Essays in Honour of Conyers Read Conyers Read, Norton Downs, 1953

**Essays in Honor of Conyers Read**, 1953

**Confucian China and its Modern Fate** Joseph R. Levenson, 2013-11-05 First published in 1958 These volumes analyze modern Chinese history and its inner process from the pre western plateau of Confucianism to the communist triumph in the context of many themes science art philosophy religion and economic political and social change Volume One includes The critique of Idealism Science and Ching empiricism The Ming style in society and art Confucianism and the end of the Taoist connection Eclecticism in the area of native Chinese choices Ti and Yung The Chin Wen School and the classical sanction The modern Ku Wen opposition to Chin Wen reformism The role of nationalism Communism Western powers and Chinese revolutions Language change and the problem of continuity

*The Cradle King* Alan Stewart, 2014-03-11 As the son of Mary Queen of Scots born into her bloody nest James had the most precarious of childhoods Even before his birth his life was threatened it was rumored that his father Henry had tried to make the pregnant Mary miscarry by forcing her to witness the assassination of her supposed lover David Riccio By the time James was a one year old Henry was murdered possibly with the connivance of his mother Mary was in exile in England and he was King of Scotland By the age of five he had experienced three different regents as the ancient dynasties of Scotland battled for power and made him a virtual prisoner in Stirling Castle In fact James did not set foot outside the confines of Stirling until he was eleven when he took control of the country But even with power in his hands he would never feel safe For the rest of his life he could be caught up in bitter struggles between the warring political and religious factions who fought for control over his mind and body Biographer Alan Stewart reveals all of this and more in *The Cradle King The Life of James VI and I the First Monarch of a United Great Britain*

**Alternatives to Appeasement** Andrew David Stedman, 2014-12-16 Neville Chamberlain's policy of appeasing Hitler's Germany has been widely condemned However historians and politicians have been divided about the viability of alternative courses of action Andrew David Stedman here charts the origins development and viability of the various alternatives to Chamberlain's policy of appeasement Using a wide range of sources many previously unpublished he provides a fascinating study of British foreign policy before World War II surveying the main advocates of the other strategies available and outlining the complexities of each rival option Providing a valuable new contribution to appeasement historiography this is the first work to offer a comprehensive synthesis of all the alternatives available to Chamberlain as well as to illuminate the policy debate within Government itself Stedman provides a unique analysis of how realistic Chamberlain deemed each policy to be as well as a bold assessment of strengths and weaknesses Stedman asserts that it was understandable that Chamberlain rejected the other policies he had available to him and that contrary to popular belief Chamberlain did in fact consider and explore each alternative as part of his wider strategy and his foreign policy often contained elements of the rival options Ultimately this book shows that none of the alternatives would have maintained a lasting peace in the troubled

conditions of the 1930s Although some might have affected the favourability timing and circumstances of conflict war could not have been avoided given the rapid rise of Hitler and Nazi Germany Also contributing to debates on the use of appeasement in the modern world this book will be essential reading for historians of World War II and the twentieth century as well as scholars of International Relations      **Malevolent Nurture** Deborah Willis,2018-05-31 In Malevolent Nurture Deborah Willis explores the dynamics of witchcraft accusation through legal documents pamphlet literature religious tracts and the plays of Shakespeare      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1954 Includes Part 1A Number 1 Books January June and Part 1B Number 1 Pamphlets Serials and Contributions to Periodicals January June      The Witch-Hunt in Early Modern Europe Brian P. Levack,2015-09-25 The Witch Hunt in Early Modern Europe now in its fourth edition is the perfect resource for both students and scholars of the witch hunts written by one of the leading names in the field For those starting out in their studies of witch beliefs and witchcraft trials Brian Levack provides a concise survey of this complex and fascinating topic while for more seasoned scholars the scholarship is brought right up to date This new edition includes the most recent research on children gender male witches and demonic possession as well as broadening the exploration of the geographical distribution of witch prosecutions to include recent work on regions cities and kingdoms enabling students to identify comparisons between countries Now fully integrated with Brian Levack s The Witchcraft Sourcebook there are links to the sourcebook throughout the text pointing students towards key primary sources to aid them in their studies The two books are drawn together on a new companion website with supplementary materials for those wishing to advance their studies including an extensive guide to further reading a chronology of the history of witchcraft and an interactive map to show the geographical spread of witch hunts and witch trials across Europe and North America A long standing favourite with students and lecturers alike this new edition of The Witch Hunt in Early Modern Europe will be essential reading for those embarking on or looking to advance their studies of the history of witchcraft      Witchcraft in Early Modern Scotland Lawrence Normand,Gareth Roberts,2022-03-23 This volume provides a valuable introduction to the key concepts of witchcraft and demonology through a detailed study of one of the best known and most notorious episodes of Scottish history the North Berwick witch hunt in which King James was involved as alleged victim interrogator judge and demonologist It provides hitherto unpublished and inaccessible material from the legal documentation of the trials in a way that makes the material fully comprehensible as well as full texts of the pamphlet News from Scotland and James Demonology all in a readable modernised scholarly form Full introductory sections and supporting notes provide information about the contexts needed to understand the texts court politics social history and culture religious changes law and the workings of the court and the history of witchcraft prosecutions in Scotland before 1590 The book also brings to bear on this material current scholarship on the history of European witchcraft      British Economic and Social History R. C. Richardson,William Henry Chaloner,1996      **Scottish National Consciousness in the**

