The Notebooks of Nehemiah Wallington, 1618-1654 David Booy, 2017-03-02 Writings by early modern English artisans are rare and thus precious London wood turner and puritan Nehemiah Wallington 1598-1658 is exceptional for having compiled fifty notebooks between 1618 and 1654 Although only seven of these are extant they not only provide a wealth of valuable information about life in seventeenth century London but more importantly give access to the author's personal world both inner and outer Providing substantial excerpts from the surviving notebooks this edition covers the broad range of subjects that animated Wallington's everyday life Accounts of incidents in his domestic working and religious life sit side by side with sustained meditations on his spiritual state reports on national events are given along with their possible providential meanings Particularly illuminating are Wallington's reflections on his own mental wellbeing at times suicidal at others ecstatic From letters on religious matters to expressions of anxiety over the illnesses and mishaps of his wife and children from vexed thoughts about money matters to chronicling the tumults of civil war London this collection provides a window into everyday life in seventeenth century England By making the writings of Nehemiah Wallington available in a modern edited edition fully footnoted and referenced together with a substantial scholarly introduction we hope that this little known London wood turner will soon take his deserved place besides Pepys and Evelyn as one of the authentic voices commenting on early modern England

Dorothy Wordsworth's Rydal Journals Nicholas Mason,Susanne Sutton,2025-04-25 Although Dorothy Wordsworth s

journals have long been celebrated for their vibrant and keen eyed portraits of everyday life until now only brief excerpts have been available from her most extensive set of diaries the fifteen notebooks from 1824-35 that have come to be known as the Rydal Journals This scholarly edition of the complete contents of these journals therefore marks a watershed moment for the study of this remarkable woman and more generally the shifting literary cultural and political realities of Reform era Britain The first half of the Rydal Journals chronicles the comings and goings of a buoyant fifty something still in her physical and intellectual prime capturing her bustling social life when at home in the Lakes and her zeal for new adventures when travelling to Manchester Yorkshire the Midlands the Welsh Marches and the Isle of Man The ensuing half by contrast offers an alternately inspiring and heart breaking record of the diarist's attempts to find joy and meaning amid the sudden onset of old age and disability that followed her near fatal illness of 1829 Besides providing long overdue access to what may be the last great trove of unpublished life writing by a major English Romantic this edition surrounds the text of the journals with dozens of illustrations a wealth of explanatory footnotes and engaging introductions to the people places and events that helped define this pivotal decade of Dorothy Wordsworth's life
