## **From Expectation To Experience Essays On Law And Legal Education:**

From Expectation to Experience (essays on Law & Legal Education). J. B. White, 2003      From Expectation to Experience James Boyd White, 2000 A reflection on law as an intellectual and ethical pursuit      **Legal Education in the United States** Douglas D. Terry, 1983      *Monsters, Law, Crime* Caroline Joan "Kay" S. Picart, 2020-11-18 *Monsters Law Crime* an edited collection composed of essays written by prominent U S and international experts in Law Criminology Sociology Anthropology Communication and Film constitutes a rigorous attempt to explore fertile interdisciplinary inquiries into monsters and monster talk and law and crime This edited collection explores and updates contemporary discussions of the emergent and evolving frontiers of monster theory in relation to cutting edge research on law and crime as extensions of a Gothic Criminology This theoretical framework was initially developed by Caroline Joan Kay S Picart a Philosophy and Film professor turned Attorney and Law professor and Cecil Greek a Sociologist Picart and Greek 2008 Picart and Greek proposed a Gothic Criminology to analyze the fertile synapses connecting the real and the reel in the flow of Gothic metaphors and narratives that abound around criminological phenomena that populate not only popular culture but also academic and public policy discourses Picart s edited collection adapts the framework to focus predominantly on law and the social sciences      **Derivative Lives** Virginia Newhall Rademacher, 2022-07-14 The title of this book *Derivative Lives* alludes to the challenge of finding one s way within the contemporary market of virtually limitless information and claims to veracity Amid this profusion of options it is easy to feel lost in spaces of uncertainty where biographical truth teeters between the real and the imaginative The title thus also points to the prolific market of biographical novels that openly and intentionally play in the speculative space between the real and the fictional Drawing on theories of risk and uncertainty *Derivative Lives* considers the surge in biofiction in Spain and globally relating literary expression to concepts such as circumstantiality derivatives speculation and game studies      **Beyond Postprocess and Postmodernism** Theresa Jarnagi Enos, Keith D. Miller, Jill McCracken, 2003-01-30 *Annotation Volume* illuminates many of the tensions present in the field of rhetoric and composition studies explaining the scope and role of rhetoric in contemporary scholarship For scholars and other individuals interested in rhetoric and composition studies P      **Nussbaum and Law** Robin West, 2017-07-05 The essays collected in this volume reflect the profound impact of Martha Nussbaum s philosophical writings on law and legal scholarship The capabilities approach that she has largely authored has influenced the approach scholars take to the law of disabilities both in the United States and in Canada as well as to international human rights and to domestic private law s protections of vulnerable populations Her analyses of the relationship between our emotions and our thought and action has triggered a re assessment of the legal regulation and recognition of emotion in a range of fields most particularly in the field of criminal law and her writing on the nature of dignity has informed an understanding of the emerging civil rights of gay and lesbian citizens worldwide Our appreciation of the role of narrative in legal thought and discourse and the contributions of literature to law

and legal culture have also been broadened and deepened by her contributions Taken together and including the introduction by the editor the essays collected in this volume demonstrate the far reaching impact of Nussbaum's philosophical oeuvre

*Justice as Attunement* Richard Dawson, 2013-08-09 The meaning of an expression resides not in the expression itself but in the experience of a person's engagement with it Meaning will be different not only to different people but also to the same person at different times This book offers a way of attending to these different meanings This way or method is a version of a trans cultural activity that Richard Dawson calls attunement The activity of attunement involves a movement of self adjustment to a language which a person transforms in her or his use of it Consciously performing the activity can enable understanding of the processes by which we constitute ourselves and others when we use a language This directly connects to the topic justice which is concerned with constituting appropriate selves and relations Justice as Attunement engages with a wide range of texts legal literary economic philosophical among others and illuminates many useful and fascinating connections between them There is a sense in which this book transcends disciplinary boundaries for in addition to students and scholars of law literature economics and philosophy it is written to a general reader who is interested in reflecting on and doing justice to their experiences in life

**The Firm as an Entity** Yuri Biondi, Arnaldo Canziani, Thierry Kirat, 2007-04-12 The book enhances current economic understanding of the firm as an institution and an organization looking beyond the narrow boundaries of neoclassical economics to an interdisciplinary approach based on accounting and law as well as economics itself It represents the first synthesis of the authors research work on the subject

*Louise Erdrich* Deborah L. Madsen, 2011-09-01 Leading scholars critically explore three leading novels by Louise Erdrich one of the most important and popular Native American writers working today

*The Trial on Trial: Volume 1* R A Duff, 2004-12-31 The trial is central to the institutional framework of criminal justice It provides the procedural link between crime and punishment and is the forum in which both guilt and innocence and sentence are determined Its continuing significance is evidenced by the heated responses drawn by recent government proposals to reform rules of criminal procedure and evidence so as to alter the status of the trial within the criminal justice process and to limit the role of the jury Yet for all of the attachment to trial by jury and to principles safeguarding the right to a fair trial there has been remarkably little theoretical reflection on the meaning of fairness in the trial and criminal procedure the relationship between rules of evidence procedure and substantive law or the functions and normative foundations of the trial process There is a need in other words to develop a normative understanding of the criminal trial The book is based on the proceedings of two workshops which took place in 2003 addressing the theme of Truth and Due Process in the Criminal Trial The essays in the book are concerned with the question of whether and in what sense we can take the discovery of truth to be the central aim of the procedural and evidential rules and practices of criminal investigation and trial They are divided into four parts addressing distinct but inter related issues models of the trial Duff Matravers McEwan the meaning of due process Gunther

