**Social Structures** John Levi Martin, 2009-07-27 Social Structures is a book that examines how structural forms spontaneously arise from social relationships Offering major insights into the building blocks of social life it identifies which locally emergent structures have the capacity to grow into larger ones and shows how structural tendencies associated with smaller structures shape and constrain patterns of larger structures The book then investigates the role such structures have played in the emergence of the modern nation state Bringing together the latest findings in sociology anthropology political science and history John Levi Martin traces how sets of interpersonal relationships become ordered in different ways to form structures He looks at a range of social structures from smaller ones like families and street gangs to larger ones such as communes and ultimately nation states He finds that the relationships best suited to forming larger structures are those that thrive in conditions of inequality that are incomplete and as sparse as possible and thereby avoid the problem of completion in which interacting members are required to establish too many relationships and that abhor transitivity rather than assuming it Social Structures argues that these patronage relationships which often serve as means of loose coordination in the absence of strong states are nevertheless the scaffolding of the social structures most distinctive to the modern state namely the command army and the political party

**Four Steps to Making a Perfect Relationship, but There's Always One Thing Missing** Clarence Tutu, calibre (0.7.47) [http://calibre-ebook.com], 2009-11 Why is it that in the mist of death people always change Why does it take life for people to change their ways Do people really care or are they just caring for a moment while the life is at stake If people really cared then they wouldn't wait till a life is on the line People don't realize what they have until it's gone but when it's

a a s gone itA a a s too late Some people just donA a t learn until itA a a s too late Why does it take someone who has never had anything to teach someone who has had everything to care about the things they have The person with nothing gives more than the person who has everything Why Before you can judge someone you have to know what they have been through but even then you should judge yourself first Live love and be happy I love you **My Enemy's Daughter** Justin
