From Eden To Exile The Epic History Of The People Of The Bible:

From Eden to Exile David Rohl, 2003 This is Old Testament history from a 21st century historian's perspective. A story of real people and real events told in its proper historical setting. The earliest part of the Bible is recognized as the foundation stone of three great religions: Judaism, Christianity, and Islam. Yet over the last century, archaeologists and historians have signally failed to find any evidence to confirm the events described in the book of books prior to the 9th century BC. As a consequence, many scholars took the view that the Old Testament was little more than a work of fiction. David Rohl builds on his New Chronology theory, which proposes that modern-day researchers have constructed an artificially long chronology for the ancient world, creating a false timeline which has dislocated Old Testament events from their true chronological settings. *From Eden to Exile* is the epic tale of the Israelites and their powerful god Yahweh, established in a genuine historical context. An analysis of ancient contemporary documents combined with the archaeological record reveals extra-biblical information and stories about personalities such as Enoch, Noah, Nimrod, Abraham, Joseph, Moses, Joshua, Saul, David, and Solomon. The Bible has at last been recovered from the ruins of the past, throwing unforeseen and fascinating new light on the world's most treasured book.

The Prayer of Silence PhD Bruce Fraser MacDonald, 2011-11. *The Prayer of Silence* has several aims: 1 to teach basic relaxation and concentration methods based on bodily awareness; 2 to develop an awareness of the Divine Presence; 3 to overcome emotional and personality blocks to develop a sense of personal wholeness; 4 to develop an awareness of what the author, drawing on a near-death experience in 1966, calls the Watcher aspect of consciousness that speeds the development of spiritual perception of inner Love, Peace, and Joy; 5 to transform the ego from attachment to material and emotional limits to a spiritual Ego that is one with the Atman or Spirit and to extend that spiritual awareness to the world and other people; 6 to be able to deal with the conflicts and potential arising from the memory of past lives; 7 to be able to find a Spiritual Guide in the inner person; 8 to be able to deal with the inevitable dry periods in spiritual practice; 9 to experience Nirvana where all lower attachments are blown out; and 10 to achieve Divine Union where the Ego and God are One, where Atman experiences itself as one with Brahman, where one can say with Jesus, 'I and the Father are One'. There is also a very good chapter on mantras so the student can learn about their nature and use. Although *The Prayer of Silence* uses a different, more direct form of focus to achieve concentration and inner awareness, Dr MacDonald has also remembered and worked with many of his own past lives, so he is a reliable guide to others who are going through that process. The author is a master teacher, and the book presents its material in a steadily more complex form, laying the necessary foundations before proceeding to the higher levels of learning. There is a combination of theory and practical exercises so the learner can develop meditation skills gradually but with confidence, building from one stage to the next to achieve mastery of the subject. The writing is clear and concise and easy to understand. In order to explain the often difficult ideas associated with meditation and spiritual growth, Dr MacDonald draws on the language, ideas, and practice of Christian, Hindu, Jewish, and

Buddhist traditions to clarify ideas from different angles He also draws on relevant scientific studies of human consciousness to help make the ideas and aims of this Prayer of Silence clear to the reader **2030 - The Sixth Thousandth Year** Paul R.
