**Terry C. Jones**

### **From Many One Readings In American Political And Social Thought:**

**From Many, One** Richard C. Sinopoli,1996-12-30 Unique among readers in American political and social thought From Many One is a broad and balanced anthology that explores the problem of diversity and American political identity throughout American history From the classic texts of the American political tradition to diverse minority writings this book offers a wide spectrum of ideas about identity gender immigration race and religion and addresses how these issues relate to the concept of national unity Covering the gamut of viewpoints from majority to minority from conservative to radical from assimilationist to separatist the authors range from the Founding Fathers to Frederick Jackson Turner from Abigail Adams to bell hooks and Catharine MacKinnon from Abraham Lincoln to Malcolm X from Roger Williams to Ralph E Reed Sinopoli s extensive introductory and concluding essays set the context for and draw out the implications of the fifty readings The conclusion includes case studies of three minority groups homosexuals Mexican Americans and Chinese Americans to illustrate further the themes of the volume Brief introductions to each reading and to each of the five sections provide background information In examining one of the central questions of American public life the issue of national diversity From Many One will be a useful text for courses in American political thought sociology American Studies and American history

New Narratives on the Peopling of America T. Alexander Aleinikoff,Alexandra Delano,Alexandra Délano Alonso,2024-01-30 This work comprises essays from a wide range of perspectives from scholars to poets to create an engaging text that challenges readers on both sides to move beyond a simplistic understandings of immigration history and policy

**Classical Theorists in the Social Sciences** Dejo Abdulrahman,2023-05-05 This book is a useful companion to every social science student who desires an understanding of classical theoretical developments in and evolution of the disciplines

Faith, Morality, and Civil Society Dale McConkey,Peter Augustine Lawler,2003-06-05 In this rich collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society

*Ex Uno Plura* James T. McHugh,2012-02-01 State constitutions have become increasingly important in light of recent trends in jurisprudence that favor decentralizing the American federal system Ex Uno Plura uses a political culture approach to explore eight state constitutional traditions McHugh argues that state jurisprudence is not merely a reflection of the process values and decisions found at the federal level especially through

the influence of the Fourteenth Amendment A close examination of separate state constitutions including their origins sociopolitical cultures and jurisprudence reveals historically culturally and philosophically unique characteristics each of which will contribute to the ongoing debate concerning American judicial federalism The states included are Alaska California Georgia Hawaii Louisiana Utah Vermont and Wyoming

**Democracy at the Crossroads** Cameron White, Roger Openshaw, 2007-01-01 In *Democracy at the Crossroads* the editors argue that there have been too few scholarly attempts to provide a comprehensive critique of the assumptions behind citizenship education In particular they ask the distinguished contributors to this volume to address difficult but essential questions that are often avoided or intentionally overlooked What do all embracing terms like global citizenship really mean What does democracy mean internationally A timely work *Democracy at the Crossroads* provides a necessary examination and re interpretation of international perspectives on democracy and global citizenship as they apply to social education

**Political Peoplehood** Rogers M. Smith, 2015-09-11 For more than three decades Rogers M Smith has been one of the leading scholars of the role of ideas in American politics policies and history Over time he has developed the concept of political peoples a category that is much broader and more fluid than legal citizenship enabling Smith to offer rich new analyses of political communities governing institutions public policies and moral debates This book gathers Smith s most important writings on peoplehood to build a coherent theoretical and historical account of what peoplehood has meant in American political life informed by frequent comparisons to other political societies From the revolutionary era adoption of individual rights rhetoric to today s battles over the place of immigrants in a rapidly diversifying American society Smith shows how modern America s growing embrace of overlapping identities is in tension with the providentialism and exceptionalism that continue to make up so much of what many believe it means to be an American A major work that brings a lifetime of thought to bear on questions that are as urgent now as they have ever been *Political Peoplehood* will be essential reading for social scientists political philosophers policy analysts and historians alike

