The War of the Flowers Tad Williams, 2019-01-08 A masterpiece of fairy tale worldbuilding with a Faerie land that eerily mirrors the real world The tone is often dark but rich building a wondrous set in a fascinating world with a classic reluctant hero and a cause worth cheering for *Locus* *The Guy Not Taken* Jennifer Weiner, 2007-06-26 From the bestselling author of *Good in Bed* comes a new collection of stories *Good in Bed* Jennifer Weiner, 2002-04-02 1 New York Times bestselling author Jennifer Weiner brings to life an irresistibly funny and relatable heroine in the novel The Boston Globe called funny fanciful extremely poignant and rich with insight For twenty eight years things have been tripping along nicely for Cannie Shapiro Sure her mother has come charging out of the closet and her father has long since dropped out of her world But she loves her friends her rat terrier Nifkin and her job as pop culture reporter for The Philadelphia Examiner She s even made a tenuous peace with her plus size body But the day she opens up a national women s magazine and sees the words Loving a Larger Woman above her ex boyfriend s byline Cannie is plunged into misery and the most amazing year of her life From Philadelphia to Hollywood and back home again she charts a new course for herself mourning her losses facing her past and figuring out who she is and who she can become **Enchanted Hunters: The Power of Stories in Childhood** Maria Tatar, 2009-04-20 Highly illuminating for parents vital for students and book lovers alike *Enchanted Hunters* transforms our understanding of why children should read Ever wondered why little children love listening to stories why older ones get lost in certain books In this enthralling work Maria Tatar challenges many of our assumptions about childhood reading Much as our culture pays lip service to the importance of literature we rarely examine the creative and cognitive benefits of reading from infancy through adolescence By exploring how beauty and horror operated in C S Lewis s *Chronicles of Narnia* Philip Pullman s *His Dark Materials* J K Rowling s *Harry Potter* novels and many other narratives Tatar provides a delightful work

for parents teachers and general readers not just examining how and what children read but also showing through vivid examples how literature transports and transforms children with its intoxicating captivating and occasionally terrifying energy In the tradition of Bruno Bettelheim s landmark *The Uses of Enchantment* Tatar s book is not only a compelling journey into the world of childhood but a trip back for adult readers as well
