From Here To There Hitchhiking:

From Here to There Hitchhiking Aaron Hamilton, 1998-10-01 **Unhomed** Pamela Robertson Wojcik, 2024-04-23 In this rich cultural history Pamela Roberston Wojcik examines America's ambivalent and shifting attitude toward homelessness She considers film cycles from five distinct historical moments that show characters who are unhomed and placeless mobile rather than fixed characters who fail resist or opt out of the mandate for a home of one's own From the tramp films of the silent era to the 2021 Oscar winning *Nomadland* Wojcik reveals a tension in the American imaginary between viewing homelessness as deviant and threatening or emblematic of freedom and independence Blending social history with insights drawn from a complex array of films both canonical and fringe Wojcik effectively unhomes dominant narratives that cast aspirations for success and social mobility as the focus of American cinema reminding us that genres of precarity have been central to American cinema and the American story all along *The Lion's Roar* Chogyam Trungpa, 2001-11-13 This book is based on two historic seminars of the 1970s in which Chogyam Trungpa introduced the tantric teachings of Tibetan Buddhism to his Western students for the first time Each seminar bore the title *The Nine Yanas* Yana a Sanskrit word meaning vehicle refers to a body of doctrine and practical instruction that enables students to advance spiritually on the path of Buddha dharma Nine vehicles arranged in successive levels make up the whole path of Buddhist practice Teaching all nine means giving a total picture of the spiritual journey The author's nontheoretical experiential approach opens up a world of fundamental psychological insights and subtleties He speaks directly to a contemporary Western audience using earthly analogies that place the ancient teachings in the midst of ordinary life **Hitchhiking** Patrick Lavolette, 2020-09-02 The first English language social science book to comprehensively explore hitchhiking in the contemporary era in the West this volume covers a lot of ground it goes to and fro in an echo of the modus operandi of most hitchhiking journeys As scarification piercings and tattoos move from the counter culture to popular culture hitchhiking has remained an activity apart Yet with the assistance of virtual platforms and through its ever growing memorialisation in literature and the arts hitchhiking persists into the 21st century despite the many social anxieties surrounding it The themes addressed here thus include adventure gender fear and trust freedom and existential travel road and transport infrastructures communities of protest and resistance civic surveillance and risk ecologies *Lost Cities of China, Central Asia and India* David Hatcher Childress, 1991 Explores some of the world's oldest and most remote countries in search of lost cities and ancient mysteries

hitchhikers were a common sight for motorists as American service members students and adventurers sought out the romance of the road in droves Beats hippies feminists and civil rights and antiwar activists saw thumb tripping as a vehicle for liberation living out the counterculture's rejection of traditional values Yet by the time Ronald Reagan a former hitchhiker himself was in the White House the youthful faces on the road chasing the ghost of Jack Kerouac were largely gone along with sympathetic portrayals of the practice in state legislatures and the media In *Roadside Americans* Jack Reid traces the rise and fall of hitchhiking offering vivid accounts of life on the road and how the act of soliciting rides from strangers and the attitude toward hitchhikers in American society evolved over time in synch with broader economic political and cultural shifts In doing so Reid offers insight into significant changes in the United States amid the decline of liberalism and the rise of the Reagan Era
