Escape From Armageddon:

Escape from Armageddon Ken Walker, Val Walker, 1997 Escape from Armageddon Samuel E. West, 2002 Through a study of Biblical teachings commentaries and ecclesiastical histories you will learn exactly what Apocalyptic events are coming on the earth when they are coming why God is bringing such judgments who will be most affected and what escape has been provided by God Learn about the 7000 year dateline of mortal man The first 2000 years was the Patriarchal Age Adam to Abraham Next was the 2000 year Time of Israel The next 2000 years was the Time of Gentiles The last 1000 years will see Jesus return to the house of Israel gather them from heaven and earth and establish them as His people for the thousand year Sabbath of Creation and eternity Heaven will be here on earth with a New Jerusalem in North America and with Jerusalem as the cities of God and Jesus The Bible teaches all of the Apocalyptic events will occur by 2007 Man cannot begin to imagine the horror of these events They will make the Great Flood seem like a brief shower Only a third of the house of Israel is to survive Gentiles will be as though they had not been The world is to be scourged with asteroid comet impacts fire hail pestilence famine and a decease that will end all nations Death will be more common than life Only a relatively few will survive Here is the untold story of why God stopped speaking to man in 99 AD and when He was to speak again The Bible tells how a beast kingdom destroyed the Church of Christ divine authority and finally every saint of God on the earth Learn how Constantine in 325 AD amalgamated pagan Rome with Christianity and created this beast of Revelations that was to rule supreme over the souls of man for 1260 years Discover how the Bible provides the true story of this beast the image of the beast the mark of the beast and antiChrist There was to be a brief restoration of divine authority in the last days and then only a very small remnant would remain to offer escape When Jesus returns He is to destroy those who do not know God and do not obey the gospel This book reveals the true character attributes and will of God Here is the true identity of Jesus Christ Learn of the original gospel of Christ The relationship between God and His people is traced from Adam to the end of mortal man Most important here is the only Biblical escape from Armageddon and path to eternal life **Escape from Armageddon** William F. Dankenbring, 1983 *Shutting the Door to the Kingdom of God* Eric Michael Wilson, 2022-08-20 This book uses the New World Translation of the Holy Scriptures to prove that all the teachings of Jehovah's Witnesses concerning the Last Days and the good news of salvation are unscriptural The author an elder of Jehovah's Witnesses for 40 years shares the results of the last ten years of his research into such Watch Tower teachings as the 1914 invisible presence of Christ the overlapping generation doctrine the failed prophecies of 1925 and 1975 the fact that the Governing Body had evidence long ago showing that 607 BCE was not the date of the Babylonian exile and most important of all the abundant evidence that the salvation hope offered to the JW Other Sheep is a Rutherford invention wholly without support in Scripture He also shares his experience on how Witnesses who continue to believe in Jehovah and Jesus can move beyond JW org without sacrificing their faith This is a must read for any Jehovah's Witness who is a seeker of truth and unafraid to put his or

Olson, 2018-11-15 This study examines the role of the Six Day War in American Protestant politics and culture The author argues that American foreign policy towards the Arab Israeli conflict culminating in the Trump Administration's 2017 recognition of Jerusalem as Israel's capital and the domestic Evangelical communities who supported it has a direct correlation with the long term consequences of the 1967 Six Day War For most of America's history biblical literalists or Evangelicals dominated the religious culture of the country But in 1925 the Scopes trial on science evolution and religion embarrassed Evangelicals and caused them to retreat from American culture and politics Modern and liberal Protestants won dominance and established control in nearly all of the Mainline seminaries publishing houses and denominations leading to the creation of the National Council of Churches by 1950 This book argues that the Six Day War reversed that power structure in American religion with Evangelicals returning to a place of prominence in American culture and politics Whereas the Scopes trial showed much of American Protestantism that the Modernists had the right understanding of the Bible the Six Day War demonstrated that ironically Evangelicals may have had it right all along They used this historic leverage to vaunt themselves into the highest

planes of American life with Billy Graham becoming America's Pastor In this historic process the 1967 war between Israel and the surrounding Arab states clarified the way those different branches of American Protestantism thought about the Arab Israeli conflict particularly the issue of Jerusalem Indeed the nature of the Six Day War was deep and appeared to be of Biblical proportions Because Israel gained territories in Jerusalem Bethlehem and the ancient Biblical heartlands formerly held by Jordan historical messianic and even apocalyptic intrusions entered the various branches of American Protestantism In some branches supersessionism a belief that the Church had replaced the Jewish people as God's chosen was stoked In other branches supersessionism was rejected and the nature of Judaism and its connection to the Holy Land was re-evaluated The important point is that the territories that Israel captured had thick theological meaning and this would force all branches of American Protestantism to reconsider their assumptions about Judaism and Zionism as well as Islam and Palestinian nationalism Evangelicalism

Dark Beyond Darkness James G. Blight, Janet M. Lang, 2017-12-22 In

Dark Beyond Darkness James Blight and Janet Lang among the world's foremost authorities on the Cuban missile crisis synthesize the findings from their thirty year project on the most dangerous moment in recorded history. Authoritative, accessible and written with their usual flair and wit, DBD is the first book to take readers deeply inside the experience and calculations of Fidel Castro who was willing to martyr Cuba if his new Russian ally would nuke the U.S. and destroy it. Blight and Lang have established that in October 1962 the world was on the brink of Armageddon and that we escaped by luck. Their history is scary but unimpeachably accurate: we just barely escaped the cold and the dark in October 1962. Their history also comes with a warning: we are currently at risk not only of Armageddon, fast in a war between superpowers but Armageddon in Slow Motion, the result of a climate catastrophe following a regional nuclear war and from Armageddon. Oops, a conflict sparked by an accident which is misinterpreted and ends in nuclear war. Drawing on the insights of poets, musicians and novelists as well as climate scientists and agronomists, they show the terrible risk we run by refusing to abolish nuclear weapons.

