From Homer To Tragedy The Art Of Allusion In Greek Poetry:

From Homer to Tragedy Richard Garner, 2015-01-28 The role of poetic allusion in classical Greek poetry to Homer especially has often largely been neglected or even almost totally ignored This book first published in 1990 clarifies the place of Homer in Greek education as well as adding to the interpretation of many important tragedies Focussing on the dramatic masterpieces of Aeschylus Sophocles and Euripides and how these writers imitated and alluded to other poetry the author reveals the immense dependence on Homer which can be seen throughout the corpus of Attic tragedy It is argued that the practice of the art of allusion indicates certain conventions in fifth century Athenian education and perhaps also suggests something in the way of public political and historical self awareness Invaluable to anyone interested in the reception of Homer in the classical age and to students of comparative literature and linguistic theory **Euripides: Iphigenia among the Taurians** Isabelle Torrance, 2019-02-07 In this new student introduction to a Greek tragedy Isabelle Torrance looks at what makes Iphigenia among the Taurians a successful tragedy in ancient Greek terms and how dramatic excitement is achieved through the exotic setting the cast of characters and the chorus Assuming no knowledge of Greek and with students in mind the central themes of ethnicity and gender relations are examined to show how Euripides manipulates established stereotypes The play was one of Aristotle's favourites and his enthusiasm derived from the fact that in spite of its ostensibly happy ending the play presents the audience with an exquisitely constructed reversal of events when Iphigenia recognizes that she has been about to sacrifice her long lost brother kin murder is avoided and the plot turns into an escape drama Other significant concerns of the play surround ritual and the gods and these are discussed to highlight how the drama asks probing theological questions Finally the vast reception history of the play in a variety of genres such as ancient comedy Roman philosophy European opera and 20th century theatre is sketched out from antiquity to the present day **Brill's Companion to Sophocles** Andreas Markantonatos, 2015-03-20 Brill's Companion to Sophocles offers 32 specially commissioned essays from leading international scholars which give critical examinations of the progress and direction of numerous wide ranging debates about various aspects of Sophoclean drama Each chapter offers an authoritative and state of the art survey of current thinking and research in a particular subject area as well as covering a wide variety of thematic angles Recent advances in scholarship have raised new questions about Sophocles and Greek tragedy and have overturned some long standing assumptions Besides presenting a comprehensive and authoritative guide to understanding Sophocles this companion provides scholars and students with compelling fresh perspectives upon a broad range of issues in the field of Sophoclean studies [Homer's Allusive Art](#) Bruno Currie, 2016-10-06 What kind of allusion is possible in a poetry derived from a centuries long oral tradition and what kind of oral derived poetry are the Homeric epics Comparison of Homeric epic with South Slavic heroic song has suggested certain types of answers to these questions yet the South Slavic paradigm is neither straightforward in itself nor necessarily the only pertinent paradigm Augustan Latin poetry uses many sophisticated

and highly self conscious techniques of allusion which can this book contends be suggestively paralleled in Homeric epic and some of the same techniques of allusion can be found in Near Eastern poetry of the third and second millennia BC By attending to these various paradigms this challenging study argues for a new understanding of Homeric allusion and its place in literary history broaching the question of whether there can have been historical continuity in a poetics of allusion stretching from the Mesopotamian epic of Gilgamesh via the Iliad and Odyssey to the Aeneid and Metamorphoses despite the enormous disparities of time and place and of language and culture including those represented by the cuneiform tablet the papyrus roll and by an oral performance culture The fundamental methodological problems are explored through a series of interlocking case studies treating of how the Odyssey conceivably alludes to the Iliad and also to earlier poetry on Odysseus homecoming the Iliad to earlier poetry on the Ethiopian hero Memnon the Homeric Hymn to Demeter to earlier poetry on Hades abduction of Persephone and early Greek epic to Mesopotamian mythological poetry pre eminently the Babylonian epic of Gilgamesh

Tragic Rites Adriana E. Brook, 2018 An analysis of the literary and dramatic function of ritual within the world of Sophocles plays for scholars of Greek tragedy ancient theater and poetics

Roman Constructions Don Fowler, 2000-01-13 Roman Constructions is a collection of studies in Latin literature and literary theory The twelve pieces touch on many of the concerns of contemporary criticism and offer a provocative view of the role of classical scholarship in the contemporary world

A Prophet Reads Scripture Benjamin D. Sommer, 1998 By examining literary allusion in Isaiah 40 66 the author illuminates the changes that led to the demise of biblical prophecy and the rise of hermeneutically based religions in the post biblical era

