**From Dictatorship to Democracy** Hildegard Ziegler Kurz,1991-01-01 **Yearbook of German-American Studies**,1992 Chinese American Forum ,1992 **Small Press** ,1991 *Small Press Record of Books in Print* ,1992 **Subject Guide to Books in Print** ,1991 *Turkey* Erik J. Zürcher,2017-12-21 This revised edition builds upon and updates its twin themes of Turkey s continuing incorporation into the capitalist world and the modernization of state and society It begins with the forging of closer links with Europe after the French Revolution and the changing face of the Ottoman Empire in the 19th century Zürcher argues that Turkey s history between 1908 and 1950 should be seen as a unity and offers a strongly revisionist interpretation of Turkey s founding father Kemal Atatürk In his account of the period since 1950 Zürcher focuses on the growth of mass politics the three military coups the thorny issue of Turkey s human right s record the alliance with the West and relations with the European Community Turkey s ambivalent relations with the Middle East the increasingly explosive Kurdish question and the continuing political instability and growth of Islam *National Pasts in Europe and East Asia* Peter W. Preston,2012-07-26 With the rise of industrial capitalism in Europe and the related imposition of colonial rule in much of East Asia both Europe and East Asia have intertwined histories that continue to shape their political thinking and political decision making The contemporary interactions of the two regions now once again major trading partners will both depend upon and facilitate deeper understandings of their respective sets of national pasts This book compares national pasts as well as the current processes of change taking place in Europe and East Asia including the dynamics of the European Union in Europe and the re emergence of the historical centre of China in East Asia It argues that as the change unfolds in the economic social and political fields the various national pasts embedded with the politics of the two regions will also need to be revisited and reworked This book makes an invaluable contribution to research on comparative politics as well as studies on South East Asia and Europe *Historical Abstracts* Eric H. Boehm,2000 *A Breath of Freedom* Maria Höhn,Martin Klimke,2010-09-15 Based on an award winning international research project and photo exhibition this poignant and beautifully illustrated book examines the experiences of African American GIs in Germany and the unique insights they provide into the civil rights struggle at home and abroad Thanks in large part to its military occupation of Germany after World War II America s unresolved civil rights agenda was exposed to worldwide scrutiny as never before At the same time its ambitious efforts to democratize German society after the defeat of Nazism meant that West Germany was exposed to American ideas of freedom and democracy to a much larger degree than many other countries As African American GIs became increasingly politicized they took on a particular significance for the Civil Rights Movement in light of Germany s central role in the Cold War While the effects of the Civil Rights Movement reverberated across the globe Germany represents a special case that illuminates a remarkable period in American and world history Digital archive including videos photographs and oral history interviews available at [www.breathoffreedom.org](http://www.breathoffreedom.org) The Spectator ,1976-07

A weekly review of politics literature theology and art      **Sociological Abstracts** Leo P.
