Actas do Congreso internacional de estudos sobre Rosalía de Castro e o seu tempo Consello da Cultura Galega, 1986
Actas Con Int Rosalía de Castro e o seu tempo v 1 **Rosalía de Castro** Shelley Stevens, 1986 **The Radical Insufficiency of Human Life** Aileen Dever, 2000-01-01 The postromantic works of the Spaniard Rosalía de Castro and the Colombian José Asunción Silva are indispensable in any anthology of 19th century Spanish and Latin American poetry However they found few appreciative readers during their lifetimes even while displaying two of the most sincere voices of the day Dever's book is unique it is the first comparison of Castro's and Silva's poetry Their works have meaningful differences but share remarkable likenesses in theme tone and style though it is doubtful that either was aware of the other's existence Of interest to feminist critics is an interpretation of Castro's literary vocation within a patriarchal society Using the ideas of three 20th century Spanish thinkers José Ortega y Gasset Xavier Zubiri and Pedro Laín Entralgo Dever applies the concept of radical insufficiency to a comparison of the poets' works Radical insufficiency holds that humans lack a determined being and fixed course for life thus norms are not available to make the world intelligible Humans experience feelings of uncertainty and emptiness which inevitably lead to anxiety Confronted by the mystery and pathos of human life Castro and Silva both describe futile attempts to overcome this insufficiency through creation and contemplation of art human relationships and religion The significance of these writers has transcended their own time when examined in the context of Spanish and Latin American authors and thinkers who succeeded them the importance of their works will continue to grow Between the Maternal Aegis and the Abyss Michelle C. Geoffrion-Vinci, 2002 Rosalía de Castro 1837-85 wrote five volumes of poetry before succumbing to cancer of the uterus at the age of forty-eight While she is perhaps best known for her more introspective and intimate poetry Castro's mature works are also highly feminist and political in thematic orientation This book examines the fascinating system of poetic techniques Castro employs in her works to link the compelling issues surrounding femaleness and identity both national and individual to the construction of a system of gendered symbolic language that has been vastly understudied by contemporary scholars **Fodor's See It Spain** Inc. Fodor's Travel Publications, 2009 Provides information on accommodations restaurants shopping sights and transportation in Spain
Modern Spanish Literature Leslie Alec Warren, 1929 The Poetry of Antonio Machado Xon De Ros, 2015-06-25 This study offers a reappraisal of the contribution of the poet Antonio Machado to Modernism seeking to open up new perspectives for the interpretation of his poetry and includes for the first time a comparative analysis of Machado's translators into English While the book is attentive to areas of recent critical debate the argument keeps Machado's poems to the fore with new detailed readings of many of his most significant poems The reader will find that the structure of this book also allows for a separate exploration of each of Machado's main poetic tendencies One associated with the Symbolist poetics is considered in Chapter I dealing with those early poems where the sound of water acquires a rich symbolic meaning An

emphasis on the visual imagination is more prevalent in the material studied in chapters II and III with a focus on the natural landscape while the more conceptual and intellectual strand occupies Chapter IV Every individual chapter begins with a brief introduction to the theoretical ground related to the specific discussion on gender space place the sublime and translation respectively and a survey of the cultural discourses which situate the material under analysis in the original historical contexts

Spanish Women's Writing 1849-1996 Catherine Davies, 2000-12-01 Traces the tradition of Spanish women's writing from the end of the Romantic period until the present day Professor Davies places the major authors within the changing political cultural and economic context of women's lives over the past century and a half with particular attention to women's accounts of female subjectivity in relation to the Spanish nation state government politics and the women's liberation movement

Poems Rosalía de Castro, 1991-07-03 This book presents translations of poems by the Spanish poet Rosalía de Castro who is today considered one of the outstanding figures of nineteenth century Spanish literature Her poetry often compared to that of Emily Dickinson is characterized by an intimate lyricism simple diction and innovative prosody Included here are a critical introduction notes to the translations two of the poet's own autobiographical prologues that have never before been translated and over one hundred poems translated from both Gallician and Spanish The selected poems are from de Castro's most important books *Cantares gallegos* *Follas novas* and *En las orillas del Sar*

From Romanticism to Surrealism Robert Havard, 1988-01-01 The book offers an in depth critical appreciation of seven major Spanish poets Emphasis is on the modern period with five of the poets being twentieth century poets It is argued that the roots of modern poetry are to be found in Romanticism's anguished search for meaning The seven Spanish poets include Becquer Rosalía de Castro Antonio Machado Jorge Guillén Pedro Salinas García Lorca and Rafael Alberti

