For God Country And The Hell Of It:

deep into the heart of God's Country in the Appalachian Mountains of West Virginia. They're in search of a big water kayaking adventure. Instead, they stumble across a terrorist super cell plotting an attack on the nation's capital. Suddenly, they find themselves in a race for their lives.

In God's Country David A. Neiwert, 2021-09-24 Rather than simply demonizing or directing outrage at Patriot and militia organizations as some recent high visibility publications have done, David Neiwert takes the approach of allowing Patriot extremists to speak for themselves and largely on their own terms. His critical journalistic dialogue allows us to better understand the social, economic, philosophical, and religious complexities of how and why these people have come to think the way they do. There is no question that strains of racism, paranoia, ill will, and even evilness can characterize many of these people, but it is equally true that they often minimally educated and economically and socially challenged by the changing times, are desperately responding to feelings of having been marginalized and even disenfranchised from the American dream. Neiwert's comprehensive manuscript presents an overview of the multitude of Patriot organizations and beliefs found in the Northwest today. Neiwert feels it is essential to maintain some kind of dialogue with Patriots because, after all, these people are our neighbors and relatives, and they are here to stay.

God's Country Percival Everett, 2024-03-05 Mr. Everett is successful combining heart with rage. The novel sears. David Bowman, The New York Times Book Review. This comic and fierce novel spoofs the classic Western format with the dark, incisive humor we've come to expect from the acclaimed National Book Award and Pulitzer Prize-winning author of *James*. One of the earliest works anchoring Percival Everett's illustrious career, *God's Country* is by turns funny, shocking, and devastating. The unlikely narrator through this tale of misadventures is one Curt Marder, gambler, drinker, cheat, and would-be womanizer. Unfortunately, he's a coward. When he sees a band of Injun impersonators pillaging his home, he has half a mind to ride down that hill and say something, but it was just half a mind after all. It's 1871, and he's lost his farm, his wife, and his dog to a band of marauding hooligans. With nothing to live on but a desire to recover what is rightfully his, Marder enlists the help of the best tracker in the West, a Black man named Bubba. With an introduction from renowned novelist Madison Smartt Bell, this is the perfect edition to add to your growing Percival Everett collection. As NPR's Michael Schaub noted, "It's impossible to predict what the next Everett book will bring, but it's always a safe bet that it's going to be great."