**Age of James VI** Arthur Williamson,2003-11-24 This book deals with the problem of Scottish identity within the British context in the sixteenth and seventeenth centuries On James VI s succession to the English throne in 1603 the Scots were troubled at the prospect of Scotland s nationhood being absorbed by a supremely confident and intolerant England Their strategic response was to develop a self conscious attention to Scotland s past The non institutionalised nature of Scottish society made it difficult for the Scots to produce a long and respectable history to vie with England s much vaunted and impressive pedigree The idea that the Scots seized on to define and validate their identity was that of the covenant with God and this had profound and far reaching results This original and stimulating book provides a valuable contribution to the understanding of the processes of secularisation in early modern Europe and indicates the significant ways in which the Scottish experience differed from that of England It therefore provides a useful corrective to an Anglocentric interpretation of Britain

**Monsters, Sorcerers, and Witches of Northwestern Europe** Letizia Vezzosi ,2025-04-30 This volume presents the first results of the PRIN 2022 research project involving the universities of Siena Turin Naples L Orientale and Florence It examines how otherness was constructed in non canonical vernacular texts addressed to popular audiences in Northwestern Europe from the late Middle Ages to the early modern period The essays explore how theological and demonological ideas were absorbed and reshaped through exempla street literature chronicles and sermons often featuring magical wondrous or witch like figures Special attention is given to the gendered portrayal of women and to the interplay between elite and popular discourses in shaping perceptions of marginality

**The Journal of economic history** ,1954  
**Witchcraft and Inquisition in Early Modern Venice** Jonathan Seitz,2011-08-08 In early modern Europe ideas about nature God demons and occult forces were inextricably connected and much ink and blood was spilled in arguments over the characteristics and boundaries of nature and the supernatural Seitz uses records of Inquisition witchcraft trials in Venice to uncover how individuals across society from servants to aristocrats understood these two fundamental categories Others have examined this issue from the points of view of religious history the history of science and medicine or the history of witchcraft alone but this work brings these sub fields together to illuminate comprehensively the complex forces shaping early modern beliefs

*Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York

Public Library. Research Libraries,1979 [Witchcraft in Early Modern Europe](#) Jonathan Barry,Marianne Hester,Gareth Roberts,1996 This important collection brings together both established figures and new researchers to offer fresh perspectives on the ever controversial subject of the history of witchcraft Using Keith Thomas s *Religion and the Decline of Magic* as a starting point the contributors explore the changes of the last twenty five years in the understanding of early modern witchcraft and suggest new approaches especially concerning the cultural dimensions of the subject Witchcraft cases must be understood as power struggles over gender and ideology as well as social relationships with a crucial role played by alternative representations Witchcraft was always a contested idea never fully established in early modern culture but much

harder to dislodge than has usually been assumed The essays are European in scope with examples from Germany France and the Spanish expansion into the New World as well as a strong core of English material      **China's Search for Modernity** He Ping,2002-06-18 Twenty years after a return from fundamentalism to economic reality China has become the world s tenth largest economy and an increasingly important global power Despite the rise of fundamentalism and post modernism the pursuit of modernity was an ongoing historical movement in late twentieth century China He Ping focuses on China s quest for and experience of modernity Implicitly comparative the author discusses broad aspects of both Chinese and western civilizations including their scientific traditions and socio economic structures with reference to modernization He seeks to enhance our understanding of the cultural changes behind China s phenomenal rise and provides a fresh case study for the global cultural discourse      Confucian China and Its Modern Fate Joseph Richmond Levenson,1968      **Catalog of Printed Books of the Folger Shakespeare Library, Washington, D.C.** Folger Shakespeare Library,1970      **Book Review Digest** ,1956