Globalization and the Mission of the Church Neil J. Ormerod, Shane Clifton, 2011-10-27 Various social, political, economic and cultural commentators are presently arguing that human history is reaching a decisive stage in its development, a stage marked by increased interconnection between peoples, the compression of space and time, a sharing of ideas at unprecedented levels, global trade and finance and so on. The shorthand word used to encompass these phenomena is globalization. Some embrace it, others reject it, while still others dispute its existence. But with the abundance of literature and debate, that it generates, the topic cannot be ignored. From its inception in the missionary mandate of Jesus, Matthew 28, Christianity has had a global dimension to its mission. Christianity is not a spectator to globalization but one of its agents, one of the forces at work which have extended interconnection between peoples, shared ideas and promoted social, political and cultural links. The purpose of the present work is not to provide a complete response to the question of the mission of the church in a globalizing world but to establish a framework within which answers may be sought. Grounded in the writings of Bernard Lonergan and Robert Doran, it develops a theology of history and addresses the church's response to the impact of globalization on vital social, cultural, personal and religious values. The project brings together the perspectives of Catholicism and Pentecostalism, the former providing a depth of wisdom and tradition, the latter drawing on the insight of a newly emerging movement that has taken root in every continent with remarkable energy and enthusiasm.

Toxic Terror Jonathan B. Tucker, 2000-02-28 In-depth case studies of twelve terrorist groups and individuals who from 1946 to 1998 allegedly acquired or employed CBW agents. Policymakers, scholars and the news media have been alarmed by the potential for chemical and biological weapons. CBW terrorism and the U.S. Congress has allocated billions of dollars for counterterrorism and consequence management programs. Driving these concerns are the global spread of scientific knowledge and technology relevant to CBW terrorism and the vulnerability of civilian populations to chemical and biological attacks. Notably lacking from the analysis, however, has been a careful assessment of the terrorists themselves. What types of

terrorist groups or individuals are both capable of acquiring chemical and biological weapons and motivated to use them and for what purposes Further what types of toxic agents would probably be produced and how would they be delivered Answers to these questions would enable policymakers to prepare for the most likely contingencies To this end Toxic Terror provides in depth case studies of twelve terrorist groups and individuals who from 1946 to 1998 allegedly acquired or employed CBW agents The cases were researched from primary sources including court documents interviews and declassified government files By comparing the twelve cases the book identifies characteristic motivations and patterns of behavior associated with CBW terrorism and provides an empirical basis for prudent cost effective strategies of prevention and response Film Review ,1998 The Royal Knights Darius Heyward, **Zodiac** Stephen Ricketts,2017-01-10 Three lords one destiny Good and evil are no longer black and white The lords of destiny must navigate through shades of gray where betrayal hides and live with decisions they are forced to make Arc takes his Lion Army on a crusade of vengeance against an empire that murdered his family As guardian of Avolonia Davos must prevail over new enemies and ghosts from his past to prevent the fledgling nation from being clawed apart by greed and religion The Dragon Warrior searches for a forgotten zodiac Dark forces pursue Axan and his companions on their voyage of adventure and adversity *Armageddon's Glorious End* David R. Manzano,2017-12-12 This latest contribution to the understanding of the Bible s final book will be a welcomed addition to anyone s personal library The author is quick to admit that Revelation has many strange images and perplexing elements However he is just as quick to stress that these images and elements are not the focus The Apostle John in writing this apocalyptic volume centers the attention on Jesus Christ the only hope for those who have accepted Him as Lord and Savior as well as those who still need to Many people know Revelation for its striking confusing symbolism Many of these people would experience less confusion if they realized that most of these symbols are borrowed by the beloved disciple from other parts of the Bible Manzano is faithful and responsible in allowing the Bible to interpret itself and establishing the Old Testament especially the book of Daniel as the foundation for decoding Revelation s mysteries As Bible prophecy continues to unfold and this world continues to unravel like a cheap sweater the frustration and turmoil that ensues will dissipate by the encouraging tone of this book Readers are subsequently prompted to dive into Revelation and study afresh to reconnect with the Lamb King around whom its messages revolve **Armageddon's Children** Terry Brooks,2007-07-31 NEW YORK TIMES BESTSELLER In this exciting first of a new fantasy trilogy bestseller Brooks effortlessly connects the Tolkien infused magic of his Shannara books with the urban postapocalyptic world of his Word and the Void series Longtime Brooks fans and newcomers will be riveted Publishers Weekly starred review In our world s near future civilization has fallen into terrifying chaos Navigating the scarred landscape that once was America and guided by a powerful talisman Logan Tom has sworn an oath to seek out a remarkable being born of magic and destined to lead the final fight against darkness In time Logan s path will cross with others Angel Perez herself a survivor of death dealing forces and a makeshift family of refugees forced to
