Nicholas Karamzin and Russian Society in the Nineteenth Century J. Laurence Black, 1975-12-15 Nicholas Karamzin 1766 1826 was a remarkably active thinker and writer during a time that was trying to tell all Europeans A first hand witness to the French Revolution Napoleonic suzerainty over Europe the burning of Moscow and the Decembrist revolt in St Petersburg he presented in his voluminous correspondence and published writings a world view that recognized the weaknesses of the Russian Empire and at the same time foresaw the dangers of both radical change and rigid autocracy Russian conservatism owes much to this man even though he would have agreed with very few of those who came after him and were called conservative he supported autocracy but was committed to enlightenment he abhorred constitutions The fact that his writing had lasting significance has rarely been challenged but the social and political nature of that contribution has never before been demonstrated Previous studies of Karamzin have dealt with his literary career This monograph focuses on the final third of his life on his career at court 1816 26 and on the cultural heritage he left to the Russian Empire As the historian of Russia most widely read by his and later generations his historical interpretations mirrored and helped shape the image Russians had of themselves Professor Black's study of Karamzin is crucial to any examination of Russia's enlightenment conservatism historical writing and national self consciousness

Women and Russian Culture Rosalind Marsh, 1998-11-01 The image of women in Russian culture has undergone profound changes from the origins of modern Russian literature in the eighteenth century until the Revolution of 1917 when women were a source of fascination for Russian writers to the socialist realism period during which public discussion of the representation of women in literature rapidly declined and the woman question was declared to have been resolved to a reappraisal of the position of women since the 1980s This collection of essays by leading western and Russian specialists contains new insights and updates previous

research into the role of women in Russian culture in the last two centuries and contributes to two exciting and growing research areas the feminist critique of work by Russian male authors and the study of Russian women writers Moreover whereas most previous studies have concentrated on the aesthetic qualities of works by women writers this collection includes both close textual analysis and the discussion of biographical historical and political questions relating both to the representation of women and women s culture The aim is not to present a unified manifesto but rather to bring together a spectrum of approaches and positions within their common focus on the relationship between women and culture in Russia Contributors R Marsh A Barker J Andrew D Greene I Kazakova C Schuler S Graham K Hodgson N Kolchevska N Cornwell J Curtis M Katz M Ledkovsky P I Barta A Darmodekhina D Gillespie N Zhuravkina B Lanin S Carsten A Tait Dialogues Susan Hardy Aiken,1994 Written over the course of the last four years a lot of examples obviously had to be added to this comparative study of contemporary Soviet and American women writers In each of the volume s major sections two stories one by a contemporary then Soviet woman and one by a contemporary American woman become the focus of two interpretive essays one *Yankees in Petrograd, Bolsheviks in New York* Milla Fedorova,2013-03-15 *Yankees in Petrograd Bolsheviks in New York* examines the myth of America as the Other World at the moment of transition from the Russian to the Soviet version The material on which Milla Fedorova bases her study comprises a curious phenomenon of the waning nineteenth and early twentieth centuries pilgrimages to America by prominent Russian writers who then created travelogues The writers missions usually consisted of two parts the physical journey which most of the writers considered as ideologically significant and the literary fruit of the pilgrimages Until now the American travelogue has not been recognized and studied as a particular kind of narration with its own canons Arguing that the primary cultural model for Russian writers journey to America is Dante s descent into Hell Fedorova ultimately reveals how America is represented as the country of dead souls where objects and machines have exchanged places with people where relations between the living and the dead are inverted Text counter Text Alexander Zholkovsky,1996-05-01 Using structuralist and post structuralist methods this book analyzes a selection of influential Russian texts classical modernist and contemporary as dialogues with earlier works in the light of new cultural contexts **Exploring Gogol** Robert A.
