Pascoe, 2005-08 Discusses nearly a dozen infamous hoaxes and how they came about and why people were fooled **A Colossal Hoax** Scott Tribble, 2008-12-16 In October 1869 as America stood on the brink of becoming a thoroughly modern nation workers unearthed what appeared to be a petrified ten foot giant on a remote farm in upstate New York The discovery caused a sensation Over the next several months newspapers devoted daily headlines to the story and tens of thousands of Americans including Oliver Wendell Holmes Ralph Waldo Emerson and the great showman P T Barnum flocked to see the giant on exhibition In the colossus many saw evidence that their continent and the tiny hamlet of Cardiff had ties to Biblical history American science also weighed in on the discovery and in doing so revealed its own growing pains including the shortcomings of traditional education the weaknesses of archaeological methodology as well as the vexing presence of amateurs and charlatans within its ranks A national debate ensued over the giant s origins and was played out in the daily press Ultimately the discovery proved to be an elaborate hoax Still the story of the Cardiff Giant reveals many things about America in the post Civil War years After four years of destruction on an unimagined scale Americans had increasingly turned their attention to the renewal of progress But the story of the Cardiff Giant seemed to shed light on a complicated mysterious past and for a time scientists clergymen newspaper editors and ordinary Americans struggled to make sense of it Hucksters of course did their best to take advantage of it The Cardiff Giant was one of the leading questions of the day and how citizens answered it said much about Americans in 1869 as well as about America more generally **How We Were All**

**Fooled** Victoria Reilly, 2024-02-14 This book covers many questions about how we as a country got to Black American racism As I found more and more answers I realized how many of them were totally new to me and how I felt that I had been so deceived about so much of our history After talking to many people Black and white I knew that it wasn t just me who had

been deceived There is so much that has been done to Black Americans over the ages not just slavery that I felt everyone could understand better if various truths were revealed One Black young man I discussed this with seemed to visibly feel better about himself just hearing some of these basic truths Eugenics I believe was worse than slavery Eugenics founder Galton was a first cousin to Charles Darwin This was all related to Malthus who decided in 1795 that overpopulation was a dire emergency Eugenics was the answer to who should be allowed to live or reproduce in order to keep the world population down The geologic timetable evolution overpopulation and eugenics all came about in the early 1800s before any carbon dating Who is still pushing this and how does it all relate to American racism **The Magic Wand and Magical Review**, 1942
