Discipleship on the Edge Darrell W. Johnson, 2004 Revelation is probably the most read but least understood book of the Bible History is replete with examples of how not to interpret it and books featuring end of world prophecy claims based on Revelation consistently top the bestseller lists But how can the message of such an enigmatic book be applied to our lives today In *Discipleship on the Edge* Darrell W. Johnson drives home the challenging and practical message of Revelation in thirty carefully crafted sermons Paying careful attention to the original context of Revelation and the circumstances surrounding its composition Johnson shows that the book is not a crystal ball but rather a discipleship manual Thoroughly researched and yet accessible this collection of sermons is a helpful resource for pastors and small group leaders who are looking for models to help them preach and teach the message of Revelation in a time when there is much confusion about the end times Darrell W. Becoming Just S T Kimbrough, 2022-08-31 The poems in this collection ask How can we become just people What is

human justice Is there a justice that is equal and or appropriate for all human beings How can an individual in action speech and behavior be just How does one think of oneself as just in interaction with others These poems also address prevalent injustices to children and of society s frequent denial of its responsibility to them the privileged and the underprivileged Further how do we wish to live in a society isolated completely independent self centered Living in a society implies association with others How do we wish to relate to others The poems query how will the governments under which we live initiate and execute just rule and governance for all citizens The book concludes with a lyrical case study of apartheid especially in Israel that claims to be a democracy Some of the poems acknowledge that the US s democracy has failed in many ways and has an ongoing need of recovering the principles of justice and equality Americans know well the meaning of ethnic cleansing in their own land The poems here make no claim at successful resolutions to the issues raised They do point to the ongoing need of repentance for wrongs done and for steering a steady course to guarantee the rights of freedom and justice for all people
