R Sandford

From History To Sociology The Transition In German Historical Thinking:

From History to Sociology Carlo Antoni, 1959 From History to Sociology Antoni, 1974-02-01 From History to Sociology Carlo Antoni, 1962 *From History to Sociology* Carlo Antoni, 2003-01-01 *From History to Sociology* Carlo Antoni, 1998 First published in 1998 Routledge is an imprint of Taylor Francis an informa company **From History to Sociology** Carlo Antoni, 1985 **From History to Sociology; the Transition in German Historical Thinking. With a Foreword by Benedetto Croce. Translated from the Italian *Dallo Storicismo Alla Sociologia* by Hayden V. White** Carlo Antoni, 1959 **From History to Theory** Kerwin Lee Klein, 2011-05-19 From History to Theory describes major changes in the conceptual language of the humanities particularly in the discourse of history In seven beautifully written closely related essays Kerwin Lee Klein traces the development of academic vocabularies through the dynamically shifting cultural political and linguistic landscapes of the twentieth century He considers the rise and fall of philosophy of history and discusses past attempts to imbue historical discourse with scientific precision He explores the development of the meta narrative and the post Marxist view of history and shows how the present resurgence of old words such as memory in new contexts is providing a way to address marginalized peoples In analyzing linguistic changes in the North American academy From History to Theory innovatively ties semantic shifts in academic discourse to key trends in American society culture and politics **The Critique of the State** Jens Bartelson, 2001-11 What kind of political order would there be in the absence of the state Jens Bartelson argues that we are currently unable to imagine what might lurk beyond because our basic concepts of political order are conditioned by our experience of statehood In this study he investigates the concept of the state historically as well as philosophically considering a range of thinkers and theories He also considers the vexed issue of authority modern political discourse questions the form and content of authority but makes it all but impossible to talk about the foundations of authority Largely due to the existing practices of political and scientific criticism authority appears to be unquestionable Bartelson s wide ranging and readable discussion of the suppositions and presuppositions of statehood will be of interest to scholars and upper level students of political theory and social theory and philosophy of social science *Politics, Death, and the Devil* Harvey Goldman, 2023-09-01 This sequel to Harvey Goldman s well received Max Weber and Thomas Mann continues his rich exploration of the political and cultural critiques embodied in the more mature writings of these two authors Combining social and political thought intellectual history and literary interpretation Goldman examines in particular Weber s Science as a Vocation and Politics as a Vocation and Mann s The Magic Mountain and Doctor Faustus Goldman deals with the ways in which Weber and Mann sought an antidote to personal and cultural weakness through practices for generating strength mastery and power drawing primarily on ascetic traditions at a time when the vitality of other German traditions was disappearing Power and mastery concerned both Weber and Mann especially as they tried to resolve problems of politics and culture in Germany Although their resolutions of the problems they confronted seem

inadequate they show the significance of linking social and political thought to conceptions of self and active worldly practices Trenchant and illuminating Goldman's book is essential reading for anyone interested in political theory social thought and the intellectual history of Germany This sequel to Harvey Goldman's well received Max Weber and Thomas Mann continues his rich exploration of the political and cultural critiques embodied in the more mature writings of these two authors Combining social and political thought intelligently

Historicism Herman Paul, Adriaan van Veldhuizen, 2020-10-15 Throughout the twentieth century scholars artists and politicians have accused each other of historicism But what exactly did this mean Judging by existing scholarship the answers varied enormously Like many other isms historicism could mean nearly everything to the point of becoming meaningless Yet the questions remain What made generations of scholars throughout the humanities and social sciences worry about historicism Why did even musicians and members of parliament warn against historicism And what explains this remarkable career of the term across generations fields regions and languages Focusing on the travels that historicism made this volume uses historicism as a prism for exploring connections between disciplines and intellectual traditions usually studied in isolation from each other It shows how generations of sociologists theologians and historians tried to avoid pitfalls associated with historicism and explains why the term was heavily charged with emotions like anxiety anger and worry While offering fresh interpretations of classic authors such as Friedrich Meinecke Karl L with and Leo Strauss this volume highlights how historicism took on new meanings connotations and emotional baggage in the course of its travels through time and place

