Friends Moments Countryside Selected Columns From Canadian Living 1993 98:

Friends, Moments, Countryside Peter Gzowski, 1998 Tender personal deeply felt and beautifully crafter Peter Gzowski's columns in Canadian Living are models of the essayist's art In Friends Moments Countryside Gzowski has gathered sixty of his favourite columns about the undercelebrated people the fleeting moments and the special places that have most affected him And especially to introduce this collection he's penned a lengthy and thoughtful essay on the changes in Canada he's observed from his various vantage points This is Peter Gzowski at his best intimate reflective and very very Canadian

Canadian Books in Print 2002 Marian Butler, 2002-02 *Peter Gzowski* R.B. Fleming, 2010-08-27 Born in 1934 Peter Gzowski covered most of the last half of the century as a journalist and interviewer This biography the most comprehensive and definitive yet published is also a portrait of Canada during those decades beginning with Gzowski's days at the University of Toronto's The Varsity in the mid 1950s through his years as the youngest ever managing editor of Maclean's in the 1960s and his tremendous success on CBC's Morningside in the 1980s and 1990s and ending with his stint as a Globe and Mail columnist at the dawn of the 21st century and his death in January 2002 Gzowski saw eight Canadian Prime Ministers in office most of whom he interviewed and witnessed everything from the Quiet Revolution in Quebec to the growth of economic nationalism in Canada's West From the rise of state medicine to the decline of the patriarchy Peter was there to comment to resist and to participate Here was a man who was proud to call himself Canadian and who made millions of other Canadians realize that Canada was in what he claimed was a Canadian expression not a bad place to live *Canadian Books in Print*, 2003 **Inuitit**, 2002 [Canadian Book Review Annual](#), 2003 **The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new

millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry *A mari usque ad mare* from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada *Quill & Quire*, 2001 **TLA Video & DVD Guide 2005** David Bleiler, 2004-10 This 2005 edition of the annual critical guide that focuses on independent and international films as well as the best in the mainstream contains reviews for more than 10 000 films more than 300 photos a comprehensive selection of cinema from more than 50 countries and much more *The Wisconsin Farmer*, 1900 **The Encyclopedia of New York State** Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York's varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state's diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures
