## **Eschatology And The Shape Of Christian Belief:**

Eschatology and the Shape of Christian Belief Robert C. Doyle, 1999 This book demonstrates that to ask questions and find answers about the last things is not to discover mere knowledge of future events but is to lead into the whole of theology to the very heart of the matter where God is The author begins by introducing the foundational biblical themes in eschatology He then traces the development of eschatological thought from the second century A D to the present In this way the author shows how the pressures of historical circumstances and philosophical assumptions shape eschatology even though it may be rooted in Scripture Special attention is paid to developments fostered by formative Christian thinkers such as Augustine Aquinas Luther Calvin Owen Edwards Barth and Moltmann and contemporary movements By setting eschatological thinking against this wider theological framework the deeper interconnecting structures of Christian thought are exposed and important questions raised about our expectations for the future BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **The Mosaic of Christian Belief** Roger E. Olson, 2016-04-01 In this second edition of Roger E Olson's classic work he thematically traces the contours of Christian belief down through the ages revealing a pattern of both unity and diversity He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either/or alternatives      The Holy Spirit as Communion I. Leon Harris, 2017-09-26 In The Holy Spirit as Communion Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia For both theologians the doctrine of the Holy Spirit is foundational to understanding their doctrine of God Christology and ecclesiology Drawing on the theme of communion The Holy Spirit as Communion expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ The Holy Spirit as Communion explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ      The International Thought of Martin Wight I. Hall, 2006-09-03 Martin Wight 1913-1972 was one of the most original and enigmatic international thinkers of the twentieth century This new study drawing upon Wright's published writings and unpublished papers examines his work on international relations in the light of his wider thought his religious beliefs and his understanding of history      Dread and Hope Joshua Wise, 2022-02-03 Christianity was born in the midst of great expectation and fear about the world's future The existing Jewish paradigm of the coming Messiah his antithesis and the initiation of the coming age set the stage for Christian

beliefs about the end of the current age However the unexpected death and resurrection of Jesus caused that paradigm to be reformed within the burgeoning Christian faith reshaping hopes and reworking old patterns Dread and Hope explores the ways in which those old paradigms were challenged by Jesus s death and resurrection how the resulting eschatological landscape was understood within Christianity and how modern popular culture has consumed and modified various components of Christian Hope Joshua Wise examines how the central Christian eschatological themes such as the Antichrist the Great Persecution Heaven and Hell have both been transformed and preserved in novels television films and video games Drawing on works such as 1984 Diablo The Stand What Dreams May Come and the Fallout series Dread and Hope considers how the human fears and desires shaped by Christian beliefs are expressed in popular culture **The Land Cries Out** Salim J. Munayer,Lisa Loden,2011-10-21 Our theology does not exist in a vacuum but must relate to the world we inhabit and must influence our moral and ethical actions This is especially true when discussing theology of the land in the context of a violent territorial conflict The Holy Land has seen so much bloodshed that the earth itself is crying out to God The chapters presented in this book form a unique collection of voices speaking from different perspectives on the issue of the theology of the land These voices include Messianic Jewish and Palestinian Christian theologians and scholars who live in the Holy Land as well as others from around the world The various chapters reflect a wide spectrum of opinion and reveal how much disagreement still exists among followers of Christ However the dialogue generated by having these opposing voices side by side speaking to each other rather than past each other is encouraging This book is both challenging and inspirational and contributes in an innovative way to this important discussion **In These Last Days** Graeme Goldsworthy,2024-11-15 Graeme Goldsworthy s In These Last Days The Dynamics of Biblical Revelation emphasizes the dynamic nature of divine revelation Goldsworthy illustrates throughout his work that God is not static Rather he is always actively involved in history both in the life of Israel and the church Goldsworthy argues that understanding these historical contexts in the Old and New Testaments is crucial for proper interpretation Divided into four sections exploring God s word being actions and people In These Last Days offers a biblical and theological guide to accurately interpreting and applying Scripture for the life of the church today **1-3 John** Robert L. Plummer,E. Roderick Elledge,2024-05-01 The Exegetical Guide to the Greek New Testament EGGNT closes the gap between the Greek text and the available lexical and grammatical tools providing all the necessary information for greater understanding of the text The series makes interpreting any given New Testament book easier especially for those who are hard pressed for time but want to preach or teach with accuracy and authority Each volume begins with a brief introduction to the particular New Testament book a basic outline and a list of recommended commentaries The body is devoted to paragraph by paragraph exegesis of the Greek text and includes homiletical helps and suggestions for further study A comprehensive exegetical outline of the New Testament book completes each EGGNT volume **Christian Eschatology** Charles River Editors,2020-02-17 Includes pictures Includes excerpts of passages from the Bible

