A Fractal Epistemology for a Scientific Psychology Terry Marks-Tarlow,Yakov Shapiro,Katthe P. Wolf,Harris L. Friedman,2020-01-06 Fractal dynamics provide an unparalleled tool for understanding the evolution of natural complexity throughout physical biological and psychological realms This book s conceptual framework helps to reconcile several persistent dichotomies in the natural sciences including mind brain linear nonlinear subjective objective and even personal transpersonal processes A fractal approach is especially useful when applied to recursive processes of consciousness both within their ordinary and anomalous manifestations This novel way to study the interconnection of seemingly divided wholes encompasses multiple dimensions of experience and being It brings together experts in diverse fields neuropsychologists psychiatrists physicists physiologists psychoanalysts mathematicians and professors of religion and music composition to demonstrate the value of fractals as model method and metaphor within psychology and related social and physical sciences The result is a new perspective for understanding what has often been dismissed as too subjective idiosyncratic and ineffably beyond the scope of science bringing these areas back into a natural scientific framework

Language Teacher Education for a Global Society B. Kumaravadivelu,2012-05-22 The field of second foreign language teacher education is calling out for a coherent and comprehensive framework for teacher preparation in these times of accelerating economic cultural and educational globalization Responding to this call this book introduces a state of the art model for developing prospective and practicing teachers into strategic thinkers exploratory researchers and transformative teachers The model includes five modules Knowing Analyzing Recognizing Doing and Seeing KARDS Its goal is to help teachers understand how to build a viable professional personal and procedural knowledge base how to analyze learner needs motivation and autonomy how to recognize their own identities beliefs and values how to do teaching theorizing and

dialogizing and how to see their own teaching acts from learner teacher and observer perspectives Providing a scaffold for building a holistic understanding of what happens in the language classroom this model eventually enables teachers to theorize what they practice and practice what they theorize With its strong scholarly foundation and its supporting reflective tasks and exploratory projects this book is immensely useful for students practicing teachers teacher educators and educational researchers who are interested in exploring the complexity of language teacher education

Interpretations of the Bhagavad-Gita and Images of the Hindu Tradition Catherine A. Robinson, 2014-02-04 The Bhagavad Gita is probably the most popular and certainly the most frequently quoted and widely studied work of the Hindu scriptures This book investigates the relationship between the various interpretations of the Bhagavad Gita and the Hindu tradition Taking into account a range of influential Indian and western thinkers to illustrate trends in writing about the Bhagavad Gita including Western academic Indian activist Christian theological Hindu universalist perennialist mystical and contemporary experiential accounts Examining the ideas of such influential figures as F Max Muller M K Gandhi Bede Griffiths Swami Vivekananda Aldous Huxley and Swami Bhakivedanta this book demonstrates the inextricable link between different interpretations of the Bhagavad Gita and images of the Hindu tradition This accessible book aptly demonstrates the relevance of the Bhagavad Gita for an understanding of Hinduism as a modern phenomenon

The Psychology of Slow Living Elliot Cohen, 2024-11-04 This fascinating book explores the concept of slow living offering a philosophical and psychological exploration of the need for a slower pace of life It advocates for reclaiming and rediscovering more natural and human ways of being In a digital age which is dominated by an increasingly tyrannical trinity of speed efficiency and productivity the author challenges the pernicious ideal of instant gratification perpetuated by modern consumer culture This book examines alternative ways of being through re examining the Wisdom Traditions of Hinduism Buddhism Daoism and Judaism through an ongoing and engaging dialogue with psychology and psychotherapy including insights from environmental psychology ecopsychology and cyberpsychology The book argues against the trend for personal responsibility adaptability and resilience and the idea that stress is the new normal Instead it proposes a radical shift in paradigm promoting not for collectively rising up and overthrowing this system but for communally sitting down and reimagining The Psychology of Slow Living is a unique exploration of the benefits of the slow living movement and taps into contemporary debates around the way we should be living our lives making it an ideal resource for students and academics in psychology philosophy and the social sciences as well as individuals interested in alternative lifestyles and spirituality

Sophos Ontology Lee Irwin, 2024-01-04 Sophos Ontology On Post Traditional Spirituality discusses religious plurality and post traditional perspectives on emergent forms of sacred sensibility particularly for those identifying as spiritual but not religious This book is divided into three parts The first part is a retrospective account of multiple religious traditions with emphasis on esoteric thought as influenced by mystical writings covering western eastern and Native American traditions The second part

discusses the need for a new conceptualization of the sacred as expressed through multiple spiritual perspectives relevant to a pansentient post traditional process ontology Other topics in this section include the importance of an ethically shaped spirituality collective influences dreams imagination and the role of pluralism in shaping beliefs Part three explores the role of faith redefined as spiritual commitment mysticism as direct experiential knowledge and transpersonal theory influenced by comparative studies in altered states of consciousness paranormal research and the metaphysics of discovery all contributing to the development of present and future spirituality
