

This barabara is from Okee Bay, Umnak Island. The barabara shows the transition from the original Aleut style barabara with the entrance at the top to the modernized version with the door on the side and a window added for light. There is also a smoke stack for the stove. The barabara was built and used by Dan Krukoff and the photograph is apparently from the late 1970's or early 1980's. The barabara, which was located away from the village of Nikolski, was used for subsistence hunting and fishing.
