The Esoteric Meaning of the Seven Sacraments Princess Mary Karadja, Princess Mary Louise Smith Karadja, 1910

Esoteric Christianity: The Lesser Mysteries Annie Wood Besant, 1966-01-01 Many perhaps most who see the title of this book will at once traverse it and will deny that there is anything valuable which can be rightly described as Esoteric Christianity There is a wide spread and withal a popular idea that there is no such thing as an occult teaching in connection with Christianity and that The Mysteries whether Lesser or Greater were a purely Pagan institution The very name of The Mysteries of Jesus so familiar in the ears of the Christians of the first centuries would come with a shock of surprise on those of their modern successors and if spoken as denoting a special and definite institution in the Early Church would cause a smile of incredulity It has actually been made a matter of boast that Christianity has no secrets that whatever it has to say it says to all and whatever it has to teach it teaches to all Its truths are supposed to be so simple that a way faring man though a fool may not err therein and the simple Gospel has become a stock phrase It is necessary therefore to prove clearly that in the Early Church at least Christianity was no whit behind other great religions in possessing a hidden side and that it guarded as a priceless treasure the secrets revealed only to a select few in its Mysteries But ere doing this it will be well to consider the whole question of this hidden side of religions and to see why such a side must exist if a religion is to be strong and stable for thus its existence in Christianity will appear as a foregone conclusion and the references to it in the writings of the Christian Fathers will appear simple and natural instead of surprising and unintelligible As a historical fact the existence of this esotericism is demonstrable but it may also be shown that intellectually it is a necessity The first question we have to answer is What is the object of religions They are given to the world by men wiser than the masses of the people on whom they are bestowed and are intended to quicken human evolution In order to do this effectively they must reach individuals and influence them Now all men are not at the same level of evolution but evolution might be figured as a rising gradient with men stationed on it at every point The most highly evolved are far above the least evolved both in intelligence and character the capacity alike to understand and to act varies at every stage It is therefore useless to give to all the same religious teaching that which would help the intellectual man would be entirely unintelligible to the stupid while that which would throw the saint into ecstasy would leave the criminal untouched If on the other hand the teaching be suitable to help the unintelligent it is intolerably crude and jejune to the philosopher while that which redeems the criminal is utterly useless to the saint Yet all the types need religion so that each may reach upward to a life higher than that which he is leading and

no type or grade should be sacrificed to any other Religion must be as graduated as evolution else it fails in its object Next comes the question In what way do religions seek to quicken human evolution Religions seek to evolve the moral and intellectual natures and to aid the spiritual nature to unfold itself Regarding man as a complex being they seek to meet him at every point of his constitution and therefore to bring messages suitable for each teachings adequate to the most diverse human needs Teachings must therefore be adapted to each mind and heart to which they are addressed If a religion does not reach and master the intelligence if it does not purify and inspire the emotions it has failed in its object so far as the person addressed is concerned The Esoteric Meaning of the Seven Sacraments Princess Karadja,2016-07-01 An excerpt from the beginning ACCORDING to the Orthodox definition the Sacraments are Ordained means of Grace necessary to salvation instruments of Eternal Life which through outward and visible signs transfer to the Faithful inward and spiritual Grace How is it that these divinely appointed ordinances of Grace which ought to bind together the Members of the Church have turned into veritable apples of discord The reason is very simple The Sacraments have gradually lost their original signification and have degenerated into mere ritual functions As they repeatedly failed to transfer the immense benefits which they were appointed to transmit these glaring failures gave birth to grave doubts concerning their efficacy At the Reformation five of the Sacraments were simply discarded as not necessary to Salvation Luther went so far as to style the Sacrament of Confirmation a FIRMELUNG which word signifies FRAUD or CHEAT If he had had the slightest notion of the Inner Meaning of the Sacraments he would not have handled the pruning knife with such deplorable alacrity One thing is certain no Reformation could have occurred if the Church of Rome had retained possession of the Sacred Gnosis Knowledge of the esoteric signification of the Mysteries was in ancient times called the Power of the Keys potestas clavicum This power has long ago ceased to be the appanage of Orthodox Christianity During the first centuries of the Christian era this knowledge remained in the hands of different Secret Societies which were on this account terribly persecuted by the Orthodox Priesthood In our days the Church has lost the faculty of inflicting bodily injury to those who do not share her views but the Odium Theologicum still subsists Christians are still requested to detest abhor and condemn certain opinions which are declared to be wicked heresies **Esoteric Christianity** Annie Besant,2019-01-09 In proceeding to the contemplation of the mysteries of knowledge we shall adhere to the celebrated and venerable rule of tradition commencing from the origin of the universe setting forth those points of physical contemplation which are necessary to be premised and removing whatever can be an obstacle on the way so that the ear may be prepared for the reception of the tradition of the Gnosis the ground being cleared of weeds and fitted for the planting of the vineyard for there is a conflict before the conflict and mysteries before the mysteries **Esoteric Christianity, Or, The Lesser Mysteries** Annie Besant,1913 *Esoteric Christianity, or The Lesser Mysteries* Annie Besant,2022-05-28 In *Esoteric Christianity or The Lesser Mysteries* Annie Besant explores the deeper spiritual meanings and hidden truths of Christian doctrine offering a provocative interpretation that bridges Eastern