*Pursuing the American Dream* Calvin C. Jillson, 2004 Marked by continuity renewal and expansion the image of the Dream Jillson contends has been remarkably constant since well before the American Revolution an image of a nation offering a better chance for prosperity than any other His book reveals how that Dream has motivated our nation s leaders and common citizens to move sometimes grudgingly toward a more open diverse and genuinely competitive society

*Social Issues in America* James Ciment, 2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a

bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates

**The American Dream** Cal Jillson, 2016-11-18 Life liberty and the pursuit of happiness these words have long represented the promise of America a shimmering vision of a fruitful country open to all who come learn work save invest and play by the rules In 2004 Cal Jillson took stock of this vision and showed how the nation's politicians deployed the American Dream both in campaigns and governance to hold the American people to their program Full of startling ideas that make sense NPR's senior correspondent Juan Williams remarked Jillson's book offered the fullest exploration yet of the origins and evolution of the ideal that serves as the foundation of our national ethos and collective self image Nonetheless in the dozen years since *Pursuing the American Dream* was published the American Dream has fared poorly The decline of social mobility and the rise of income inequality to say nothing of the extraordinary social political and economic developments of the Bush and Obama presidencies have convinced many that the American Dream is no more This is the concern that Jillson addresses in his new book *The American Dream In History Politics and Fiction* which juxtaposes the claims of political social and economic elite against the view of American life consistently offered in our national literature Our great novelists from Nathaniel Hawthorne and Herman Melville to John Updike Philip Roth Toni Morrison and beyond highlight the limits and challenges of life the difficulty if not impossibility of the dream especially for racial ethnic and religious minorities as well as women His book takes us through the changing meaning and reality of the American Dream from the seventeenth century to the present day revealing a distinct sustained separation between literary and political elite The American Dream Jillson suggests took shape early in our national experience and defined the nation throughout its growth and development yet it has always been challenged even rejected in our most celebrated literature This is no different in our day when what we believe about the American Dream reveals as much about its limits as its possibilities

**Mourning in America** David W. McIvor, 2016-10-20 In *Mourning in America* McIvor addresses significant and urgent questions about how citizens can mourn traumatic events and enduring injustices in their communities McIvor offers a framework for analyzing the politics of mourning drawing from psychoanalysis Greek tragedy and scholarly discourses on truth and reconciliation

**Public Budgeting in the United States** Steven G. Koven, 1999-09-07 Budgeting has long been considered a rational process using neutral tools of financial management but this outlook fails to consider the outside influences on leaders behavior Steven G Koven shows that political culture moralistic traditionalistic individualistic and ideological orientations liberal vs conservative are at least as important as financial tools in shaping budgets Koven examines budget formation at the national state and local levels to demonstrate the strong influence of attitudes about how public money should be generated and spent In addition to statistical data the book includes recent case studies the 1997 budget agreement Governor George W Bush's use of the budget process to advance a conservative policy agenda in the state of Texas and Mayor Marion Barry's abuses of power in Washington D C Koven demonstrates that administrative principles are

at best an incomplete guide for public officials and that budgeters must learn to interpret signals from the political environment

The Presidency and the Politics of Racial Inequality Russell Lowell Riley, Russell Lynn Riley, 1999 The U S occupation of Japan transformed a brutal war charged with overt racism into an amicable peace in which the issue of race seemed to have disappeared During the Occupation the problem of racial relations between Americans and Japanese was suppressed and the mutual racism transformed into something of a taboo so that the two former enemies could collaborate in creating democracy in postwar Japan In the 1980s however when Japan increased its investment in the American market the world witnessed a revival of the rhetoric of U S Japanese racial confrontation Koshiro argues that this perceived economic aggression awoke the dormant racism that lay beneath the deceptively smooth cooperation between the two cultures This pathbreaking study is the first to explore the issue of racism in U S Japanese relations With access to unexplored sources in both Japanese and English Koshiro is able to create a truly international and cross cultural study of history and international relations

