From Empire To Antion The Rise To Self Assertion Of Asian And African Peoples:

From Empire to Nation Rupert Emerson,1964 **From Empire to Nation; The Rise to Self-Assertion of Asian and African Peoples** Rupert Emerson,1960 **Emerson** EMERSON,1974-07 Empire to Nation Joseph W. Esherick,Hasan Kayali,Eric Van Young,2006-04-27 The fall of empires and the rise of nation states was a defining political transition in the making of the modern world Here ten prominent specialists discuss the empire to nation transition in comparative perspective Chapters on Latin America the Middle East Eastern Euro **From Empire to Nation** Milton Rokeach,1960

Resisting Occupation Miguel A. De La Torre,Mitri Raheb,2022-03-14 In Resisting Occupation international scholars discuss the radical denial of human flourishing caused by the occupation of mind body spirit and land They explore how religious perspectives can be and often are constructed by occupiers to justify their actions perpetuate exploitation and domesticate indigenous landholders In the name of Christianization and civilization which has proven to be a global phenomenon beyond time and space a consistent domestication process is established The colonized are taught to want to yearn for and to embrace their occupation seeing themselves through the eyes of their colonizers Writing from different spots around the globe the scholars of this book demonstrate how occupation a synonym for empire is manifested within their social context and reveal unity in their struggle for liberation Recognizing that where there is oppression there is resistance the contributors turn to religion While questioning the logic rationale theology and epistemology of the empire s religion they nonetheless seek the liberative response of resistance at times using the very religion of the occupiers Creating Boundaries Kathryn A. Manzo,1996 This work analyses common conceptions about the relationship or lack of one between race and nationalism Case studies of Australia Britain and South Africa are provided The author has also written Domination Resistance and Social Change in South Africa The Local Effects of Global Power **Rise Of Singapore, The (In 2 Volumes)** Mark Tat Soon Hong,2015-11-26 In the 50th anniversary year of Singapore s independence it is timely to trace our developmental journey in order that young Singaporeans students visiting tourists and foreigners working in Singapore may be informed about why and how Singapore succeeded despite tremendous odds The two volumes relate the developmental stories and secrets of Singapore so that other developing countries can be inspired to achieve their own successes It is a story worth telling so that the great achievements by our Pioneer Generation will be recorded and which may serve as an inspiration to the younger generations to guide them for the next 50 years **The Military And Security In The Third World** Sheldon W. Simon,2019-06-26 This book explores two of the most important dimensions of the military as an institution in Third World politics its role in domestic power structures and internal development and its impact on the formation and execution of the security aspects of foreign policy These internal and external orientations are compared here across selected Third World countries in Asia Africa and Latin America The authors are area experts and specialists in comparative and international politics Part 1 focuses on how the interaction of military and civilian elites creates a specific

domestic political climate The socioeconomic characteristics of these elites are compared and related to their policy preferences An examination of military establishments in regimes ranging from communist Cuba through business oriented Indonesia reveals whether military similarities persist among differing types of government In Part 2 the contributors examine the role of military force in the Third World through a general empirical treatment of military behavior in developing countries an assessment of the security policies with emphasis on their military components of several Middle Eastern and Asian states and an evaluation of the U S experience in supporting anti communist Third World security efforts *In Search of Southeast Asia* David Joel Steinberg, David P. Chandler, William R. Roff, John R. W. Smail, Robert H. Taylor, Alexander Woodside, David K. Wyatt, 2021-05-25 No detailed description available for In Search of Southeast Asia

Human Rights and World Public Order Myres Smith McDougal, Harold Dwight Lasswell, Lung-chu Chen, 2019 As a classic text of the New Haven School of International Law this book explores human rights and international law in the broadest sense taking into account social sciences research while embracing all values secured or consequently fulfilled or needed to thus be achieved The re issuance of this venerable title unveils this work to a new generation of scholars students and practitioners of international law and human rights

Nation, State, and Territory George W. White, 2007-04-26 Globalization seems to be making nation states increasingly irrelevant yet their number has continued to grow in recent years New nation states emerged out of the ruins of the Soviet Union and Yugoslavia more still may come as Palestinians Kurds Chechens and other peoples struggle tenaciously to establish their own Nation State and Territory shows that national identities are as potent as ever Today many conflicts rage over places and territories of historical linguistic and religious significance Many analyses however only consider the economic and geostrategic value of territory George W White shows that national identity is intimately bound to specific places and territories Nation state and territory are mutually defining and reinforcing phenomena and through careful analysis White examines their origins evolutions and relationships to provide a better understanding of the interactions and conflicts of the world s nation states

Language, Religion and Politics in North India Paul R. Brass, 2005 This book is recognized as a classic study both of the politics of language and religion in India and of ethnic and nationalist movements in general It received overwhelmingly favorable reviews across disciplinary and international boundaries at first publication characterized as a masterly conceptual analysis of language religion ethnic groups and nationhood a monumental work of interest to all political scientists one that should be required reading for any politically concerned person in the United Kingdom from a TLS review a work whose value and importance can scarcely be overstated with no competitor in the same class

Patronage and Community in Medieval China Andrew Chittick, 2010-07-02 This first book length treatment of a provincial military society in China s early medieval period offers a vivid portrait of this milieu and invites readers to reevaluate their understanding of a critical period in Chinese history Drawing on poetry local history archaeology and Buddhist materials as well as more traditional historical sources Andrew