Beginnings in Classical Literature Francis M. Dunn, Thomas Cole, 1992-03-26 This volume explores the various ways in which literary works begin with essays on nearly all the major genres of Greek and Latin literature including epic and lyric poetry tragedy and comedy history philosophy and biography This collection offers an important perspective by bringing together a variety of authors and a broad range of approaches from formal analysis of opening devices to post structural interpretation

Gendered Politics in Sophocles' Trachiniae Gesthimani Seferiadi, 2022-04-07 This is the first book length examination of the notion of gendered politics in Sophocles Trachiniae Making use of feminist theory and tackling the political nature of the categories of identity culture and sexuality Seferiadi brings the interpretation of Sophocles play up to date with the most recent scholarly developments She discusses the play in the light of its Amazonian and monstrous background and touches upon topics such as marriage and the exchange of women reciprocity within a corroded system of gift exchanges and the dynamics of female silence and the impaired hegemonic masculinity Contributing to the topic of rape in the ancient world this book focuses on sexual violence and the intertwining of marriage and rape from the perspective of tragedy With an Amazon being placed within the civilized arrangement of an oikos the play negotiates the position of the female and advocates the need to expel the monstrous sexualities from the polis Differing from previous analyses this study is a reminder that female subjectivity was less

foreclosed than is often tacitly assumed

Gender and Identity in Franz Grillparzer's Classical Dramas Alicia E. Ellis, 2021-06-10 In this provocative work Alicia E Ellis provides readings of Franz Grillparzer's dramas as proto feminist formulations of female figures who refuse the gendered constraints of the ancient world The revisionist perspectives of the tragedies recover a latent feminist impulse in the stories of Sappho Medea and Hero as identities marked by linguistic refusals Activating new ideas of narrative experience Ellis transports the figure of the female to the seat of language testimony and presence Inflected by a taut impasse with a culture not produced to include female speech Ellis shows how Grillparzer's adaptations of classical materials offer a working theory about the ways in which new forms of language highlight female energy around autonomy and agency providing a corrective to previous cultural practices A failure to comply with social and political norms demonstrates how the three assessed and then resolved exclusionary acts through rebellious discursive performances that frame how contested identities can be thought and reformulated Readings in this study draw from the work of Sara Ahmed and Judith Butler on cultural framing and cultural translation in contemporary feminist critique Ahmed and Butler direct attention to the language of the texts what they mean and how they produce that meaning

Written To Serve Benjamin Sargent, 2015-06-18 The use of Scripture in 1 Peter has been subject to much extensive analysis in the last thirty years In Written to Serve Benjamin Sargent offers an up to date and comprehensive analysis of how 1 Pet 1 10 12 offers a hermeneutic providing an insight into how Scripture is interpreted in the letter Sargent also argues that the relation of 1 10 12 has been misunderstood Rather than offering a Christological hermeneutic with a focus on the suffering and glories of Christ Sargent asserts that the primary importance of 1 10 12 is its orientation of the prophetic witness towards the eschatological community as an act of service Similarly rather than offering a theological narrative of continuity between Israel and Christian communities 1 10 12 may be seen to suggest a narrative of profound discontinuity in which the community in the present is elevated above God's people of the past

Authorship and Cultural Identity in Early Greece and China Alexander Beecroft, 2010-01-25 In this book Alexander Beecroft explores how the earliest poetry in Greece Homeric epic and lyric and China the Canon of Songs evolved from being local oral and anonymous to being textualised interpreted and circulated over increasingly wider areas Beecroft re-examines representations of authorship as found in poetic biographies such as Lives of Homer and the Zuozhuan and in the works of other philosophical and historical authors like Plato Aristotle Herodotus Confucius and Sima Qian Many of these anecdotes and narratives have long been rejected as spurious or motivated by naïve biographical criticism Beecroft argues that these texts effectively negotiated the tensions between local and pan-cultural audiences The figure of the author thus served as a catalyst to a sense of shared cultural identity in both the Greek and Chinese worlds It also facilitated the emergence of both cultures as the bases for cosmopolitan world orders

