Palestine

Investigated Eldad Harouvi, 2016-08-08 This book tells the story of the Criminal Investigation Department CID of the Palestine Police Force PPF in the historical context which impacted the CID's missions, methods and composition. At first the CID was engaged in providing technical assistance for criminal investigation. Following the PPF's poor performance in the Arab Revolt in 1929, a commission of inquiry headed by Sir Herbert Dowbiggin recommended adding intelligence gathering and surveillance of political elements to police functions. Teams were set up and a Special Branch established. From 1932 the CID deployed a network of live sources among the Arabs and issued intelligence summaries evaluating Arab and Jewish political activity. Post 1935 the security situation deteriorated, Arab policemen and officials joined the Arab side, thus drying up sources of information; the British therefore asked for assistance from the Jewish population. In 1937 Sir Charles Tegart recommended that the CID invest in obtaining raw intelligence by direct contacts in the field. In 1938 Arthur Giles took command and targeted both the Revisionist and Yishuv movements. Although the CID did not succeed in obtaining sufficient tactical information to prevent Yishuv actions, Giles identified the mood of the Jewish leadership and public, an important intelligence accomplishment regarding Britain's attitude towards the Palestine question. But British impotence in the field was manifested by the failure to prevent the bombing of the King David Hotel in Jerusalem. Towards the end of the Mandate, as civil war broke out following the UN General Assembly resolution of November 1947, the CID was primarily engaged in documenting events and providing evaluations to London, whose decision makers put high value on CID intelligence as they formulated political responses. Espionage and Secrecy (Routledge Revivals) Rosamund Thomas, 2016-06-10 This prize-winning book, first published in 1991, provides a detailed legal account of the development of the UK Official Secrets Acts 1911-1989. In particular, the Espionage section 1 of this criminal law is analysed carefully, illustrated by leading cases of UK spies prosecuted under this section, particularly during the 1980s, including MI5 officer Michael Bettaney and Geoffrey Prime, who worked at GCHQ. The author also examines problems of evidence in espionage prosecutions and the consent of the Attorney General in cases under the Official Secrets Acts. This book remains the definitive treatise on the UK Official Secrets Acts, especially concerning the espionage provisions.
