Parapsychology provides an approachable yet comprehensive compendium of information **E.S.P. Extra Sensory Perception** Joseph Banks Rhine, 2012-07-10 This is the original account of the basic experiments in parapsychology at Duke University out of which came the phrase extra sensory perception that now appears in all dictionaries We originally published it in association with the Boston Society for Psychic Research but it has been out of print for some years The Foreword by William McDougall author of Introduction to Social Psychology and the Introduction by Walter Franklin Prince who was Research Officer for the Boston Society for Psychic Research as well as all the illustrations have been retained but Dr Rhine has brought the book up to date and written a new Introduction especially for this edition The book remains as Waldemar Kaempffert said originally in the New York Times A report that gives an account of the most important study ever made in what is known as telepathy mindreading and clairvoyance **The Dictionary of the Esoteric** Nevill

Drury, 2004-01-01 With over 3000 cross referenced entries this is an invaluable reference to the mystical and esoteric traditions It gives succinct definitions in the fields of magic hermeticism alchemy spiritualism parapsychology eastern and western mysticism mind and consciousness research divination tarot and a variety of less well known subjects It also features biographies of leading figures in the field with details of their lives philosophies and writings from astrologer Evangeline Adams to the prophet Zarathustra **The Outline of Parapsychology** Jesse Hong Xiong, 2009-11-09 This is a work of systematic parapsychology The book aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The Outline of Parapsychology states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology The book also integrates parapsychology with oriental philosophies and New Age movement thought

Parapsychology David Groome, Ron Roberts, 2014-08-13 This intriguing new book presents an exploration of the unconventional side of psychology parapsychology Assuming no prior knowledge of psychology Roberts explores a wide array of unusual phenomena dream telepathy near death experiences alien abductions astrology the placebo effect and awareness during anesthesia and in comas addressing the myths surrounding paranormal experience and placing them within the context of scientific study **Yoga & Parapsychology** K. Ramakrishna Rao, 2010-01-01 Yoga and Parapsychology are two

areas in which a significant amount of professional research is awaited Parapsychology considered as the discipline to study psi psychic abilities is essentially the science of siddhis extraordinary human abilities Yoga is considered to be an effective psycho spiritual pursuit that results in the manifestation of a variety of supernormal phenomena In fact Patanjali's Yoga Sutra is the foundational text of psychic science One of its four parts Vibhuti Pada is filled with the description and discussion of a variety of paranormal phenomena There is thus an intrinsic commonality between yoga and parapsychology which remains essentially unexplored in any systematic way A serious and scientific study of the two and the resultant synergy of their confluence could result in resolving many of the riddles that puzzle parapsychology today and be a harbinger

of a vibrant science opening up new frontiers Further it could be seen as a productive East West meet in a profound sense Keeping this in view a national conference and a workshop were organized during January 3 23 2006 at Andhra University by the Institute for Human Science and Service with international participation The present volume is a compilation of the major presentations at the conference and workshop which are appropriately revised and edited in light of the discussions The contents of the volume contain theoretical articles and reviews as well as experimental reports Contributors come from different countries besides India including the United States of America Sri Lanka the United Kingdom Germany and the Netherlands Thus the volume is international in scope and coverage Parapsychology Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities For the past hundred years or so researchers have undertaken systematic and scientific work into these alleged experiences and abilities This collection of articles provides readers with a general sense of the methods used in this research the findings that have been obtained and the controversies generated by this work They cover a wide range of issues including the psychology of paranormal belief investigations into ghosts and hauntings laboratory research into extra sensory perception and psychokinesis and controlled tests of psychics and mediums An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered

Extrasensory Perception G. E. W. Wolstenholme, Elaine C. P. Millar, 2009-09-14 The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia in which groups of leading scientists from a range of topics across biology chemistry and medicine assembled to present papers and discuss results The Novartis Foundation originally known as the Ciba Foundation is well known to scientists and clinicians around the world *Basic Research in Parapsychology, 2d ed.* K. Ramakrishna Rao, 2016-03-15 This expanded and revised text includes thirteen experimental reports five new to this edition and seven review articles involving meta analysis and the assessment of evidence in specific areas of psi research The author provides a representative sample of the extensive literature in the controversial field of parapsychology and presents a few basic experiments illustrating various procedures and broadly reflecting the major trends of psi research Possible experimental procedures cumulative evidence showing the replicability of individual experiments and promising areas of psi research are also discussed Instructors considering this book for use in a course may request an examination copy here Extrasensory Perception Gertrude Schmeidler, 2017-07-12 If extrasensory perception is a common human ability why can't we all score high on ESP tests This book answers the question by describing psychological determinants of success and failure in extrasensory perception Some of the most significant points raised in the editor's enlightening introduction are developed in greater detail in the nine essays that follow all of them important statements giving a clear picture of research into ESP and the debate that surrounds it Each essay is followed by a comment relating the essay to the field as a whole In essays on the debate about ESP an attack by C E M Hansel is followed by a rebuttal by J B

Rhine and J G Pratt offering the reader insight into the peculiar tension surrounding the ESP controversy The book also includes a balanced overview of problems in the field by J C Crumbaugh and six other essays on the psychological factors that influence research on ESP Controversy over ESP is of special interest also because the questions critics raise relate closely to problems within psychology itself In addition the essays reflect a quality common to much research the excitement of uncovering results that advance our knowledge This book is intended for supplementary course use Because of the fundamental problems it addresses it also offers richly rewarding reading for all teaching and practicing psychologists as well as for the interested generalist A substantial number of research reports are cited throughout so that any reader seeking further information will find the cited references invaluable *Parapsychology Review* ,1982 [Alienated Planet Earth and the End that Will be Coming to Our World](#) Jonah Immanu,2005 You owe it to yourself to read about how our world is really going to end and to prepare yourself **The Essential Paul Laffoley** Douglas Walla,2016-05-09 Paul Laffoley is a Visionary artist who lives and works in a tiny space in Boston he calls the Boston Visionary Cell A trained architect Laffoley produces brilliantly colored mandala paintings filled with symbols and texts Each painting is accompanied by a text called a thought form which serves as commentary on the painting's content The paintings many of them large 73 x 73 inches have titles that range from the paranormal and arcane The Ectoplasmic Man The Sexuality of Robots to the erudite De Rerum Natura referring to the poet Lucretius Laffoley is interested in the mechanics of mysticism time and space dreams magic and consciousness In addition to painting he has also designed a time machine and a prayer gun This book collects what Laffoley and his gallerist Douglas Walla see as the essential works 94 color plates w 91 attendant thought forms It also includes an introduction by Walla a biography of Laffoley by artist Steven Moskowitz and essays by two scholars Linda Dalrymple Henderson University of Texas at Austin Art History is a renowned expert on Henri Bergson Duchamp the art science juncture and the fourth dimension Arielle Saiber associate professor of Italian Bowdoin College analyzes one Laffoley's major works Dante's Divine Comedy Triptych *Science Digest* ,1976
