Works Margaret Ebner, 1993 The first English translation of the works of Margaret Ebner c 1291-1351 a Dominican nun and mystic offers a unique glimpse into the inner life and thought of a woman who was considered to be holy even during her lifetime These writings reveal a spiritual clearly Christocentric worldview and relate a great deal about the struggle for and the meaning of liberation spiritually and intellectually then and now Revelations of Divine Love Julian of Norwich, 2015-05-14 All shall be well and all shall be well and all manner of thing shall be well Julian of Norwich is one of the most celebrated figures of the English Middle Ages She is esteemed as one of the subtlest writers and profoundest thinkers of the period for her account of the revelations that she experienced in 1373 Julian lived as an anchoress in Norwich and after recovering from a serious illness she described the visions that had come to her during her suffering She conceived of a loving and compassionate God merciful and forgiving and believed in our ability to reach self knowledge through sin She wrote of God as our mother and embraced strikingly independent theological opinions This new translation conveys the poise and serenity of Julian's prose style to the modern reader It includes both the short and long texts written twenty years apart through which Julian developed her ideas In his introduction Barry Windeatt considers Julian's astonishingly positive vision of humanity and its potential for spiritual transformation ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *The Works of Saint Augustine: v. 1. Sermons on the Old Testament, 20-50* Saint Augustine (of Hippo), 1990 **Chaucer's Dream**

Poetry Barry A. Windeatt, 1982 This volume makes available in translation the texts that lie behind Chaucer's dream poems The Book of the Duchess The Parliament of Fowls The House of Fame and Prologue to the Legend of Good Women Chaucer's dream poems are now being increasingly studied and appreciated With their attractively bookish dreamer figure and their graceful use of conventions and traditions they have their distinctive place in Chaucer's work But the modern reader of these medieval poems particularly needs a sense of their literary context in the tradition of comparable narrative poems largely in Old French which Chaucer knew and drew upon None of these French poems has ever been made available in English translation before and many of the texts are difficult to access being available only in dated French scholarly editions The authors represented are Froissart Machaut and Deschamps as well as some minor and anonymous poems and there are also relevant translations from Cicero and Boccaccio The book gives an idea of what Chaucer's sources were in themselves and in what ways the English poet was inspired to use and go beyond them and this presents a picture of the poet at work Some of the French poems are translated carefully by Chaucer while with other poems he is selective interested in certain sections of his sources only In further cases the original material can be seen to have provided a more general point of departure for Chaucer's own developments on his work *The Letters and Poems of John Keats* John Keats, 1883 Writers Talking John

Metcalf, Claire Wilkshire, 2003 Eight interviews eight stories eight commentaries Eight of Canada's finest writers Writers Talking gives readers a chance to listen in Terry Griggs on where stories come from Michael Winter on writing Newfoundland K D Miller on being an actor who writes The volume also features stories by and conversations with Mary Borsky Steven Heighon Elise Levine Annabel Lyon and Lisa Moore *Émile; Or, Concerning Education; Extracts*

Jean-Jacques Rousseau, 2021-04-25 In *Émile Or Concerning Education Extracts* Jean Jacques Rousseau presents a profound exploration of education and human development through the fictional narrative of Emile a young boy raised according to Rousseau's principles of naturalism The text rich in philosophical insight and didactic rigor critiques the established educational practices of the 18th century advocating for a pedagogy that respects the child's innate potential and emotional growth Rousseau employs an engaging style interweaving personal reflections and social commentary which situates this work within the Enlightenment's emphasis on reason and individualism while also ahead of its time foreshadowing modern educational theories of child centered learning Rousseau born in Geneva in 1712 was a revolutionary thinker whose ideas on society political theory and education challenged the status quo His experiences as a tutor and his observations of the discrepancies between natural instinct and societal expectations influenced his philosophical outlook The emotional depth and moral complexity of his writing stem from his tumultuous personal life and his fervent belief in the importance of nurturing the child's spirit in harmony with nature *Émile* is not merely a treatise on education it is a call to re-examine our understanding of upbringing and morality Scholars educators and anyone interested in human development will find Rousseau's insights invaluable as he encourages readers to embrace a holistic approach to education urging us to foster environments where children can thrive as they are naturally meant to be **The Saints' Everlasting Rest** Richard Baxter, 1828
