

## The Last Time I Cried

The last day of our Scout Camp trip had come. Everyone rushed to the shop like a mad stampede of elephants, trying to make their last buys purchases before we left.

I had bought a few toys at the b and some sweets at the break of dawn so no I wouldn't get tiodden on. I had Plonked Relaxing myself on a bench, I rummaged through my paper bag to find my fluffy squirrel and a lolly lollipop. I sucked on the lollipop and shade at as the electric shock passed through me making my brown hair stand on end. I fiddled with the packaging around my squirrel; my little fingers were too small and the fact that my hands were sweating a river didn't help.

Suddenly, a boy with blonde hair came up to me. He wore a checked shirt and muddy green shorts; his hair styled wildly around his head. A large grin spread across his face. Then out came from his mouth the most horrible news on Earth!

Someone had been spreading rumours. About me.

And not just anyone! My very own friend! I couldn't believe it! He was such a back stabber. A single tear ran down my face.

Behind <sup>the boy</sup> him appeared the fiend. The backstabber. The betrayer.

Bowering Johann Wolfgang von Goethe, 1874 Joseph Addison Paul Davis, 2021-08-27 Joseph Addison Tercentenary Essays is a collection of fifteen essays by a team of internationally recognized experts specially commissioned to commemorate the three hundredth anniversary of Addison's death in 2019 Almost exclusively known now as the inventor and main author of *The Spectator* probably the most widely read and imitated prose work of the eighteenth century Addison also produced important and influential work across a broad gamut of other literary modes poems verse translations literary criticism periodical journalism drama opera travel writing Much of this work is little known nowadays even in specialist academic circles Addison

is often described as the most neglected of the eighteenth century's major writers. This volume is the first collection to address the full range and variety of Addison's career and writings. Its fifteen chapters fall into three groupings: the first set study Addison's work in modes other than the literary: periodical, poetry, translation, travel writing, drama; the second set address *The Spectator* from a variety of disciplinary perspectives: literary, critical, sociological, and political; bibliographical; and the final set explore Addison's reception within several cultural spheres: philosophy, horticulture, art history, by individual writers or across larger historical periods: the Romantic age, the Victorian age, and in Britain and Europe, especially France. The volume provides an overdue and appropriately diverse memorial to one of the dominant men of letters of the Georgian era.