and Western religious thought Drawing from a rich tapestry of philosophies including Theosophy and ancient mysticism Besant employs a discourse that is both enlightening and contemplative urging readers to transcend the superficial tenets of Christianity to grasp its more profound esoteric teachings The book challenges conventional religious paradigms positioning itself within the literary context of early 20th century spiritual revivalism where a quest for deeper truth was prevalent Annie Besant was a prominent Theosophist social reformer and advocate for mental and spiritual awakening Her lifelong journey through various ideologies including atheism social activism and mysticism shaped her views on religion particularly Christianity which she regarded as a foundational yet often misinterpreted spiritual path Besant s intellectual and spiritual pursuits led her to view the esoteric as a vital aspect of personal and collective transformation culminating in the creation of this thought provoking work This book is highly recommended for those seeking to deepen their understanding of Christianity beyond its dogmatic boundaries It provides readers with a unique framework for considering the interplay of spirituality morality and mystery within a familiar faith tradition Whether you are a scholar of religion or a seeker on a spiritual path Besant s insights will provoke critical thought and inspire a richer comprehension of the sacred

W. Leadbeater, 2007-04-01 Adherents of theosophy the esoteric philosophy popular at the turn of the 20th century believed that science and religion could be reconciled and here in this 1920 book the renowned spiritualist Charles W Leadbeater a leader

of theosophical thought examines the Catholic Mass from a theosophical perspective demonstrating how the rites and rituals of the Eucharist Baptism Holy Orders and the other sacraments harness a mystical magic that unites worshippers in one divine spirit Drawing on both traditional spiritual belief about the power at work during the Mass and modern concepts of a paranormal connection between the corporeal and the otherworldly this is a work that will intrigue those of great faith as well as students of comparative mythology British author CHARLES WEBSTER LEADBEATER 1854 1934 was ordained as an Anglican priest but later joined the prominent Theosophical Society and traveled to India to study alternative spiritual and occult practices eventually settling into his life as a clairvoyant and author His other works include *Man Visible and Invisible* and *The Science of the Sacrament* Ford's Christian Repository ,1902 *The Theosophic Messenger* ,1906 **Esoteric Christianity** Annie Wood Besant,2006-01-01 Early Christianity held secrets equal to those of other great religions says Annie Besant Its first followers guarded them as priceless treasures After an increasingly rigid hierarchy began to bury these truths in the early centuries A D they were known only to a few initiates who communicated them privately often in obscure language In Esoteric Christianity Besant s aim is to restore the secret truths underlying Christian doctrine As public interest grows in the Gnostic Gospels and the mystical side of Christianity Besant s remarkable book first published in 1901 is attracting new attention **The Sacraments** Ross Thompson,2006 Provides a grounding in the historical development of the Sacraments from the Old Testament through to modern day thinking General ideas of sacraments and ritual are covered as well as Old Testament practices the response of Jesus and the Early Church The Secret of the Christian Way Jean Borella,2001-02-01 A selection of key writings from the French religious philosopher Jean Borella **Religions of the World** J. Gordon Melton,Martin Baumann,2010-09-21 This masterful six volume encyclopedia provides comprehensive global coverage of religion emphasizing larger religious communities without neglecting the world s smaller religious outposts *Religions of the World Second Edition A Comprehensive Encyclopedia of Beliefs and Practices* is an extraordinary work bringing together the scholarship of some 225 experts from around the globe The encyclopedia s six volumes offer entries on every country of the world with particular emphasis on the larger nations as well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world s smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world s most remote places Antarctica and Easter Island *Religions of the World* is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions A History of the Christian Church Lars P. Qualben,2008-09-01 **Insights Into Christian Esoterism** René Guénon,2005-05 One of Ren Gu non s lifelong quests was to discover or revive the esoteric

initiatory dimension of the Christian tradition In the present volume along with its companion volume *The Esoterism of Dante* Gu non undertakes to establish that the three parts of *The Divine Comedy* represent the stages of initiatic realization exploring the parallels between the symbolism of the *Commedia* and that of Freemasonry Rosicrucianism and Christian Hermeticism and illustrating Dante s knowledge of traditional sciences unknown to the moderns the sciences of numbers of cosmic cycles and of sacred astrology In these works Gu non also touches on the all important question of medieval esoterism and discusses the role of sacred languages and the principle of initiation in the Christian tradition as well as such esoteric Christian themes and organizations as the Holy Grail the Guardians of the Holy Land the Sacred Heart the Fedeli d Amore and the Courts of Love and the Secret Language of Dante One chapter in the present volume *Christianity and Initiation* is of special interest with regard to the history of the Traditionalist School When first published as an article it gave rise to some controversy because Gu non here reaffirmed his denial of the efficacy of the Christian sacraments as rites of initiation a point of divergence between the teachings of Gu non and those of other key perennialist thinkers Both *The Esoterism of Dante* and *Insights into Christian Esoterism* will be of inestimable value to all who are struggling to come to terms with the fullness of the Christian tradition