Weber, Irrationality, and Social Order Alan Sica, 2018-09-04 Despite immediate appearances this book is not primarily a hermeneutical exercise in which the superiority of one interpretation of canonical texts is championed against others Its origin lies elsewhere near the overlap of history psychoanalysis aesthetics and social theory of the usual kind Weber Pareto Freud W I Thomas Max Scheler Karl Mannheim and many others of similar stature long ago wondered and wrote much about the interplay between societal rationalization and individual rationality between collective furor and private psychopathology in short about the strange and worrisome union of character and social structure to recall Gerth and Mills Pondering the history of social thought in this century can lead to the unpleasant realization that such large scale questions slipped away especially from sociologists sometime before World War II Or if not entirely lost they were so transformed in range and rhetoric that a gap opened between contemporary theorizing and its European background Perhaps this partly explains Weber's continuing appeal By dealing with him one might again broach topics long at odds with social science of the last forty years From the Preface This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988

Hermeneutics, History and Memory Philip Gardner, 2010-01-21 This book presents a novel contribution to

topical academic debate seeing the sceptical challenge as an opportunity for reflection on history's key processes and practices

Hayden White Herman Paul, 2013-04-29 This new book offers a clear and accessible exposition of Hayden White's thought In an engaging and wide ranging analysis Herman Paul discusses White's core ideas and traces the development of these ideas from the mid 1950s to the present Starting with White's medievalist research and youthful fascination for French existentialism Paul shows how White became increasingly convinced that historical writing is a moral activity He goes on to argue that the critical concepts that have secured White's fame trope plot discourse figural realism all stem from his desire to explicate the moral claims and perceptions underlying historical writing White emerges as a passionate thinker a restless rebel against scientism and a defender of existentialist humanist values This innovative introduction will appeal to students and scholars across the humanities and help develop a critical understanding of an increasingly important thinker

Founders, Classics, Canons Peter Baehr, 2017-07-05 Founders classics and canons have been vitally important in helping to frame sociology's identity Within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition In Founders Classics Canons Peter Baehr defends the continuing importance of sociology's classics and traditions in a university education Baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons He demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content Equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken Although he questions the uses to which the concepts of founder classic and canon have been put Baehr is not dismissive On the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition

Time's Reasons Leonard Krieger, 2015-03-12 This original work caps years of thought by Leonard Krieger about the crisis of the discipline of history His mission is to restore history's autonomy while attacking the sources of its erosion in various new histories which borrow their principles and methods from disciplines outside of history Krieger justifies the discipline through an analysis of the foundations on which various generations of historians have tried to establish the coherence of their subject matter and of the convergence of historical patterns The heart of Krieger's narrative is an insightful analysis of theories of history from the classical period to the present with a principal focus on the modern period Krieger's exposition covers such figures as Ranke Hegel Comte Marx Acton Troeltsch Spengler Braudel and Foucault among others and his discussion involves him in subtle distinctions among terms such as historicism historicism and historicity He points to the impact on history of academic political radicalism and its results the new social history Krieger argues for the autonomy of historical principles and methods while tracing the importation in the modern period of external principles for historical coherence Time's Reasons is a profound attempt to rejuvenate and restore integrity to the discipline of history by

one of the leading masters of nineteenth and twentieth century historiography As such it will be required reading for all historiographers and intellectual historians of the modern period **Max Weber** Alan Sica,2017-09-08 The most profound and enduring social theorist of sociology's classical period Max Weber speaks as cogently to concerns of the new century as he did to those of the past In Max Weber and the New Century Alan Sica demonstrated Weber's preeminent position and lasting vitality within social theory by applying his ideas to a broad range of topics of contemporary concern Max Weber A Comprehensive Bibliography is a companion volume that offers some 4 600 bibliographic listings of work on Weber making it the most complete guide to the literature in English and a testament to the continued vitality of Weber's thought Sica's work supersedes all previous bibliographical efforts covering the Weber literature both in the quantity and accuracy of its references and the clarity and convenience of its format In order to demonstrate the enormous variety of Weberiana in English Sica has adopted a liberal criterion for inclusion rather than a critical one choosing to mix the best with what may be more routine work Following a preface in which previous bibliographies and bibliographic problems are discussed the volume opens with a series of five specialized bibliographies The first lists Weber's works in English translation The second lists reviews of Weber's major works including those translated into English while the third covers reviews of recent books and other work on Weber The fourth section contains a selection of dissertations and theses relating to Weber or his ideas The fifth includes primary and secondary sources treating Weber on rationality and rationalization processes The last and largest section offers a comprehensive Weber bibliography of works in English This large scale endeavor attempts to identify with accuracy and completeness the entire universe of Weber scholarship in English It will be an essential scholarly tool for sociologists historians economists and students of cultural and intellectual history **Ethnicity, Identity, and History**