Chittick explores the culture and interrelationships of the leading figures of the Xiangyang region in the north of modern Hubei province in the centuries leading up to the Sui unification Using the model of patron client relations to characterize the interactions between local men and representatives of the southern court at Jiankang the book emphasizes the way in which these interactions were shaped by personal ties and cultural and status differences The result is a compelling explanation for the shifting unstable and violent nature of the political and military system of the southern dynasties Offering a wider perspective which considers the social world beyond the capital elite the book challenges earlier conceptions of medieval society as aristocratic and rooted in family lineage and officeholding Andrew Chittick is E Leslie Peter Associate Professor of East Asian Humanities at Eckerd College *The Once and Future World Order* Amitav Acharya, 2025-04-08 The epic story of the past present and future of world order offering a timely Odd Arne Westad coauthor of *The Great Transformation* argument that the decline of the West may be a good thing for the world Since the dawn of the twenty first century the West has been in crisis Social unrest political polarization and the rise of other great powers especially China threaten to unravel today s Western led world order Many fear this would lead to global chaos But the West has never had a monopoly on order Surveying five thousand years of global history political scientist Amitav Acharya reveals that world order the political architecture enabling cooperation and peace among nations existed long before the rise of the West Moving from ancient Sumer India Greece and Mesoamerica through medieval caliphates and Eurasian empires into the present Acharya shows that humanitarian values economic interdependence and rules of inter state conduct emerged across the globe over millennia History suggests order will endure even as the West retreats In fact the end of Western dominance offers us the opportunity to build a better world where non Western nations find more voice power and prosperity Instead of fearing the future the West should learn from history and cooperate with the Rest to forge a more equitable order This is the definitive account of how world order evolved and why it will survive the decline of the West *Nation and Its Modes of Oppressions in South Asia* Sajal Nag, 2022-12-30 This volume examines nationhood as a concept and how it became the basis of political discourse in South Asia It studies the emergence of nationalism in modern states as a powerful omnipotent and omnipresent form of political identity in the nineteenth and twentieth centuries This book examines the idea of a nation as it originated in medieval Europe as an unending process of othering individuals groups and communities to establish its hegemony exclusivity and absolute power within a political discourse It sheds light on how these new political frameworks in the name of nationalism resulted in conflicts and bloodshed It unleashed politics of retribution and facilitated majoritarianism minority persecution and collective authoritarianism which devastated individuals and collectivities Further the author also discusses various prominent ideas and contemporary theories on nationalism alongside pivotal socio cultural factors which have significantly shaped the formation of modern nation states and their politics Topical and nuanced this book will be indispensable to researchers scholars and readers interested in nationalism political science modern history political theory

political philosophy political sociology political history post colonial studies and South Asia studies **Nation-Building and Identity in the Post-Soviet Space** Rico Isaacs, Abel Polese, 2016-04-14 Nation building as a process is never complete and issues related to identity nation state and regime building are recurrent in the post Soviet region This comparative interdisciplinary volume explores how nation building tools emerged and evolved over the last twenty years Featuring in depth case studies from countries throughout the post Soviet space it compares various aspects of nation building and identity formation projects Approaching the issue from a variety of disciplines and geographical areas contributors illustrate chapter by chapter how different state and non state actors utilise traditional instruments of nation construction in new ways while also developing non traditional tools and strategies to provide a contemporary account of how nation formation efforts evolve and diverge *Dirty Tricks or Trump Cards* Roy Godson, 2018-02-06 Contrary to popular misconceptions and public branding as dirty tricks covert action and counterintelligence can have considerable value Democracies while wary of these instruments have benefited significantly from their use saving lives treasure and gaining strategic advantage As liberal democracies confront the post Cold War mix of rogue states and non state actors such as criminals and terrorists and weapons of mass destruction and mass disruption these clandestine arts may prove to be important tools of statecraft and perhaps trump cards in the twenty first century Godson defines covert action as influencing events in other parts of the world without attribution and counterintelligence as identifying neutralizing and exploiting the secret activities of others Together they provide the capability to resist manipulation and control others to advantage Counterintelligence protects U S military technological and diplomatic secrets and turns adversary intelligence to U S advantage Covert action enables the United States to weaken adversaries and to assist allies who may be hampered by open acknowledgment of foreign support Drawing on contemporary and historical literature broad ranging contacts with senior intelligence officials in many countries as well as his own research and experience as a longtime consultant to the U S government Godson traces the history of U S covert action and counterintelligence since 1945 showing that covert action works well when it is part of a well coordinated policy and when policy makers are committed to succeeding in the long term Godson argues that the best counterintelligence is an offensive defense His exposition of the essential theoretical foundations of both covert action and counterintelligence supported by historical examples lays out the ideal conditions for their use as well as demonstrating why they are so difficult to attain This book will be of interest to students and general readers interested in political science national security foreign policy and military policy The Social Legacy of Communism James R. Millar, Sharon L. Wolchik, 1994-08-26 This book analyzes the social impact of the transition from communism in Eastern Europe and the former Soviet Union Africa Since 1935 Ali Al'Amin Mazrui, Christophe Wondji, Unesco. International Scientific Committee for the Drafting of a General History of Africa, 1993 v 1 Methodology and African prehistory v 2 Ancient civilizations of Africa v 3 Africa from the seventh to the eleventh century v 4 Africa from the twelfth to the sixteenth century v 5 Africa from the sixteenth to the eighteenth century v

6 The nineteenth century until the 1880s v 7 Africa under foreign domination 1880 1935 v 8 Africa since 1935
