Other Minds Thomas Nagel, 1995-07-27 Over the past twenty five years Thomas Nagel has played a major role in the philosophico biological debate on subjectivity and consciousness This extensive collection of published essays and reviews offers Nagel s opinionated views on the philosophy of mind epistemology and political philosophy as well as on fellow philosophers like Freud Wittgenstein Rawls Dennett Chomsky Searle Nozick Dworkin and MacIntyre *Essays on Other Minds* Thomas O. Buford, 1990 **Essays on Other Minds** Thomas O. Buford, 1970 *Other Minds* Thomas Nagel, 1999

Over the past twenty five years Thomas Nagel has played a major role in the philosophico biological debate on subjectivity and consciousness This extensive collection of published essays and reviews offers Nagel s opinionated views on the philosophy of mind epistemology and political philosophy as well as on fellow philosophers like Freud Wittgenstein Rawls Dennett Chomsky Searle Nozick Dworkin and MacIntyre **The Thirteen Pragmatisms and Other Essays** Arthur O. Lovejoy, 2019-12-01 Originally published in 1963 The essays in this volume are critical and with one exception directed against the philosophic movement of pragmatism The Thirteen Pragmatisms is an exercise in logical analysis and is a challenge to a group of philosophers who have taken on a collective name to show how their apparent diversities are to be reconciled Few philosophers would call themselves orthodox followers of this train of thought so these essays can be studied without a sense of personal injury that deadens the critical faculty and obscures insight In The Thirteen Pragmatisms and Other Essays logical technique is on display the author s keenness in spotting double meanings and his ability to rephrase them in univalent form This collection of essays should afford students of philosophy a set of cases in which they need not take sides but which give them an analytical method they can practice themselves on contemporary issues The fact that these essays are on the whole critical gives them a heuristic value that dogmatic or expository essays would not have Other Minds Anita Avramides, 2000-12-21 How do we know whether there are other minds besides our own The problem of other minds raises many questions which are at the root of all philosophical investigations how it is we know what is the mind and can we be certain about any of our beliefs In this compelling analysis of other minds Anita Avramides traces the question from the Ancient Sceptics through to Descartes Malebranche Locke Berkeley Reid and Wittgenstein The second part of the book explores the views of influential contemporary philosophers such as Strawson Davidson Nagel and Searle Other Minds provides a clear insightful introduction to one of the most important problems in philosophy It will prove invaluable to all students of philosophy Wittgenstein on Other Minds Constantine Sandis, 2025-03-11 The book brings together Constantine Sandis s essays on Wittgenstein s approach to understanding others Sandis sketches a picture of how his anti scepticism with regard to the philosophical problem of other minds is not only compatible with but also supported by his scepticism concerning the real life difficulty of understanding others and being understood by them While each individual essay focuses on particular issues in Wittgenstein including philosophical anthropology interpersonal psychology and animal

concepts they collectively paint a picture of what he takes the real problem of other minds to be how to overcome it and the limitations of our understanding Sandis not only offers a fresh exegesis of Wittgenstein s public and private writings on these matters but proceeds to show the relevance of Wittgenstein beyond the academy **Knowing Other Minds** Anita Avramides,Matthew Parrott,2019 How do we acquire knowledge of the thoughts and feelings of others Knowing Other Minds brings together ten original essays that address various questions in philosophy and in empirical cognitive science which arise from our everyday social interaction with other people Essays on medicine, being an investigation of homoeopathy and other medical system William Sharp,1874 **The Western Ideology and Other Essays** Andrew Gamble,2021-04-28 The Western Ideology brings together for the first time Andrew Gamble s writings on political ideas and ideologies which illustrate the main themes of his writing in intellectual history and the history of ideas including economic liberalism and neoliberalism and critiques from both social democratic and conservative perspectives *Other Minds* Bertram F. Malle,Sara D. Hodges,2007-01-08 Leading scholars from psychology neuroscience and philosophy present theories and findings on understanding how individuals infer such complex mental states as beliefs desires intentions and emotions *Essays on the Powers of the Human Mind* Thomas Reid,1812 Essays on Descartes' Meditations Amélie Rorty,1986-01-22 The essays in this volume form a commentary on Descartes Meditations Following the sequence of the meditational stages the authors analyze the function of each stage in transforming the reader to realize his essential nature as a rational inquirer capable of scientific demonstrable knowledge of the world There are essays on the genre of meditational writing on the implications of the opening cathartic section of the book on Descartes theory of perception and his use of skeptical arguments essays on the theory of ideas and their role of Descartes reconstructive analytic method essays on the proofs for the existence of God on the role of the will in the formation and malformation of judgments and the essays on the foundations of the science of extension and on Descartes account of the union of mind and body **Other Minds** Alec Hyslop,2013-03-09 This book has been a long time in the making Other issues have taken me away from it from time to extended time But I kept coming back to the problem of other minds It has remained a great issue it is much contested still and it is after all elose to us all I like believing that the time taken has deepened my understanding of the problem and how it is to be handled Other people some by disagreeing vehemently have helped greatly I mention in particular Brian Ellis Robert Fox Graeme Marshali Tim Oakley Ray Pinkerton and Robert Young Robert Pargetter argued with me and kept insisting that I write this book John Bigelow Michael Bradley Keith Campbell Frank Jackson and William Lycan assisted by reading an earlier version and providing valued comments Frank Jackson has been specially helpful not just on this topic He can be blamed for initially causing me to take the analogical inference seriously Tbe La Trobe Philosophy Department has been a good place to do philosophy I am grateful to Suzanne Hayster Sandra Paul and Betty Pritchard for struggling at various times with various recalcitrant manuscripts Most particularly I thank Gai Larkin She has seen the project through with considerably more than
