

The background of the title page is a detailed historical map of the Susquehanna River valley in Maryland. The map shows the river winding through the landscape, with various towns and landmarks labeled. At the bottom of the map, a three-masted sailing ship is depicted on the water. The title box is a white rectangle with a red border, centered on the map.

Essays In Scotch Irish History Ulster Scot Historical Ser:

Essays in Scotch-Irish History Edward Rodney Richey Green, 1992 This is a reprint of the second volume in the Ulster Historical Foundation's Historical Series which was first published in 1969 These five essays were delivered as lectures at a conference on the Scotch Irish held in Belfast in 1965 This edition contains an introduction by Steve Ickringill reviewing recent research The first essay is an examination of President Woodrow Wilson's Scots and Scotch Irish inheritance of family and religious traditions He is shown as typifying almost all aspects of the remarkable Scots and Scotch Irish legacy to American society culture and politics The next paper considers the educational contribution of the Scotch Irish to colonial America beginning with elementary church schools and academies for preparing young men for the ministry and proceeding to the most important institution Princeton decisively Presbyterian and Scots in character A neglected period in the study of Irish emigration is covered in an essay on Ulster Emigration to America 1783-1815 this shows that emigration continued on a large scale after 1783 in spite of British Government restrictions and that these emigrants like their predecessors immediately assumed loyalty to their adopted country notably in the war of 1812 The fourth paper argues that perhaps the most important aspect of the influence of the Scotch Irish in the making of the United States was not so much their contribution to leadership in politics and education as in their shaping of the patterns of settlement and land use The final essay on Ulster's emigrant's letters points to the value of these documents as sources of information on the emigrant experience both social and economic

The Ulster Year Book, 1970 **Ulster Yearbook**, 1983 , *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library. Research Libraries, 1979 **Ulster Year Book** Northern Ireland. General Register Office, 1983 **The Scotch-Irish** Ron Chepesiuk, 2005-04-15 The Scotch Irish began emigrating to Northern Ireland from Scotland in the seventeenth century to form the Ulster Plantation In the next century these Scottish Presbyterians migrated to the Western Hemisphere in search of a better life Except for the English the Scotch Irish were the largest ethnic group to come to the New World during the eighteenth century By the time of the American Revolution there were an estimated 250 000 Scotch Irish in the colonies about a tenth of the population Twelve U S presidents can trace their lineage to the Scotch Irish This work discusses the life of the Scotch Irish in Ireland their treatment by their English overlords the reasons for emigration to America the settlement patterns in the New World the movement westward across America life on the colonial frontier Scotch Irish contributions to America's development and sites of Scotch Irish interest in the north of Ireland *New Lease on Life* Catherine Anne Wilson, 1994-03-01 In Part 1 Wilson reconstructs the family circumstances and estate management of two landlords Stephen Moore third earl of Mount Cashell and Major Robert Perceval Maxwell Each owned several estates in Ireland and the estate known as Amherst Island in Ontario She examines how the management of these estates changed over time and highlights the differences between management in the north and south of Ireland particularly in Counties Down Antrim and Cork She

looks at the form the landlord tenant relationship took in the New World to determine whether tenancy arrangements in the New World offered landlords an opportunity to start afresh or instead were influenced by the traditions and financial circumstances of their Irish estates The second part of the study follows more than one hundred tenant families who between 1820 and 1860 migrated from the Ards Peninsula in County Down to Amherst Island where they rented land from Mount Cashell and later from Maxwell Wilson reveals what life was like in the United Parish of St Andrews why families emigrated and rented on Amherst Island and what it meant socially and economically to be a tenant in the New World where most farmers were freeholders Wilson sets her study firmly in the framework of British Irish and American writing on land tenure and in this comparative context opens the discussion of tenancy among Canadians more widely than anyone has done heretofore She concludes that both landlords and tenants were more successful in the New World Wealth and land ownership might be slow in materializing but the opportunity the choices and the attainment of security were all greater than they had been in Ireland