On the Edge of the River Sar Rosalía de Castro, 2014-10-16 This book presents the first feminist translation of Rosalía de Castro's seminal poetic anthology *En las orillas del Sar* *On the Edge of the River Sar* 1884 Rosalía de Castro 1837-1885 was

an artist of vast poetic vision Her understanding of human nature and her deep sensitivity to the injustices suffered by women and by such marginalized peoples as those of her native region Galicia are manifest in verses of universal yet rarely translated significance An outspoken proponent of both women s rights and her region s cultural and political autonomy Castro used her poetry as a vehicle through which to decry the crushing hardships both groups endured as Spain vaulted between progressive liberal and conservative reactionary political forces throughout the nineteenth century Depending upon what faction held sway in the nation at any given time during Castro s truncated literary career her works were either revered as revolutionary or reviled as heretical for the views they espoused Long after her death by uterine cancer in 1885 Castro was excluded from the pantheon of Spanish literature by Restoration society for her unorthodox views Compellingly the poet s conceptualization of the individual and the national self as informed by gender ethnicity class and language echoes contemporary scholars of cultural studies who seek to broaden present day definitions of national identity through the incorporation of precisely these same phenomena Thanks to the most recent works in Rosalian and Galician studies we are now able to recuperate and reevaluate Rosal a de Castro s poems in their original languages for the more radical symbolism and themes they foreground related to gender sexuality race and class as they inform individual and national identities However although Castro s poetic corpus is widely accessible in its original languages these important features of her verses have yet to be given voice in the small number of English translations of only a sub set of her works that have been produced in the last century As a result our understanding of Castro s potential contributions to contemporary world poetries gender studies Galician and more broadly cultural studies is woefully incomplete An English translation of Castro s works that is specifically feminist in its methodological orientation offers a unique and thought provoking means by which to fill this void

The Routledge Companion to Iberian Studies Javier Muñoz-Basols, Manuel Delgado Morales, Laura Lonsdale, 2017-03-16 This book provides a comprehensive state of the art account of the field reaffirming Iberian Studies as a dynamic and evolving discipline offering promising areas of future research It is an essential tool for research in Iberian Studies

Galicia, A Sentimental Nation Helena Miguélez-Carballeira, 2013-07-15 Galicia a non state nation in north west Spain has often been portrayed as a sentimental nation a misty land of poets and legends This book offers the first study of this trope as a feminizing colonial stereotype that has marked Galician cultural history since the late nineteenth century Through a close reading of the main texts of Galician literary history the author shows how this trope has helped sustain the unequal power relation between Galicia and the Spanish State As a consequence questions of masculinity morality and respectability have played an essential role in Galicia s national construction thereby enforcing a masculine definition and limiting the role of women This book argues for a revision of the main texts of Galician cultural nationalism through a gender and postcolonial perspective showing that contemporary portrayals of Galician history are dependent on the politically debilitating trope of Galician sentimentality

Peripheral Visions / Global Sounds José Colmeiro, 2017-06-23 Galician audio visual culture has

experienced an unprecedented period of growth following the process of political and cultural devolution in post Franco Spain This creative explosion has occurred in a productive dialogue with global currents and with considerable projection beyond the geopolitical boundaries of the nation and the state but these seismic changes are only beginning to be the subject of attention of cultural and media studies This book examines contemporary audio visual production in Galicia as privileged channels through which modern Galician cultural identities have been imagined constructed and consumed both at home and abroad The cultural redefinition of Galicia in the global age is explored through different media texts popular music cinema video which cross established boundaries and deterritorialise new border zones where tradition and modernity dissolve generating creative tensions between the urban and the rural the local and the global the real and the imagined The book aims for the deperipheralization and deterritorialization of the Galician cultural map by overcoming long established hegemonic exclusions whether based on language discipline genre gender origins or territorial demarcation while aiming to disjoin the center periphery dichotomy that has relegated Galician culture to the margins In essence it is an attempt to resituate Galicia and Galician studies out of the periphery and open them to the world

Iberian Interfaces Antonio Sáez Delgado, Santiago Pérez Isasi, 2022-01-24 This book explores a key historical moment for literary and cultural relations between Spain and Portugal Focusing on the period between 1870 and 1930 it analyses the contacts between Portuguese and Spanish writers and artists of this period showing that at least among the cultural elites there were intense and fruitful dialogues across political and linguistic borders The book presents the Iberian Peninsula as a complex and multilingual cultural polysystem in which diverse literary cultures coexist and are mutually dependent upon each other It offers a panoramic view of Iberian literary and cultural history encompassing not just Portuguese and Spanish literary productions but also Catalan Galician and Basque works Combining a clear theoretical foundation with deep historical knowledge and references to specific texts and works the book offers a thorough introduction to Iberian literature in the late nineteenth and early twentieth century

Women Poets of Spain, 1860-1990 John Chapman Wilcox, 1997 This is the first volume in English or Spanish to analyze the work of the principal women poets of Modern Spain In it John Wilcox draws on recent feminist critical theory and shows how Spanish poetry by women is not just a modern phenomenon but an ignored tradition whose roots reach back to the very beginnings of poetry of the Iberian Peninsula