**No Place in Time** Sharon B. Oster, 2018-11-12 An exploration of the temporal function that the Jew plays in literature No Place in Time The Hebraic Myth in Late Nineteenth Century American Literature examines how the Hebraic myth in which Jewishness became a metaphor for an ancient pre Christian past was reimagined in nineteenth century American realism The Hebraic myth while integral to a Protestant understanding of time was incapable of addressing modern Jewishness especially in the context of the growing social and national concern around the Jewish problem Sharon B Oster shows how realist authors consequently cast Jews as caught between a distant past and a promising American future In either case whether creating or disrupting temporal continuity Jewishness existed outside of time No Place in Time complicates the debates over Eastern European immigration in the 1880s and questions of assimilation to a Protestant American culture The first chapter begins in the world of periodicals an interconnected literary culture out of which Abraham Cahan emerged as a literary voice of Jewish immigrants caught between nostalgia and a messianic future outside of linear progression Moving from the margins to the center of literary realism the second chapter revolves around Henry James s modernization of the noble Hebrew as a figure of mediation and reconciliation The third chapter extends this analysis into the naturalism of Edith Wharton who takes up questions of intimacy and intermarriage and places the Jew at the nexus of competing futures shaped by uncertainty and risk A number of Jewish female perspectives are included in the fourth chapter that recasts plots of cultural assimilation through intermarriage in terms of time if a Jewish past exists in tension with an American future these writers recuperate the Hebraic myth for themselves to imagine a viable Jewish future No Place in Time ends with a brief look at poet Emma Lazarus whose understanding of Jewishness was distinctly modern not nostalgic mythical or dead No Place in Time highlights a significant shift in how Jewishness was represented in American literature and as such raises questions of identity immigration and religion This volume will be of interest to scholars of nineteenth and turn of the century American literature American Jewish literature and literature as it intersects with immigration religion or

temporality as well as anyone interested in Jewish studies      The Raging Erie Mark S. Ferrara, 2024-07-02 The completion of the Erie Canal in 1825 was a monumental achievement Linking the Great Lakes to the Atlantic Ocean it transformed New York City into a hub of international trade drove the rise of industrial cities in once sparsely populated areas and accelerated the westward expansion of the United States Yet few of the laborers who toiled along the canal shared in the prosperity it brought Mark S Ferrara tells the stories of the ordinary people who lived worked and died along the banks of the canal emphasizing the forgotten role of the poor and working class in this epochal transformation The Raging Erie chronicles the fates of the Native Americans whose land was appropriated for the canal the European immigrants who bored its route through the wilderness and the orphan children who drove draft animals that pulled boats around the clock Ferrara also shows how the canal served as a conduit for the movement of new ideas and religions a corridor for enslaved people seeking freedom via the Underground Railroad and a spur for social reform movements that emerged in response to the poverty and suffering along its path Brimming with vivid characters drawn from the underbelly of antebellum life The Raging Erie explores the social dislocation and untold hardships at the heart of a major engineering feat shedding light on the lives of the canallers who toiled on behalf of American expansion      **A Dangerous Passion** Haig Patapan, 2021-05-01 A Dangerous Passion argues that leadership and honor are mutually constitutive and that this dynamic relationship fundamentally shapes the character of political practice Haig Patapan shows how our contemporary blindness to this leadership honor dynamic and neglect of the significance of honor and shame in modern politics have caused us to fundamentally misunderstand the nature of leadership We have lost sight of how honor shapes the ambitions and aspirations of those who seek political office and the opportunities and limits it imposes on leaders when engaging with their followers What has been obscured are the two faces of honor how it is the dangerous passion that fuels the ambitions of the glory seekers to pursue tyranny and empire as well as being the source of good leadership that is founded on noble ambition and sacrifice for the common good Patapan examines classical magnanimity Machiavellian glory and Hobbesian dispersed leadership views that continue to be debated and then offers insights from these debates to illuminate a series of contemporary political challenges for leaders including the politics of fame identity and nationalism      **Faith and Slavery in the Presbyterian Diaspora** William Harrison Taylor, Peter C. Messer, 2016-01-28 Faith and Slavery in the Presbyterian Diaspora considers how in areas as diverse as the New Hebrides Scotland the United States and East Central Africa men s and women s shared Presbyterian faith conditioned their interpretations of and interactions with the institution of chattel slavery The chapters highlight how Presbyterians reactions to slavery which ranged from abolitionism to indifference to support reflected their considered application of the principles of the Reformed Tradition to the institution Consequently this collection reveals how the particular ways in which Presbyterians framed the Reformed Tradition made slavery an especially problematic and fraught issue for adherents to the faith Faith and Slavery by situating slavery at the nexus of Presbyterian theology and practice offers a fresh perspective on the relationship