A Social History of the Scotch-Irish Carlton Jackson, 1999-08-12 Jackson traces the Scotch Irish development from Lowland Scotland to Northern Ireland to the American colonies **The Bookseller**, 1921 *Talking Appalachian* Amy D. Clark, Nancy M. Hayward, 2014-08-29 Tradition community and pride are fundamental aspects of the history of Appalachia and the language of the region is a living testament to its rich heritage Despite the persistence of unflattering stereotypes and cultural discrimination associated with their style of speech Appalachians have organized to preserve regional dialects complex forms of English peppered with words phrases and pronunciations unique to the area and its people Talking Appalachian examines these distinctive speech varieties and emphasizes their role in expressing local history and promoting a shared identity Beginning with a historical and geographical overview of the region that analyzes the origins of its dialects this volume features detailed research and local case studies investigating their use The contributors explore a variety of subjects including the success of African American Appalachian English and southern Appalachian English speakers in professional and corporate positions In addition editors Amy D Clark and Nancy M Hayward provide excerpts from essays poetry short fiction and novels to illustrate usage With contributions from well known authors such as George Ella Lyon and Silas House this balanced collection is the most comprehensive accessible study of Appalachian language available today *Ireland, Sweden, and the Great European Migration, 1815-1914* Donald Harman

Akenson, 2011-08-23 This book is the product of Donald Akenson s decades of research and writing on Irish social history and its relationship to the Irish diaspora it is also the product of a lifetime of trying to figure out where Swedish America actually came from and why These two matters Akenson shows are intimately related Ireland and Sweden each provide a tight case study of a larger phenomenon one that for better or worse shaped the modern world the Great European Diaspora of the true nineteenth century Akenson s book parts company with the great bulk of recent emigration research by employing sharp transnational comparisons and by situating the two case studies in the larger context of the Great European Migration and of

what determines the physics of a diaspora no small matter as the concept of diaspora has become central to twenty first century transnational studies He argues against the increasing refusal of mainstream historians to use empirical databases that the history community still has a lot to learn from economic historians and simultaneously that despite the self confidence of their proponents narrow economically based explanations of the Great European Migration leave out many of the most important aspects of the whole complex transaction Akenson believes that culture and economic matters both count and that leaving either one on the margins of explanation yields no valid explanation at all The Best Books: F, History and historical biography. G, Archaeology and historical collaterals William Swan Sonnenschein,1923 **Ulster Presbyterians and the Scots Irish Diaspora, 1750-1764** B. Bankhurst,2013-11-25 Bankhurst examines how news regarding the violent struggle to control the borderlands of British North America between 1740 and 1760 resonated among communities in Ireland with familial links to the colonies This work considers how intense Irish press coverage and American fundraising drives in Ireland produced empathy among Ulster Presbyterians **F, History and historical biography. G, Archaeology and historical collaterals. 1923** William Swan Sonnenschein,1923 **The Best Books: F, History and historical biography. G, Archaeology and historical collaterals. 1923** William Swan Sonnenschein,1923 The Presbyterians of Ulster, 1680-1730 Robert Whan,2013 A comprehensive survey and analysis of the Presbyterian community in its important formative period The Presbyterian community in Ulster was created by waves of immigration massively reinforced in the 1690s as Scots fled successive poor harvests and famine and by 1700 Presbyterians formed the largest Protestant community in the north of Ireland This book is a comprehensive survey and analysis of the Presbyterian community in this important formative period It shows how the Presbyterians formed a highly organised self confident community which exercised a rigorous discipline over its members and had a well developed intellectual life It considers the various social groups within the community demonstrating how the always small aristocratic and gentry component dwindled and was virtually extinct by the 1730s the Presbyterians deriving their strength from the middling sorts clergy doctors lawyers merchants traders and in particular successful farmers and those active in the rapidly growing linen trades and among the laborious poor It discusses how Presbyterians were part of the economically dynamic element of Irish society how they took the lead in the emigration movement to the American colonies and how they maintained links with Scotland and related to other communities in Ireland and elsewhere Later in the eighteenth century the Presbyterian community went on to form the backbone of the Republican separatist movement ROBERT WHAN obtained his Ph D in History from Queen s University Belfast **The Scottish Historical Review** ,1918 *Making the Irish American* J.J. Lee, Marion R. Casey,2007-03 Explores the history of the Irish in America offering an overview of Irish history immigration to the United States and the transition of the Irish from the working class to all levels of society **The Journal of the Friends' Historical Society** Friends' Historical Society,1971