Three Other Theban Plays Aeschylus, Euripides, 2016-02-11 Though now associated mainly with Sophocles Theban Plays and Euripides Bacchae the theme of Thebes and its royalty was a

favorite of ancient Greek poets one explored in a now lost epic cycle as well as several other surviving tragedies With a rich Introduction that sets three of these plays within the larger contexts of Theban legend and of Greek tragedy in performance Cecelia Eaton Luschnig's annotated translation of Aeschylus *Seven Against Thebes* Euripides *Suppliants* and Euripides *Phoenician Women* offers a brilliant constellation of less familiar Theban plays those dealing with the war between Oedipus sons its casualties and survivors *Aeschylus: Suppliants* Thalia Papadopoulou, 2014-02-25 Aeschylus *Suppliants* dramatises the myth of the fifty daughters of Danaos who flee Egypt and come to Argos as suppliants trying to escape forced marriage to their Egyptian cousins It was long considered to be the earliest surviving tragedy Even after the mid 20th century when new evidence established a later date for the play critics tended to condemn it for its alleged archaic features As a result it has long been underestimated although a careful examination reveals it to be one of the most exciting tragedies This companion employs a variety of critical approaches to set the play in its literary dramatic social and historical contexts and also offers a thorough examination of the performance of the tragedy investigating topics such as stage action music song and dance

Aeschylus' Use of Psychological Terminology Shirley Darcus Sullivan, 1997 Annotation Sullivan classics U of British Columbia analyzes how the 6th 5th BC Greek poet used eight key psychological terms that appear frequently in ancient Greek texts but have a wide range of possible meanings She also compares his use with that of earlier and contemporary poets including Homer Hesiod Pindar and Bacchylides to assess the degree to which his usage was innovative or traditional She very adroitly explains the use of the Greek terms for readers who do not read Greek Canadian card order number C97 900392 X Annotation c by Book News Inc Portland Or **Play It Again, Sam** Andrew Horton, Stuart Y.

McDougal, 2024-03-29 This title was originally published in 1998 *Play It Again Sam* is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies the cinematic remake As cinema enters its second century more remakes are appearing than ever before and these writers consider the full range Hollywood films that have been recycled by Hollywood such as *The Jazz Singer* *Cape Fear* and *Robin Hood* foreign films including *Breathless* and *Three Men and a Cradle* which Hollywood has reworked for American audiences and foreign films based on American works among them Yugoslav director Emir Kusturica's *Time of the Gypsies* which is a makeover of Coppola's *Godfather* films As these essays demonstrate films are remade by other films Alfred Hitchcock went so far as to remake his own *The Man Who Knew Too Much* and by other media as well The editors and contributors draw upon narrative film and cultural theories and consider gender genre and psychological issues presenting the remake as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace The remake flourishes at the crossroads of the old and the new the known and the unknown *Play It Again Sam* takes the reader on an eye opening tour of this hitherto unexplored territory This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist

dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 **The Gorgon's Severed Head** Cecelia Eaton Luschnig, 2018-07-17 The Gorgon's Severed Head looks at three plays of Euripides one early one middle and one late in his career Innovations in genre in the use of the traditional stories in the representation of women and of gender issues are present at every period In all three plays characters are depicted creating themselves and each other Chapter One on *Alceste* looks at the artistry of the two main characters and is especially concerned with finding a role for Admetus the play's most serious problem The second chapter treats the physical displacement of the myth in Euripides version of the *Electra Orestes* story A last section approaches the layers of time and space in *Phoenissae* **Euripides: Cyclops** Euripides, 2020-07-02 A full literary and linguistic commentary suitable for advanced students on the only surviving Athenian satyr play [Euripides: Cyclops](#) Richard Hunter, Rebecca Laemmle, 2020-07-02 Euripides *Cyclops* is the only example of Attic satyr drama which survives intact It is a brilliant dramatisation of the famous story from Homer's *Odyssey* of how Odysseus blinded the Cyclops after making him drunk The play has much to teach us not just about satyr drama but also about the reception and adaptation of Homer in classical Athens the brutal savagery of the Homeric monster is here replaced by an ironised presentation of Athenian social custom Problems of syntax metre and language are fully explained and there is a sophisticated literary discussion of the play This edition will be of interest to advanced undergraduates and graduate students studying Greek literature as well as to scholars **Allusion and Meaning in John 6** Susan Hylen, 2012-02-14 Many interpreters read John 6 as a contrast between Jesus and Judaism Jesus repudiates Moses and manna and offers himself as an alternative In contrast this monograph argues that John 6 places elements of the Exodus story in a positive and constructive relationship to Jesus This reading leads to an understanding of John as an interpreter of Exodus who like other contemporary Jewish interpreters sees current experiences in light of the Exodus story This approach to John offers new possibilities for assessing the gospel's relationship to Jewish scripture its dualism and its metaphorical language

The Enigmatic Realm of **From Homer To Tragedy The Art Of Allusion In Greek Poetry**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **From Homer To Tragedy The Art Of Allusion In Greek Poetry** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.