between religion and slavery It reverses the all too common assumption that religion primarily served to buttress existing views on slavery by illustrating how groups and individuals reactions to slavery emerged from their understanding of the Presbyterian faith The collection s geographic reach encompassing the experiences of people from Europe Africa America and the Pacific filtered through the lens of Presbyterianism also highlights the global dimensions of slavery and the debates surrounding it The institution and the challenges it presented Faith and Slavery stresses reflected less the peculiar conditions of a particular place and time than the broader human condition as people attempt to understand and shape their world

**A Nation Under God?** R. Bruce Douglass, Joshua Mitchell, 2000 A Nation under God is a collection of original essays by political and legal theorists on the future of religion as an active influence in American public life This book displays a distinctive set of arguments on topics that range from the ethics of religious witness in public life to the future of civil religion in America

**Race, Racism, and International Law** Devon W. Carbado, Kimberlé Williams Crenshaw, Justin Desautels-Stein, Chantal Thomas, 2025-08-19 What would it look like to place race at the center of international legal scholarship From its inception in the 70s and 80s critical race theory s target was the field of law revealing it to be a repository for racial power This particular critique of law was explosive because of law s putatively apolitical status making it a unique site for an intellectual sit in that has forever changed the way that race and racism are understood in American society Several decades later as indicators of populism and white nationalism spread across North America and Europe critical race theory remains markedly absent from discourses in global affairs and international law This volume opens the door for CRT to enter the international sphere Featuring contributions from 30 of today s leading scholars from around the world Race Racism and International Law explains how the concept of racial difference sits at the foundation of the legal political and social structures of hierarchy that shape the contemporary global order Helmed by four pioneering experts two in CRT and two in international law the volume s approach targets regimes of power and violence that implicate racism capitalism and colonialism This volume lays the groundwork for urgent and provocative new modes of critique and analysis

Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America s complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what Christian Nation The United States in Popular Perception and Historical Reality does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or

complimentary views of various Founding Fathers to arrive at the answers and at long last the truth

### **From Many One Readings In American Political And Social Thought Introduction**

In the digital age, access to information has become easier than ever before. The ability to download From Many One Readings In American Political And Social Thought has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From Many One Readings In American Political And Social Thought has opened up a world of possibilities. Downloading From Many One Readings In American Political And Social Thought provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From Many One Readings In American Political And Social Thought has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From Many One Readings In American Political And Social Thought. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading From Many One Readings In American Political And Social Thought. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From Many One Readings In American Political And Social Thought, users should also consider the potential security risks associated with

online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From Many One Readings In American Political And Social Thought has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About From Many One Readings In American Political And Social Thought Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Many One Readings In American Political And Social Thought is one of the best book in our library for free trial. We provide copy of From Many One Readings In American Political And Social Thought in digital format, so the resources that you find are reliable. There are also many Ebooks of related with From Many One Readings In American Political And Social Thought. Where to download From Many One Readings In American Political And Social Thought online for free? Are you looking for From Many One Readings In American Political And Social Thought PDF? This is definitely going to save you time and cash in something you should think about.
