Lillian Kremer, Lillian Kremer, 2018-02-05 Witness through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust Criticism of Holocaust literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed

an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness Through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe Journeying Claudio Magris,2018-03-20 A writer for whom the journey has always mattered reinvents the very form itself in this inviting collection of in the moment impressions of his journeys A writer of enormous erudition and wide ranging travels Claudio Magris selects for this volume writings penned during trips and wanderings over the span of several decades He has traveled through these years with many beloved companions to whom he dedicates the book and sought the kind of journey that occurs when you abandon yourself to the gentle current of time and to whatever life brings Taken together Magris s essays share a clearly identified theme They represent the motif of the journey in all its aspects literary metaphysical spiritual mythical philosophical historical as well as the author s comprehensive understanding of the subject or one might say of his own way of being in the world Traveling from Spain to Germany to Poland Norway Vietnam Iran and Australia he records particular moments and places through a highly personal lens A writer s writer and a reader s traveler Magris proves that wandering is equal part wondering Jewish Theatre: A Global View Edna Nahshon,2009-07-30 While a frequently used term Jewish Theatre has become a contested concept that defies precise definition Is it theatre by Jews For Jews About Jews Though there are no easy answers for these questions Jewish Theatre A Global View contributes greatly to the conversation by offering an impressive collection of original essays written by an international cadre of noted scholars from Europe the United States and Israel The essays discuss historical and current texts and performance practices covering a wide gamut of genres and traditions **The Dao of Being Jewish and Other Stories** Irene Shaland,2023-01-16 This book is a collection of Jewish survival stories and fascinating tales This is not a conventional travel guide this book will shine a light on the history of 10 Jewish communities in Europe Asia and Africa Together with the author you will visit incredible places and meet the Jews of today GTA Books Two and a half millennia ago a small party of Jews explored new trading routes for King Solomon settled in the south of India and lived there peacefully until today Similarly during the ancient Roman period many Jewish merchants traveled to China over the Silk Route and some made it their permanent home Also before the Edict of Expulsion in 1492 Sicily was home to over 50 Jewish communities possibly numbering 50 000 people So how did the Diaspora bring these wandering Jews to so many places around the globe And why did Jews live happily in India and China for centuries and not experience antisemitism while the story of the Jews in Europe went from persecution and massacres to unspeakable horrors of the Holocaust Finally why do we see the rise of antisemitism and violence again in the 21st century You will find answers to these questions and much more in the current edition of Irene Shaland s artfully illustrated book The

Dao of Being Jewish and Other Stories She collected these fascinating stories while visiting ten countries in Europe Asia and Africa and interviewing the locals in their homes synagogues and even cemeteries Now Irene Shaland s book replete with her husband s photos takes you on your own exciting journey of discovery from Austria and the Czech Republic to Scandinavia from India and China to Sicily and Sardinia and from East Africa to Stalinist Russia The Short Story Valerie

Shaw,2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story s literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris

The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **Eternal Treblinka** Charles Patterson,2002

Metamorphosis and Other Stories Franz Kafka, 2008-10-02 This collection of new translations brings together the small proportion of Kafka's works that he himself thought worthy of publication It includes Metamorphosis his most famous work an exploration of horrific transformation and alienation Meditation a collection of his earlier studies The Judgement written in a single night of frenzied creativity The Stoker the first chapter of a novel set in America and a fascinating occasional piece and The Aeroplanes at Brescia Kafka's eyewitness account of an air display in 1909 Together these stories reveal the breadth of Kafka's literary vision and the extraordinary imaginative depth of his thought Isaac B. Singer Florence Noiville, 2006-10-17 Isaac Bashevis Singer 1904 1991 is widely recognized as the most popular Yiddish writer of the twentieth century His translated body of work for which he received the Nobel Prize in Literature in 1978 is beloved around the world But although Singer was a very public and outgoing figure much about his personal life remains unknown In Isaac Bashevis Singer Florence Noiville offers a glimpse into the world of this much beloved but persistently elusive figure An astonishingly prolific writer Singer was able to recreate the lost world of Jewish Eastern Europe and also to describe the immigrant experience in America Drawing heavily upon folklore Singer's work is noted for its mystical strain But he was also heavily concerned with the problems of his own day and through his novels and stories runs a strong undercurrent of social consciousness Unafraid to celebrate peasant life Singer was often accused of being vulgar yet he was also recognized for a deeply moral sensibility And much like his work Singer's personal life was marked by contradiction the son of a Rabbi he struggled with warring currents of devotion and doubt Solicitous of affection he was also known for his philandering Devoted to the notion of family he abandoned his own son before the Second World War Drawing on letters personal recollections and interviews with Singer's friends family and publishing contemporaries Florence Noiville speaks to these paradoxes More appreciation than comprehensive biography her narrative is rich in detail about the people places and ideas that shaped Singer's world A remarkably vivid portrait of the man and his work emerges a compassionate vivid and insightful vision of one of the twentieth century's greatest storytellers *Friendship* Herb Galewitz, 2012-12-04 Over 400 timeless observations including A true friend is one soul in two bodies Aristotle Friendship is like money easier made than kept Samuel Butler many
