From Africa With Love An Autobiography Of Herman X:

From Africa, with Love Herman X, Herman Yenwo, 2004-05 *From Africa With Love* chronicles the biography of a young man born in the African savannah to a single mother. He grows up poor but proud of the high morals he learns from his grandparents. The death of his beloved Grand Pa Michael is the turning point of his young life as he is moved abroad to live with a hopeless stepfather. He rejects this new environment which tortures his conscience and transfers from one school to another. Despite all odds, Herman graduates from St Paul's High School in summer 1976 and goes on to work at a tobacco company to earn money for college. He struggles hard and is rescued by his favorite Uncle Ivo who sends him overseas where he focuses on education and excels. The content appeals to any and everyone. It is a well-written tool for educators seeking to expose their students to life in other cultures and to the real world of a child born to a single parent. It is a very moving story and a thought-provoking compilation of true life experiences that are amazingly intriguing yet entertaining.

Compassionate Love in Intimate Relationships Josiane M. Apollon, 2021-12-29 Drawing on interviews conducted with Black couples in the United States, this book explores relational resilience and identifies unique adaptation strategies that enable couples to overcome the multigenerational effects of violence and sexual mass trauma from slavery and activates compassionate love in flourishing relationships. By applying Appreciative Inquiry (AI) methodology and family systems theory, the book captures the spiritual, emotional, and sexual dimensions in Black couple systems that gives meaning to their resilient relationships in the context of contemporary America. Within the framework of compassionate love, the book highlights the need for researchers and clinicians to include the broader cultural contexts in their sexual trauma-informed studies and interventions. Using genetic studies and empirical evidence, the volume contributes significantly to discussion around Black relationships and historical trauma and to the broader challenges within race relations in the United States. This book will benefit researchers, academicians, and clinicians with an interest in sexual trauma, marriage, and family therapy, and couples counseling more broadly. Readers will also find this book useful when designing research in Black studies, intergenerational issues, or sexual intimacy.

Extremists for Love J. T. Young, 2024-08-23 The histories of race and religion in America are inextricably intertwined. From the antebellum South to the civil rights era and the modern BlackLivesMatter movement, Christianity has played a key role. It may be tempting to believe, in light of the way far-right politics has hijacked Christian language and ideas in recent decades, that religion was used exclusively as an oppressive tool. But the ways in which Christianity played a key role in active resistance to white supremacy from its earliest days cannot be overlooked. *Extremists for Love* gives readers a critical overview of twenty central figures from the history of the Black liberation struggle in the United States, exposing the theological trappings of their work and what they mean for the church today. Accessible in style and academic in quality, this

volume examines civil rights activists scholars theologians pop culture icons and collectives who either implicitly or explicitly deployed Christian ideas in their work for black liberation

Elwood Dunn, 2020-05-13 This study is a sequel to *A History of the Episcopal Church in Liberia 1821 1980* 1992 It is a narrative shaped by contexts context of the Episcopal Church and its Christian witness through the episcopacies of Diocesan Bishops George Daniel Browne Edward Wea Neufville II and Jonathan B B Hart the context of a modernizing Liberia plunged into unprecedented political violence by a military coup d etat in 1980 and a devastating civil war that ensued and consumed the country for some 14 years and the context of shifting external ties with the American

African-American Writers Philip Bader,2014-05-14 African American authors have consistently explored the political dimensions of literature and its ability to affect social change African American literature has also provided an essential framework for shaping cultural identity and solidarity From the early slave narratives to the folklore and dialect verse of the Harlem Renaissance to the modern novels of today **The Nation and Athenæum** ,1923 **Force, Religion, and the Quest for African American Justice** Daniel A.