Joseph B. Maier,2017-09-08 In a wide ranging analysis of the drama of history the importance of ethnicity and Jewish identity these essays explore areas of political and cultural disciplines fused with elegance in the work of the late eminent sociologist Werner J Cahnman The prominence of the American and European historians philosophers geographers sociologists and anthropologists in this volume represents evidence of the wide effect that Cahnman's work had on scholars in a number of fields in academic work This volume will make timely and rewarding reading for social scientists and historians especially those concerned with the religious factor Contributors Joseph B Maier Chaim I Waxman Louis Dumont Karl Bosl K M Bolte Edmund Leites Lewis S Feuer Lester Singer Harriet D Lyons Andrew P Lyons Alvin Boskoff Nathan Glazer Irving Louis Horowitz Herbert A Strauss William Spinrad Calvin Goldscheider Saul B Cohen and Emmanuel Maier **Max Weber and His Contemporaries** Wolfgang J. Mommsen,Jurgen Osterhammel,2013-10-28 Max Weber and His Contemporaries provides an unrivalled tour d horizon of European intellectual life in the late nineteenth and early twentieth centuries and an assessment of the pivotal position within it occupied by Max Weber Weber's many interests in and contributions to such diverse fields as epistemology political sociology the sociology of religion and economic history are compared with and connected to those of

his friends pupils and antagonists and also of those contemporaries with whom he had neither a personal relationship nor any kind of scholarly exchange Several contributors also explore Weber s attitudes towards the most important political positions of his time socialism conservatism and anarchism and his own involvement in German politics This volume contributes not only to a better understanding of one of the most eminent modern thinkers and social scientists but also provides an intellectual biography of a remarkable generation This book was first published in 1987

Ethics, Society and Politics: Themes from the Philosophy of Peter Winch Michael Campbell, Lynette Reid, 2020-06-17 This volume is a reappraisal of the work of Peter Guy Winch 1926 1997 one of the most important philosophers of the 20th Century Winch faded into relative obscurity compared to his contemporaries due to a mistaken belief that there are no systematic connections between the different aspects of his work This volume corrects that presupposition and reintroduces Winch s work to a new generation of scholars By showing how ethical political and social issues are interrelated in Winch s work and by making clear the connections between these issues and themes in metaphysics and the philosophy of mind the volume demonstrates both the breadth and the unity of Winch s approach It discusses topics such as ethics political philosophy social science the philosophy of action the philosophy of mind metaphysics and the philosophy of language Despite this apparent variety of topics the contributors to the volume share Winch s conviction that the different areas of philosophy are interdependent As a result the volume as a whole shows unity in diversity and provides an example of a manner of philosophising in which different approaches and sub disciplines are placed in dialogue with each other Peter Guy Winch is most famous for his early work on the philosophy of the social sciences His *On the Idea of a Social Science and its Relation to Philosophy* ISS generated controversy within both philosophical and social scientific circles In that work and subsequent publications Winch argued against the presupposition that social relations could be understood using the conceptual tools of the natural sciences Winch would later describe ISS as a young man s book and would come to regret the reputation it garnered him a mixture of roughly equal degrees fame and infamy Alongside his work on the philosophy of social sciences Winch was an interpreter and exegete of Wittgenstein He also published a ground breaking study of the philosophy of Simone Weil entitled *Simone Weil The Just Balance* Winch also published numerous essays on issues in ethics political philosophy and the philosophy of religion and at his death was working on a book manuscript on the problem of political authority

From History To Sociology The Transition In German Historical Thinking Introduction

In the digital age, access to information has become easier than ever before. The ability to download From History To Sociology The Transition In German Historical Thinking has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From History To Sociology The Transition In German Historical Thinking has opened up a world of possibilities. Downloading From History To Sociology The Transition In German Historical Thinking provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From History To Sociology The Transition In German Historical Thinking has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From History To Sociology The Transition In German Historical Thinking. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading From History To Sociology The Transition In German Historical Thinking. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From History To Sociology The Transition In German Historical Thinking, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From History To Sociology The Transition In German Historical Thinking has transformed the way we

access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About From History To Sociology The Transition In German Historical Thinking Books

What is a From History To Sociology The Transition In German Historical Thinking PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a From History To Sociology The Transition In German Historical Thinking PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a From History To Sociology The Transition In German Historical Thinking PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a From History To Sociology The Transition In German Historical Thinking PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a From History To Sociology The Transition In German Historical Thinking PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by

their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
