Essays and Addresses on Economic Questions (1865-1893) George Joachim Goschen, 1905 *Essays and addresses on economic questions 1865-1893* George J. Goschen, 1983 *Essays and Addresses on Economic Questions (1865-1893)* George Joachim Goschen, 2015-06-25 Excerpt from *Essays and Addresses on Economic Questions 1865 1893 With Introductory Notes 1905* The collection of *Essays and Addresses* contained in this volume may be described with sufficient accuracy as *On Economic Questions* for they treat of banking currency commercial crises the distribution of trade profits the effects of joint stock enterprise of Laissez faire and Government interference and cognate topics all of which have interest for the economic student but they were not composed from the point of view of a trained and scientific economist To the latter title I have never been able to lay a claim Throughout my treatment of this class of subject I have regarded them from the standpoint of a practical man of business or of a public servant anxious to inquire into financial economic and social facts with a view to their bearing on matters of administration or legislation rather than as an exponent of systems of Political Economy or as the adherent of any special school of thought I have given more study to the examination and classification of facts than to the investigation of the more abstruse problems of political economy and it has been on the analysis of complicated phenomena that I have bestowed most attention in my excursions into the domain of economics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Essays and Addresses on Economic Questions** George Joachim Goschen, 1999-01-01 This Elibron Classics title is a reprint of the original edition published by Edward Arnold in London 1905 *Essays and Addresses on Economic Questions (1865-1893) with Introductory Notes (1905)* Viscount George Joachim Goschen Goschen, 2016-05-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or