Dubber the meaning of truth and the nature of evidence Jung Pritchard and legitimacy and rhetoric in the trial Burns Christodoulidis      Legal Education in Asia Andrew J. Harding, Jiaxiang Hu, Maartje de Visser, 2017-11-20 Legal education systems like legal systems themselves were framed across Asia without exception according to foreign models These reflect the vestiges of colonialism and can be said to amount to imitating the style and purposes of legal education typical in Western and relatively pure common law and civilian systems Today however we see Asian legal education coming into its own and beginning to accept responsibility for designing curricula and approaches that fit the region's particular needs This book explores how conventional transplanted approaches as regards program design as well as modes of teaching are or are on the cusp of being reimagined and discerns emerging home grown traces of innovation replacing imitation in countries and universities across East Asia      **Studies in Law, Politics, and Society** Austin Sarat, 2009-11-06 Trials are well known as paradigmatic legal events Some attract wide attention others mostly escape notice This title brings together the work of some of the leading scholars to think about the nature utility and limits of trials      **Stateless Law** Helge Dedek, Shauna Van Praagh, 2016-03-03 This volume offers a critical analysis and illustration of the challenges and promises of stateless law thought pedagogy and approaches to governance that is understanding and conceptualizing law in a post national condition From common civil and international law perspectives the collection focuses on the definition and role of law as an academic discipline and hybridity in the practice and production of law With contributions by a diverse and international group of scholars the collection includes fourteen chapters written in English and three in French Confronting the transnational challenge posed to the traditional theoretical and institutional structures that underlie the teaching and study of law in the university the seventeen authors of *Stateless Law* *Evolving Boundaries of a Discipline* bring new insight to the ongoing and crucial conversation about the future shape of legal scholarship education and practice that is emblematic of the early twenty first century This collection is essential reading for academics institutions and others involved in determining the future roles responsibilities and education of jurists as well as for academics interested in Law Sociology Political Science and Education

*Tax and Corporate Governance* Wolfgang Schön, 2008-03-12 The interaction of taxation and corporate governance is a classical topic and a staple theme at the same time Much has been written in the past on the influence of the tax framework on the choice of legal form for businesses and the structuring of company groups and their contractual obligations But in recent years many other features of this relationship between two different fields of law have emerged First of all tax authorities around the world have become aware of the potential influence of corporate governance rules on the tax strategy of an enterprise Tax in the Boardroom is a keyword for a movement which tries to employ company law and securities law as a tool for governments to fight corporate tax avoidance The concept of corporate social responsibility and its repercussions in the tax arena the allocation of tax competences within a company the requirement to disclose relevant tax information to investors or the necessity to establish a management system for tax risks have given rise to an emerging strand of literature both from an

economic and a legal background This situation has led the Max Planck Institute for Intellectual Property Com titution and Tax Law Department of Accounting and Taxation in Munich to organize a conference on this topic jointly with the International Network for Tax Research and the International Fiscal Association German Branch in December 2006 Entrepreneurship, Finance, Governance and Ethics Robert Cressy, Douglas Cumming, Chris Mallin, 2012-11-07 This book covers topics that are at the intersection of business ethics and governance as they pertain to entrepreneurship and finance It is the first focused work that links entrepreneurship and finance to governance and business ethics rather than explore them separately The chapters highlight with empirical data the strong interplay between ethics in organizational efficiency and financial activity and the role of legal settings and governance in facilitating ethical standards They discuss novel and timely topics particularly given the recent financial crisis and discussions on regulating ethical behaviour This book will encourage future scholars to investigate the role of law and governance in mitigating corruption and facilitating integrity in entrepreneurship and finance **The Language of Law School** Elizabeth Mertz, 2007 Publisher Description *Law and Literature: A Still-thriving Relationship* Pedro Talavera, 2025-04-17 What kind of relationship exists between law and literature Why have so many great jurists and philosophers used literature to explore their own disciplines What were they looking for and what did they find What can law learn from literature and how does literature reflect legal praxis This book takes us on a fascinating journey through those questions and their answers The first part offers a diachronic and thematic overview of the law and literature movement showing how literature has influenced new ways of thinking about law from a narrative hermeneutic humanistic ethical and critical perspective The second part analyzes the value of literature in the education of students lawyers and judges And the third section presents a captivating analysis of the literary notion of justice and the relationship between literature and the economic analysis of law **Searching the Law, 3d Edition** Frank Bae, Edward Bander, Francis Doyle, Joel Fishman, Paul Richert, 2021-12-13 Law and Literature Richard A. Posner, 2009-04-30 Law and Literature is the only book length treatment of a widely popular subject that is drawing considerable academic attention Leading legal scholar Richard Posner believes that courses and scholarship in law and literature provide an attractive alternative to courses and scholarship in jurisprudence philosophy of law especially since the study of literature can assist lawyers and judges by sharpening their rhetorical skills The revised edition features considerable new material including a consideration of plagiarism as well as discussions of novels that grapple with issues very pertinent today such as illegal immigration global warming bioterrorism surveillance artificial reproduction and virtual reality Posner also discusses the role of the law in popular literature movies and television
