Exploring Film through Bad Cinema David C. Wall, 2025-08-08 Exploring Film through Bad Cinema offers an overview of the practice of film analysis through a specific focus on the concept of bad cinema within a series of broad cultural and historical contexts. Providing a wide-ranging discussion of film from multiple perspectives, including history, aesthetics, and criticism, this broad theoretical engagement illustrates the ways in which the registers of value that we apply to film are inseparable from the wider discourses of taste that shape our culture. While loosely chronological, it is largely thematic in arrangement, as it applies the traditional methods of film studies to in-depth discussions of some of the most notoriously and compellingly bad films in cinema history. Situating its analysis of a wide variety of films and filmmakers in terms of period, genre, and issues such as the emergence of narrative cinema, canon formation, and the politics of cultural hierarchy, it provides an in-depth consideration of the multiple and complex social and aesthetic discourses that shape our qualitative assessments of film. Designed for both the lay reader and student of film, Exploring Film through Bad Cinema engages with a wide range of topics from film history and film theory to

postmodernism exploitation and cult cinema This theoretically and historically sophisticated analysis will appeal to researchers and scholars in film studies as well as cognate disciplines such as screen studies visual studies and cultural studies

From Hollywood to Heaven Robin Harfouche, 2000. For as far back as she could remember, Robin Harry had been different from other people. She saw things no one else could see, heard things no one else could hear, and possessed the uncanny ability to read people's thoughts. Years later, as a young woman, she dabbled in the psychic realm and was aided by a spirit guide who opened the doors to success in Hollywood. But when a bizarre incident left Robin crippled, perhaps for life, she called to her spirit guide only to find a chilling silence. Contemplating suicide, she was interrupted by an unexpected phone call.

NOLLYWOOD'S PATH TO ASCENSION: lessons From Hollywood's Rise Oluwasegun Babatunde, 2023-08-31. The science is strong, but a test is only as good as the men carrying it out, as said by Valery Legasov in the Chernobyl Mini series. The quote resonates with me, as do the words. Art pieces are as formidable as the quality of work, people, and resources drawn to bring them to life. Motion pictures are among the most radical art forms, and their role as sources of entertainment on both small and big screens speaks volumes. For more than a century, people have been making movies, and this trend will continue as long as people exist. In Nigeria's Nollywood, much has been accomplished, and much more is awaited. Therefore, the need to caution, educate, and take bold steps is greatly warranted. Nollywood's Path To Ascension (NPTA) aims to provide practical guidance and steps to reach the zenith.

Totally Scripted Josh Chetwynd, 2017-02-01. The language of Hollywood resonates beyond the stage and screen because it often has inherent drama or comedic effect. This volume contains a combination of approximately 100 expertly researched essays on words, phrases, and idioms made famous by Hollywood, along with the stories behind 30 or so of the most iconic and ultimately often used quotes from films. There are also sidebars that focus on other ways the entertainment world has changed language. For instance, stories behind stars whose names have been used for drinks: hello, Shirley Temple, or roses, there are ones named after Elizabeth Taylor and Judy Garland, among others. And a sidebar on William Shakespeare's unique contribution to the English language.