Includes a bibliography for further reading Lay people scientists philosophers and theologians have long theorized about death immortality and eternity With science making huge strides forward some now suggest that science may well be able to extend life making immortality scientifically feasible but put simply nobody can see the future which relies on creative imaginations Given that immortality has been out of reach throughout human history death has always been a central focus of life and a belief in the afterlife is a fundamental tenet of many religions Not surprisingly a plethora of different views exist and Christian eschatology is mostly unique without signs of pantheism or dualism and no doctrine of pre existence or any trace of Egyptian or Greek ideas or practices Even those who don t practice Christianity know that the religion deals heavily with life death and the end of the world Those with real faith in the God of the Bible believe that Christian thinking is not based on human imagination but on the Word and authority of God Christian dogmas are Scriptural meaning they can be traced back to the Bible and reformed theology insists that all authority is seated in the ultimate author of Scripture God This implies that the Christian dogma of future events is not influenced by people themselves If Christian dogma relies on the Bible many could be forgiven for assuming that there should be a general agreement within Christianity about the end times but due to the historic fragmentation within various Christian denominations there is little agreement between the vast array of Christian churches regarding the end of the world As such Christian eschatology is confusing and hugely complex as a whole The main reason for this is that the Bible does not paint a clear picture of the end times and Biblical prophecies often use symbolic language that makes interpretation difficult To complicate this further the different branches of Christianity follow different hermeneutical strategies leading to vastly different conclusions This problem has become increasingly toxic over the last two centuries which is unfortunate since the differences are based on subjective interpretations While there are similarities in the theologies of the more orthodox churches such as the Presbyterian Lutheran Eastern Orthodox Anglican and the Roman Catholic churches the confusion is caused by two extremes theological liberalism that adopted Kantian and evolutionary principles and the many independent churches that follow very literal Biblical interpretations Both groups can often be defined by what they oppose rather than their dogmas

Lindsey, 1997-11-20 This book focuses on a significant but neglected leader of the social gospel movement University of Chicago theologian Shailer Mathews 1863 1941 In two widely read lives of Jesus *The Social Teaching of Jesus* 1897 and *Jesus on Social Institutions* 1928 Mathews laid a foundation for social gospel theology that dealt carefully and creatively with the charge that the social gospel enculturates Christian faith Lindsey s book engages in a close reading of the two Mathews books and concludes that Mathews s foundation for social gospel theology prefigures political and liberation theologies in important respects and thus deserves reappraisal      *All Things New* Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2019-09-30 The Christian faith presents a distinctive vision of last

things that God in Christ aims to reconcile the world to himself and through his Spirit and a new people to set all things to right This good news is for all nations and peoples but for too long the Christian doctrine of eschatology has focused on debates and arguments rooted solely in the Western church In All Things New leading theologians and biblical scholars from Africa Asia Latin America and North America offer readers a glimpse of how Christians around the globe are perceiving and describing the Christian hope The result is a remarkably refreshing and distinctive vision of eschatology guaranteed to raise new questions and add new insights to the global church's vision of the eschaton Time, Religion and History William Gallois, 2014-06-11 What is time How does our sense of time lead us to approach the world How did the peoples of the past view time This book answers these questions through an investigation of the cultures of time in Christianity Islam Buddhism Judaism and the Australian Dreamtime It argues that our contemporary world is blind as to the significance and complexity of time preferring to believe that time is natural and unchanging This is of critical importance to historians since the base matter of their study is time yet there is almost no theoretical literature on time in history This book offers the first detailed historiographical study of the centrality of time to human cultures It sets out the complex ways in which ideas of time developed in the major world religions and the manner in which such conceptions led people both to live in ways very different to our contemporary world and to make very different kinds of histories It goes on to argue that modern scientific descriptions of time such as Einsteins Theory of Relativity lie much closer to the complex understandings of time in religions such as Christianity than they do to our common sense notions of time which are centred on progress through a past present and future **ARCHAEOLOGY & THE NEW TESTAMENT** Edward D.
