and gives you simple techniques you can perform on yourself or your children to begin to lead an allergy free life In addition there are helpful lists of foods and enzymes to correct digestive disorders such as lactose intolerance chronic heartburn irritable bowel syndrome and constipation Dr Cutler also recommends foods that support the immune system s functioning and work to alleviate such disorders as hypothyroidism hyperthyroidism fibromyalgia colitis herpes and candida This blending of Eastern and Western medicine is so easy to implement and will be hailed as a new paradigm of twenty first century medicine For the ninety million people who experience food allergies and haven t found relief in the usual approaches The Food Allergy Cure offers a revolutionary program that allows sufferers to identify and alleviate specific food sensitivities immediately Learn quick and easy methods to identify your allergies Discover how to detoxify your body Find the most effective means of eliminating food sensitivities Take a self diagnostic questionnaire to determine which specific enzymes will contribute to your optimum health     Allergy Environment Guidebook Judy Lee Bachman,1990     **Subject**
