Friend Like You:

A Friend Like You Frank Murphy, Charnaie Gordon, 2021-08-15 There s nothing in the world like a wonderful friend Friends are there to laugh with you and ready with a hug when you need one Adventure friends and study friends There are forever friends and brand new friends In this book celebrate ALL the marvelous ways to be a friend *Wishes* Jessica R. Colby, 2011-07 What do you wish for Maybe it s something you want to have or want to do Or maybe what you wish for is to go back in time and change something In *Wishes* author Jessica Colby discusses these themes and more in her collection of heartfelt poetry It would be great to have a magic genie to grant us three wishes so we could redo certain things but it doesn t work that way What we can do is use our experiences to grow and become stronger *Developing Early Maths Through Story* Marion Leeper, 2019-12-17 Stories and rhymes put maths into context and demonstrate concepts in ways meaningful to children They make maths more relevant fun and accessible to children sparking their imagination while developing their mathematical thinking *Developing Early Maths through Story* is the new guide to help practitioners feel more confident about teaching early mathematics Ideal for use with 3 5 years old the book will encourage young learners to exercise mathematical concepts both outdoors and indoors and show practitioners how to help their children and develop their skills creatively The book contains 14 chapters on numbers 0 to 13 each including A brief outline of a traditional story EYFS Learning objectives Resources needed Suggestions for younger children and babies Scope for outdoor activities and for using natural materials Further activities games and extension questions Suggestions for using ICT Assessment opportunities Ideal for parents and carers who want to explore or extend the learning of maths at home with their children in a very accessible and enjoyable way *Poem Book from a Soldier* John Adams, 2021-01-04 Poems from a Soldier Twenty years active duty in the Army The best in four different MOS s broke the security messages from the White House also top C A agent in the Army I could have been in the USA **Deep Secrets** Niobe Way, 2011-03-15 Boys are emotionally illiterate and don t want intimate friendships In this empirically grounded challenge to our stereotypes about boys and men Niobe Way reveals the intense intimacy among teenage boys especially during early and middle adolescence Boys not only share their deepest secrets and feelings with their closest male friends they claim that without them they would go wacko Yet as boys become men they become distrustful lose these friendships and feel isolated and alone Drawing from hundreds of interviews conducted throughout adolescence with black Latino white and Asian American boys *Deep Secrets* reveals the ways in which we have been telling ourselves a false story about boys friendships and human nature Boys descriptions of their male friendships sound more like something out of *Love Story* than *Lord of the Flies* Yet in late adolescence boys feel they have to man up by becoming stoic and independent Vulnerable emotions and intimate friendships are for girls and gay men No homo becomes their mantra These findings are alarming given what we know about links between friendships and health and even longevity Rather than a boy crisis Way argues that boys are experiencing a crisis of connection because they live in a culture

where human needs and capacities are given a sex female and a sexuality gay and thus discouraged for those who are neither Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and fundamental human skills The Methuen Drama Anthology of Modern Asian Plays Kevin J.
