones de historiadores franceses y españoles que han reflexionado conjuntamente sobre la significación de esta impronta francesa De esta manera se dibuja una verdadera cartografía de la influencia francesa en España con sus límites y envites evocando a toda una comunidad de historiadores de Febvre a Furet y de Braudel a Vilar Este libro pretende reflejar una retrospectiva de la historiografía francesa en clave española Los debates planteados aquí dan un repaso a las herramientas metodológicas propuestas por los franceses y adaptadas según las necesidades de la propia historia española por los historiadores españoles Además estos cuestionamientos sobre los métodos de investigación y el estatus del historiador revelan las preocupaciones actuales de sociedades cuya memoria histórica se transforma requiriendo sin duda una redefinición si no de la profesión del historiador de su función intelectual y social
