s history as a disciple of Christ is long and complex His life as a physician surgeon and career military officer Colonel was
built upon a spiritual foundation dating as far back as he can remember or as he puts it at least since a toddler on my mother
s lap in devoted church life Doubting that he ever did consciously not believe in God and Christ as his Savior he does note his
public formal declaration as early as around the age of twelve already well into a Christian life of worship Growing up in the
projects of Bradenton Florida afforded the early honing of prayer skills and spiritual warfare And his subsequent migration
through various Protestant denominations and Catholicism helped him develop a mature view of the commonality of true
worship as well as an appreciation of the divisiveness of bias within the body of Christ He credits non biblical doctrine and
tradition as a severe stumbling block until God finally rescued him from it Now as he makes his rounds through non
denominational fellowships his grey haired perspective advances into senior mentoring and blessing of his brothers and
sisters in his love for the Kingdom of God Long ago recognizing his calling into the office of Teacher he has pursued his
studies and support intermixed with his secular careers always devoted to staying attuned to God s next mission for him He
partners with a devoted wife of 36 years who wears a mutually beneficial gifted intercessory prayer calling as well as being
blessed by gifted callings upon his children equally beneficial and mutually supportive His only pursuit today is to Be Still

collection of wisdom pearls to benefit all Seekers who want to explore the worlds beyond in this lifetime All chapters reveal
the unknown to the Seekers to become the master of their universe If you are bold and adventurous there is nothing you
cannot do or know The old spiritual science presented with a fresh approach can benefit all religious followers The
information provided in this book is the key to the secret worlds How to travel within is explained with diagrams which you
have probably never seen or heard of before God is known to be living in a faraway country but this distance could be as
close as your heartbeat or less than a hair s breadth *Perceptions of Reality* Gregory Calise,2003 Although we are all living
in the same world we are simultaneously each living in our own seperate universe where each person observes himself as the
center of that universe Each person has a unique conditioning and belief structure that create his perspective in which he
views reality The world than interfaces witheach person to create a reality that conforms to his beliefs A person s
conditioning and beliefs affect his attitudes and emotions which then magnetize certain energies that resonate to his state of
being In this way each individual is creating a seperate reality according to his perceptions of truth What we percieve as

reality is only the surface of a much deeper and greater truth Beyond the apparent world lies the essence of life and a vast kingdom of hidden knowledge Our conditioning and beliefs bind us to a certain perspective in which we view our reality Perceptions of Reality show us how we can break free of the bondage of our conditioning that holds us in a life of mediocrity When we become free from this bondage we can change our perspective which in turn changes our perceptions From a higher perspective we can see the larger picture of our lives and the world We will see the circumstances that have created our present reality and the relationships of events and experiences that were previously beyond our horizons of perception From this higher perspective we will perceive the world in a new light It will change before our eyes and interface with us in a new and more positive way We will be able to take control of our lives change our destiny and shape a new future From this higher state of awareness we will discover the portal to access the abstract mind which is the mental function of genius and the doorway to revelation From the perspective of revelation we will open the doors into the absolute realms beyond material time and space and describes the perceptions of God the soul the world and the paths to higher consciousness Perceptions of Reality will show us how to access the abstract mind and open the doorways into revelation creating a new reality full of abundance harmony and joy
