scholarly examination in itself Blanke was particularly interested in how planned languages related to ethnic languages how the artificiality of say Esperanto extended to indeed was synonymous with the artfulness of ethnic language and how planned language could solve taxonomic and terminological problems Humphrey Tonkin **Esperanto the Universal Language** Ludwik Lazar Zamenhof, 2014-02-21 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The below data was compiled from various identification fields in the bibliographic record of this title This data is provided as an additional tool in helping to ensure edition identification Esperanto The Universal Language The Student s Complete Text Book Containing Full Grammar Exercises Conversations Commercial Letters And Two Vocabularies Ludwik Lazar Zamenhof John Charles O Connor John Charles O Connor Fleming H Revell Company 1903 Foreign Language Study English as a Second Language Esperanto Foreign Language Study English as a Second Language The Bible in the World ,1912
