Circular and Booksellers' Record ,1916 **The Way That Lives in the Heart** Jean Elizabeth DeBernardi,2006 The Way That Lives in the Heart is a richly detailed ethnographic analysis of the practice of Chinese religion in the modern multicultural Southeast Asian city of Penang Malaysia The book conveys both an understanding of shared religious practices and orientations and a sense of how individual men and women imagine represent and transform popular religious practices within the time and space of their own lives This work is original in three ways First the author investigates Penang Chinese religious practice as a total field of religious practice suggesting ways in which the religious culture including spirit mediumship has been transformed in the conjuncture with modernity Second the book emphasizes the way in which socially marginal spirit mediums use a religious anti language and unique religious rituals to set themselves apart from mainstream society Third the study investigates Penang Chinese religion as the product of a specific history rather than presenting an overgeneralized overview that claims to represent a single Chinese religion **The Trail of Time** Silvio A. Bedini,1994-03-24 A scholarly study of the role of the incense timekeeper in early Chinese history *Folklore of China and Its Affinities with That of the Aryan and Semitic Races* N. B. Dennys,2014-03 This Is A New Release Of The Original 1876 Edition **Primates Face to Face** Agustín Fuentes,Linda D. Wolfe,2002-01-17 As our closest evolutionary relatives nonhuman primates are integral elements in our mythologies diets and scientific paradigms yet most species now face an uncertain future through exploitation for the pet and bushmeat trades as well as progressive habitat loss New information about disease transmission dietary and economic linkage and the continuing international focus on conservation and primate research have created a surge of interest in primates and focus on the diverse interaction of human and nonhuman primates has become an important component in primatological and ethnographic studies By examining the diverse and fascinating range of relationships between humans and other primates and how this plays a critical role in conservation practice and programs *Primates Face to Face* disseminates the information gained from the anthropological study of nonhuman primates to the wider academic and non academic world **Apparitions at the Moment of Death** Daniel Bourke,2024-12-03 Explains the phenomenon of crisis apparitions visions of loved ones that are experienced simultaneously with their deaths even at great distances Examines a wide range of sources including history literature folklore theology and contemporary culture that demonstrate the timelessness and ubiquity of these ghostly encounters Presents hundreds of vivid accounts of crisis apparitions many never before compiled in a single volume Since ancient times people from nearly every culture and corner of the world have experienced visions of loved ones that coincided with their faraway deaths These otherworldly synchronicities known as crisis apparitions are not rare in fact they have always been a part of our collective experience blurring the lines between our knowledge of life and our beliefs about the afterlife In this work of spiritual scholarship academic researcher Daniel Bourke explores the moment of death from a deeply illuminating perspective giving readers unprecedented access to mystifying corners of paranormal study From the temples of ancient Egypt to the hospital rooms of

the twenty first century from the works of Homer to the monks of the Middle Ages from the saint to the shaman Bourke examines the crisis apparition and the phenomena of the living ghost in legend lyric and lore demonstrating their universal nature for the first time He shares profound accounts from a wide range of sources including history literature folklore theology and contemporary culture to reveal how widespread these ghostly encounters are throughout the ages In demonstrating how these remarkable encounters with living ghosts aren't fearsome experiences but leave the recipient full of healing and hope this book offers insight into how the beloved dead seem to communicate and the intertwined nature of humanity in this world and the next
