Modern Catholic Social Teaching Kenneth R. Himes, 2018-01-02 Including contributions from twenty two leading moral theologians this volume is the most thorough assessment of modern Roman Catholic social teaching available In addition to interrogations of the major documents it provides insight into the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era which is generally accepted as beginning in 1891 with the publication of Pope Leo XIII's *Rerum Novarum* The book also includes a review of how Catholic social teaching has been received in the United States and offers an informed look at the shortcomings and questions that future generations must address This second edition includes revised and updated essays as well as two new commentaries one on Pope Benedict XVI's encyclical *Caritas in Veritate* and one on Pope Francis's encyclical *Laudato Si* An outstanding reference work for anyone interested in studying and understanding the key documents that make up the central corpus of modern Catholic social teaching

Taking Faith Seriously Mary Jo. Bane, Brent. Coffin, Richard Higgins, 2009-06-30 Whether simply uneasy or downright hostile the relation between religion and liberal democracy in this country has long been vexed and complex and crucial to what America is and aspires to be Amid increasingly contentious exchanges over fundamentalism abortion rights secularism and pluralism this book reminds us of the critical role that religion plays in the health and well being of a democracy

Catholic Social Learning Roger C. Bergman, 2011 The canon for Catholic social teaching spreads to six hundred pages yet fewer than two pages are devoted to Catholic social learning or pedagogy In this long needed book Roger Bergman begins to correct that gross imbalance He asks How do we educate lead out the faith that does justice How is commitment to social justice provoked and sustained over a lifetime To address these questions Bergman weaves what he has learned from thirty years as a faith that does justice educator with the best of current scholarship and historical authorities He reflects on personal experience the experience of Church leaders lay activists and university students and the few words the tradition itself has to say about a pedagogy for justice Catholic Social Learning explores the foundations of this pedagogy demonstrates its practical applications and illuminates why and how it is fundamental to Catholic higher education Part I identifies personal encounters with the poor and marginalized as key to stimulating a hunger and thirst for justice Part II presents three applications of Catholic social learning cross cultural immersion as illustrated by Creighton University's Semestre Dominicano program community based service learning and the teaching of moral exemplars such as Dorothy Day Rev Martin Luther King Jr and Archbishop Oscar Romero Part III then elucidates how a pedagogy for justice applies to the traditional liberal educational mission of the Catholic university and how it can be put into action Catholic Social Learning is both a valuable practical resource for Christian educators and an important step forward in the development of a transformative pedagogy

Beyond Ritual Siobhán Garrigan, 2017-03-02 In Beyond Ritual Siobhan Garrigan uses Habermas's theory of communicative action to suggest two things first a method by which theology can access the ritual symbols by which faith is formed and secondly a metaphor of intersubjectivity with which theology can propose an interpretative rather than an instrumental understanding of sacramentality and thus of God Through fieldwork studies of both marginal and mainstream Christian Eucharists Garrigan develops the conversation between Habermas's philosophy and Christian theology showing how ritual interactions form and challenge our very idea of God

Rethinking Justice in Catholic Social Thought Daniel K. Finn, 2025-06-02 A reinterpretation of justice in Catholic social thought as a lived experience of communal life Catholic social thought is a living tradition Insights into justice that are centuries old still apply but they need to be reexamined in light of historical developments such as democracy global markets feminism the preferential option for the

poor environmental challenges and the shift of Christianity's growth to the Global South *Rethinking Justice in Catholic Social Thought* invites the reader to engage insights on justice from a range of cultural religious and intellectual traditions from African Hindu and Buddhist to Scholastic liberal Latin American and Scriptural The result is an understanding of justice as a lived experience of communal life that entails freedom and dignity for all and equitable access to the common goods of the community This volume will help the reader develop a conception of justice that is coherent comprehensive faithful to the tradition responsive to the best contemporary insights suitable for confronting pressing injustices and clear enough to be accessible to nonexperts **Culture Wars**, 2001 Let Justice Sing Paul Westermeyer, 1998 *LET JUSTICE SING* begins with a survey that shows how justice is an urgent concern of recent hymn writers To discover if twentieth century Christians are the first to sing about justice past hymnic repertoires from the psalms to African American hymns are analyzed along with a couple related excursions The broader context for hymnody is then addressed especially in relation to worship art sentimentality and culture A final chapter suggests that Christians have always sung about justice that the message transcends the messengers that the most potent singing about justice keeps the whole Christian song intact and that removing justice from the whole loses it The book falls into three parts content context and the importance of justice within the warp and woof of hymnody Living Bread, Saving Cup R. Kevin Seasoltz, 1982 The articles on Eucharistic liturgy given here are reprinted from the pages of *Worship* magazine This expanded edition of the 1982 printing includes three additional essays *Justice and the Eucharist* by R Kevin Seasoltz *O S B Stipends and Eucharistic Praxis* by M Francis Mannion and *Stipends in the New Code of Canon Law* by John M Huels O S M Rehearsing God's Just Kingdom Stephen S. Wilbricht, 2013 In the course of a teaching and writing career cut too short Mark Searle 1941 1992 provided a worthy contribution to the study of liturgy The breadth of his liturgical interests and his desire to integrate a wide range of academic areas with the study of liturgy mark this scholar as a gifted thinker and author arguably a pioneer In *Rehearsing God's Just Kingdom* Stephen S Wilbricht explores Searle's basic conviction that liturgy represents rehearses and forms in its participants the essential commitments of the Christian community Searle called for the church's liturgy to be embraced as a rehearsal that is performed over and over again and again until it is practiced perfectly in the kingdom of heaven In an age when so much depends on instant gratification and in which institutional commitment is often held in contempt Searle's thinking provides an avenue for liturgical renewal that hinges upon a respect for and trust in ritual forms and behavior Still Hungry at the Feast Samuel Torvend, 2019-01-21 In *Still Hungry at the Feast* Episcopal priest and professor Samuel Torvend invites readers to expand their experience and understanding of the Mass the Holy Eucharist as more than a personal encounter with the risen Christ Drawing on recent Jesus research the long history of eucharistic reflection among Christians and contemporary commitments to economic justice *Still Hungry at the Feast* invokes the integral relationship between eucharistic practice and eucharistic mission Here the ecumenical pattern and meaning of the Mass opens toward

care for our wounded creation solidarity with the poor and outcast keeping the fast and recovering a eucharistic economy
Lectionary references will assist those charged with liturgical preparation while preachers and catechists will find guidance in the eucharistic homilies that conclude the book *Locating the Social in Social Justice* Joseph Martin Palacios,2001

Hopeful Realism in Urban Ministry Barry K. Morris,2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another's literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy
