From Aristotelian Reaganomics A Dictionary Of Eponyms With Biographies In The Social Sciences:

From Aristotelian to Reaganomics R. C. S. Trahair, 1994 This reference provides a detailed listing of eponyms in the social sciences along with entries for some toponyms The work includes terms from a broad range of social sciences including anthropology economics education history political science religious studies and sociology The entries are arranged alphabetically Each begins with a brief definition of the term followed by a discussion of the term s history and significance The entry then provides biographical information for the person from whose name the entry was derived A brief bibliography concludes each entry and the dictionary closes with lists of entries arranged by category and a selected bibliography of works on eponyms Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world s leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries *Dictionary of Historical Allusions and Eponyms* Dorothy Auchter, 1998-06 Drawing from history folklore cultural traditions and linguistics this dictionary illuminates over 550 terms such as scapegoat John Hancock peeping Tom nepotism and many others **Encyclopedia of Cold War Espionage, Spies, and Secret Operations** Richard C. Trahair, 2004-09-30 Everybody spied on everybody else during the Cold War France had agents in the U S China had agents in East Germany Poland had agents in Great Britain and the U S and the U S S R had agents everywhere in governments in industry in the military and within each other s and their own intelligence agencies A Z entries provide a fascinating glimpse into the subterranean world events people and operations of the Cold War Cold War espionage was a nightmare of errors seen darkly in a wilderness of mirrors raining desperate deceptions in a climate of treason with assassins trading in treachery using hidden hands running invisible governments As fascinating as it was lethal this labyrinthian world is still masked in mystery A good amount is known and knowable however and this encyclopedia offers up the latest and most up to date information available drawn from scholarship memoirs and journalism Everybody spied on everybody else during the Cold War France had agents in the U S China had agents in East Germany Poland had agents in Great Britain and the United States and the U S S R had agents everywhere in governments in industry in the military and within each other s and their own intelligence

agencies A Z entries provide a fascinating glimpse into the subterranean world events people and operations of the Cold War Close to 300 hundred entries provide vivid summaries of hazardous careers both long and tragically brief of betrayal and double cross and of diplomatic maneuvering so freighted with deception and cunning it sometimes seems unreal Every entry concludes with suggested readings and is thoroughly cross referenced A thematic guide quickly directs users to Affairs Crises Disasters Hoaxes and Scandals Agents of Influence Spies Spymasters and Informants by nationality Assassins and Assassinations Covert Operations Defectors to the East and West Double Agents Fictional Agents and Operations Honeytraps Spy Exchanges Victims of Covert Operations and Women Spies and Agents It contains an extensive annotated chronology and is thoroughly indexed This encyclopedia will be immensely helpful to students and researchers of the seamier side of 20th century world history Cold War history and world politics

Utopias and Utopians Richard C.S. Trahair,2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume

Behavior, Technology, and Organizational Development Richard Trahair,2017-09-08 Eric Trist was a psychologist social scientist and a leading figure in the field of organizational development He was a founding member of the Tavistock Institute of Human Relations in London and spent many years in United States academia This book delves into Trist s life to examine the evolution of his work and how he applied social science theory knowledge and methods to the organization of working life and its management Richard Trahair outlines Trist s socio technical theory of organization and how it applies to the turbulent environment that modern managers face Trahair begins with Trist s educational career in England and his attitude toward American and English education He also describes Trist s work to improve the United Kingdom s Army s method of selecting men for officer training in wartime and his role in the establishment of the Civil Resettlement Units in England In place of the traditional technology driven bureaucracy of industry Trist recommended that social science researchers help reorganize industries on socio technical lines Trist provided convincing evidence that organizations dominated by traditional attitudes were inefficient and unsatisfactory He made it clear that seeing workers as little more than costly extensions of machines and the industrial environment as nothing but a set of competitive market forces seriously limited potential for growth

Machiavelliana Michael Jackson,Damian Grace,2018-06-05 In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli s name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and

primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children s books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli s reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli

Political Deference in a Democratic Age Catherine Marshall, 2021-01-13 This book explores the concept of deference as used by historians and political scientists Often confused and judged to be outdated it shows how deference remains central to understanding British politics to the present day This study aims to make sense of how political deference has functioned in different periods and how it has played a crucial role in legitimising British politics It shows how deference sustained what are essentially English institutions those which dominated the Union well into the second half of the twentieth century until the post 1997 constitutional transformations under New Labour While many dismiss political and institutional deference as having died out this book argues that a number of recent political decisions including the vote in favour of Brexit in June 2016 are the result of a deferential way of thinking that has persisted through the democratic changes of the twentieth century Combining close readings of theoretical texts with analyses of specific legal changes and historical events the book charts the development of deference from the eighteenth century through to the present day Rather than offering a comprehensive history of deference it picks out key moments that show the changing nature of deference both as a concept and as a political force
