## **Fools Triumph:**

**Fool's Triumph** Amram Whiteman, 1948      **Gnostic Fools** Agnes Horvath, 2025-11-11 This book offers a political anthropological discussion of our contemporary situation regarding sceptical attitudes towards scientific expertise and authority and the increasing role of power and politics It does so through an exploration of the fool or Gnostic fool as a type drawing on ideas about the modality of the anthropological trickster figure and the mentalities that this type disseminates Arguing that a recent dissolution of stable identities has made orderly action and connections impossible the author shows that we are now entering into a confused understanding of ourselves no longer linked to history or society nor to our sexes or personality In this period the growing interest in magical and occult traditions reflects increasing feelings of powerlessness against the whims of politics power and authority where rational thinking disappoints and fails a new Gnostic universe is born The relationship between standard uses of the fool and the Gnostic fool is addressed using political and social theory sociology and anthropology religious studies and the history of ideas The book thus combines a study of familiar traditional texts with unusual phenomena from both recent and distant history elucidating their surprising prevalence in surrounding contemporary power structures Addressing a crucial aspect of contemporary reality characterising and interrogating the self production of fools and the Gnostic intellectual type it details a serious and puzzling blind spot in academic scholarship As such it will be of central relevance to scholars researchers and postgraduate students working in anthropology ethnography sociology historical sociology religious studies and philosophy worldwide      *The Fool's Journey: the History, Art, and Symbolism of the Tarot* Robert M. Celebrity worship and media frenzy suicidal cultists and heavily armed secessionists modern life seems to have become a pyrotechnic insanitarium Mark Dery says borrowing a turn of the century name for Coney Island Dery elucidates the meaning to our madness deconstructing American culture from mainstream forces like Disney and Nike to fringe phenomena like the Unabomber and alien invaders Our millennial angst he argues is a product of a pervasive cultural anxiety a combination of the social and economic upheaval wrought by global capitalism and the paranoia fanned by media sensationalism The Pyrotechnic Insanitarium is a theme park ride through the extremes of American culture of which The Atlantic has written Mark Dery confirms once again what writers and thinkers as disparate as Nathanael West Fyodor Dostoyevsky Sigmund Freud and Oliver Sacks have already shown us the best place to explore the human condition is at its outer margins its pathological extremes Dery is the kind of critic who just might give conspiracy theory a good name Wired **Tarot** Tina Gong,2020-10-06 Find out how to customize interpret and apply the wisdom of tarot to enhance every area of your life your career finances relationships and more Get to know each card in detail meet The Magician who encourages you to trust in your abilities connect with the nurturing instincts of The Empress feel the confidence of The Chariot and explore the meanings of each card for you Discover how tarot readings can illuminate your unique path and lead to tangible positive actions that you can apply day to day Let Tarot guide you on a journey of self knowledge and self fulfillment *Towers of Myth and Stone* Deborah Fleming,2015-09-15 In this critical study of the influence of W B Yeats 1865 1939 on the poetry and drama of Robinson Jeffers 1887 1962 Deborah Fleming examines similarities in imagery landscape belief in eternal recurrence use of myth distrust of rationalism and dedication to tradition Although Yeats s and Jeffers s styles differed widely *Towers of Myth and Stone* examines how the two men shared a vision of modernity rejected contemporary values in favor of traditions some of their own making and created poetry that sought to change those values Jeffers s well known opposition to modernist poetry forced him for decades to the margins of critical appraisal where he was seen as an eccentric without aesthetic content Yet both Yeats and Jeffers formulated social and poetic philosophies that continue to find relevance in critical and cultural theory Engaging Yeats s work enabled Jeffers to develop a related though distinct sense of what themes and subject matter were best suited for poetic endeavor His connection to Yeats helps to explain the nature of Jeffers s poetry even as it helps to clarify Yeats s influence on those who followed him Moreover Fleming argues Jeffers s interest in Yeats suggests that critics misunderstand Jeffers if they take his rejection of modernism as exemplified by Wallace Stevens William Carlos Williams and Ezra Pound as a rejection of contemporary poetry or the process by which modern poetry came into being **Infinite City** Rebecca Solnit,2010-11-29 What makes a place Rebecca Solnit reinvents the traditional atlas searching for layers of meaning connections of experience across San Francisco *The Shepherd* Edmund Blunden,1922 Delphian Text Delphian Society,1929 *Judas* Claude Houghton,1923 *Broken Silence* Jamieya B-johnson,2018-05-17 An author s dilemma from trial to victory brings to light the answers concerning the fight to freedom Revealing hidden
