The Cambridge Social History of Britain, 1750-1950 F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians they have had no difficulty in finding their subject The difficulty rather is that an outpouring of research and writing is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of topical monographic research and presented an interpretation of the development of modern British society since 1750 from three perspectives those of regional communities the working and living environment and social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change

The Spanish Civil War and the British Left Lewis Mates, 2007-12-19 Was the British left's support for the anti Franco cause the most outstanding example of international solidarity in British history Here Lewis Mates considers this claim and argues that support for the anti Franco cause was varied and multi faceted He analyses the Aid Spain movement activities undertaken at grassroots level in support of the Spanish Republic He explores the nature of grassroots support its extent and depth the motivations of activists the institutions they operated through and importantly the role and impact of ideas on activism Those within the British Left who did not embrace the Republic's cause are also examined as are the consequences of these divisions for the labour movement at its different levels from grassroots to national Mates provides new perspectives on an important period of twentieth century British history contributing to debates about the nature of the British left grassroots activism and popular political engagement in a contradictory epoch
