Taub, 1997-07-16 Since World War II Jewish American novelists have significantly contributed to the world of literature This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definition of Jewish religious and cultural traditions Art Speigelman whose controversial *Imaus* established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist's critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources of information Since World War II Jewish American novelists have made numerous significant contributions to contemporary literature Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America and their works would reflect the world of European Jewish culture But like other immigrant groups Jewish Americans have become increasingly assimilated into mainstream American culture Many feel the loss of their heritage and long for something to replace the lost values of the old world This reference book includes

alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II. Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures. While the volume profiles major canonical figures such as Saul Bellow, Norman Mailer, and Bernard Malamud, it also aims to be more inclusive than other works on contemporary Jewish American writers. Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definitions of Jewish religious and cultural traditions. Art Spiegelman whose controversial *Maus* established a new genre by combining elements of the comic book and the conventional novel, and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade. Each entry includes a brief biography, a discussion of major works and themes, an overview of the novelist's critical reception, and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II, and a selected general bibliography lists additional sources for information.

**California. Court of Appeal (2nd Appellate District). Records and Briefs** California (State)., **Meyer Levin** Steven J. Rubin, 1982 **A Study Guide for Anonymous's "The Song of Igor's Campaign"** Gale, Cengage Learning, 2016 **MS and Me**, **The Song of Igor's Campaign** Vladimir Nabokov, 2009-01-16 The author of *Lolita* translates the celebrated medieval epic Russian poem about a doomed campaign led by Prince Igor Sviatoslavich the Brave. A chivalric expedition is undertaken in the late twelfth century by a minor prince in the land of Rus to defeat against overwhelming odds a powerful alliance in a neighboring territory. The anonymous poet who chronicled this adventure packed unprecedented metaphorical agility, keenness of observation, and fascinating imagery into the lean and powerful tale of the doomed campaign. Discovered in the late eighteenth century and only narrowly distributed, the original manuscript was destroyed in a fire, leading to endless debate about the provenance and authenticity of the extant versions. It also served as the basis of Borodin's opera *Prince Igor*. Translated by Vladimir Nabokov, the verses that constitute *The Song of Igor's Campaign* are presented in their original rhyme and meter, and Nabokov's extensive annotations provide illuminations on all the aspects of the text. **The Kirkus Service**, 1968 **The Publishers Weekly**, 1969 **Out of Stone** John G. Rees, 2013-02 If you think evil had been put to rest with Halocline, John G. Rees' 2nd book of his anoxic zone series, think again. Evil does not sleep nor take a break as men do. It waits, but it is not still. Patient but never at peace, it waits until men take their break on vigilance. Then the tendrils of greed, lust, power, and jealousy insinuate themselves within the fecund soil of the unguarded mind. That is just the beginning. Evil does not want to be forever on the inside, just behind the eyes. No, it wants to live among men, feed on their fear. It wants out. Sechra was just a child when she witnessed man's cruelty in the extreme. Her young mind became black with hatred for what had been done to her family and people. Now this is what you call fertile soil. In a moment of childhood ignorance, she embraced the seed of evil in an effort to fill the void of all she had lost. It sprouted. Grew. A dark hand guided her unseen behind Sechra's sparkling eyes. Years of practice and natural ability rendered the girl a

master stonecutter No one noticed the sinister nature within her sculpture least of all Sechra until it was too late Then all hell breaks loose Out of Stone John G. Rees 4th horror novel once again grabs hold of the reader by the neck and brings them to places they've never been And never want to be That's the fun of it Out of Stone takes two characters from his earlier award-winning anoxic zone series and gives them headline roles They fulfill them rather tremendously bringing us into worlds we did not know existed showing us horrors from theirs and other lives that immediately become our own We follow Sechra who was a peculiar little girl as Halocline ended and just a child when she witnessed man's cruelty in the extreme Her young mind became black with hatred for what had been done to her family and people Her Aunt Karuna was there more often for the girl as her daughter Riana Vlad her husband the Voivode were more involved in the workings of their people and land in Romania Karuna most definitely thought Sechra was a unique child Her determination and strength of mind were amazing She had been through a lot in her young life things that would have turned others mad Instead she turned it out to art Sechra had turned into quite the sculptor in her teens continuing on to amaze and confound her family acquaintances and then the art world none of which had never seen such hideous visions let alone imagine them Karuna Danesti felt the evil in Sechra's work and knew it had to be out in the world as well That was what Sechra's work was saying No one noticed the sinister nature within her sculpture least of all Sechra until it was too late Then all hell breaks loose
